Mr. McCarthy,

Secretary

I'm writing on behalf of Summit-University Planning Council to offer our support for the Western Avenue Streetscape proposal. For several years now, SUPC has supported this project. It is a part of a longstanding commitment that we took on after the Western Park assesement in 2006.

North-South connections are vital to the Summit-U community. Interstate-94 provides a significant physical barrier to traveling the entire distance of the neighborhood. We believe that University Avenue and Selby Avenue should serve as complementary commercial corridors and fully support endeavors to link the two. Western Avenue presents an unique opportunity to do so.
