Class Description:
RPS is a preschool recreation program for children ages 2-4 years. The program runs on a school year calendar. Our daily activities include free time, academic discovery areas, creative arts areas, circle time, snack, art projects, and large motor movement in the gym or outdoor playground.
The programs objective is to provide a quality environment for the total development of the child with special emphasis on the development of a positive self-image. A variety of activities are provided to encourage language, cognitive, gross motor, fine motor and social skills.
The program & environment is designed to encourage children to freely choose activities and interact with other children.
Children participating in this program will: HAVE FUN, be encouraged to play with others, feel good about themselves, learn problem solving skills, be valued and respected by other children & teachers.

Contact Linwood for space availability.
