

On June 2, 2010, the LMSC met at the Saint Paul Public Works Municipal Garage at 891 Dale Street. We were welcomed by Rich Lallier, Interim Public Works Director and Tom Bosman. Rich Lallier gave us an overview of the various types of work that the Public Works Department performs for the City of Saint Paul. Mark Cahill gave us a tour of the municipal garage. It was a very informative morning. Attached are a few pictures from our meeting.
