The Most Livable City in America

July 11, 2015

Dear Montana – Greenbrier RSVP Resident:

The City of Saint Paul Street Design and Construction department would like to thank you for your patience during the suspension of the Montana-Greenbrier project.

We are happy to inform you that we expect work to resume sometime in August, with the completion of the project in September. Temporary stop signs will be removed after the traffic circles have been completed, and temporary No Parking signs will be posted before the final layer of asphalt is placed.

This has been a large-scale project with unforeseen challenges along the way. We hope you will find the new roads to be worth the inconveniences experienced.

Thank you,

DANIEL A. HAAK

Daniel A. Haak
Assistant City Engineer
City of Saint Paul
Department of Public Works
Street Design and Construction Division
