Our paper is uniquely eco-friendly in that it is composed of 60% wheat-straw and 40% FSC (Forest Stewardship Council) certified wood pulp. Since 60% fewer trees are cut to make our paper in the beginning and it is made of an agro-residue, wheat-straw, we believe we are one of the most eco-friendly papers available today. We thus can and do reduce the carbon footprint of virtually any business that uses our paper. ; | MBE |
