Subject: Support for Circus Juventus

Dear Daley Lehmann,

We are writing in support of the expansion of Circus Juventus's Big Top and the funding being reviewed by a citizen panel for a CIB grant. Two of our children have participated in Circus Juventus for years. It has become a central part of their identity and personal growth. Our oldest son wrote his college essay based on his positive experiences with Circus. Truly this unique program is a gem for our city and we encourage you to do everything possible to keep it in St. Paul.

Sincerely,

Adam and Rachel Stock Spilker

Subject: Support of Circus Juventas

Hi Michele - As a long-time Circus parent and Saint Paul resident, I was so excited to hear that negotiations are back on to keep Circus Juventas in our Saint Paul. What a gem for our city!

I am writing to express my support the CIB proposal that Circus Juventas is working on with your office. Circus Juventas is a such a great way to bring non-Saint Paulites to our city and fort them to be wowed and amazed with the programming, but also the insight of our city and parks community to have developed such a unique partnership.

If there is more I might offer, please don't hesitate to be in touch.

Best,

--Catherine

Hi,

We are writing to you in support of Circus Juventas and their funding proposal. We are St. Paul residents and proud supporters of Circus. Our sons have been involved in circus for 4 years now and we are thrilled to have such a unique organization in St Paul. This organization places kids into careers in the performance arts, but, more importantly, allows each and every child, regardless of their innate athletic abilities, who participates in their programs to develop the skills and the confidence to shine in their chosen path. Circus is a very successful organization and Ned's the support of the city to continue to grow and expand. We support them and hope that you will considered supporting them as well Thank You Yvonne Grierson S. Dana James

Subject: Please consider supporting the expansion of Circus Juventus

Hello

As a citizen of St. Paul and a parent of a student in Circus Juventus, I encourage you to consider the grant requests for this incredible program. As an educator, I know first hand the powerful impact that challenging hands on opportunities are for our kids. Circus Juventus programming is a prime example of this type of learning by doing. Though I understand there are space constraints and many other needs, please consider this program for

Neighborhood STAR and Capital Improvement Budget (CIB) grants

Thank you

Dear Daley Lehmann,

As a St. Paul resident, Circus Juventus is a very important fixture in our family and the community at large. It is a big reason we love St. Paul. We go to shows and participate in classes. We appreciate the arts, culture and international diversity it brings to St. Paul and exposes our children to. It is an inclusive community that is representative of the St. Paul and the great twin cities community at large. With increasing popularity and attendance there is a huge need for expansion. PLEASE SUPPORT THE FINANCIAL NEEDS FOR THIS PROPOSED EXPANSION. Circus Juventus is very meaningful to our family and our highland park neighbors.

Thank you,
Ellis Rausch

Daley Lehmann

Dear Daley,

I know how difficult it is to have to make decisions about grants to organizations in St. Paul. As someone who has served on the CIB and also developed and reviewed numerous proposals I appreciate the time and thoughtful effort that goes into each and every decision. Your time and energy are some of the most valuable things you can give to the world. That's why I'm writing to you to strongly support the application from Circus Juventus.

We are very fortunate, here in Minnesota, to have support for the arts. But what makes Circus Juventus unique from other youth performing arts? As a mom with a child who has been there for 7 years I can tell you that it draws in diverse children from all over the metro area. I went to one of the spring performances last night and as usual, was awestruck by the amount of children who perform - gloriously - to the best of their abilities. Circus Juventus attracts children that have all kinds of abilities and each and everyone performs! Their confidence grows and sparkles!

My son is also able to do work-study to help pay for some of his classes. He's gaining numerous skills working as an assistant coach with younger children and on the clean-up crew. He's always been encouraged and has a wonderful committed group of coaches that have helped him be his best. Circus Juventus helps children learn about their own health and nutrition and the importance of staying active throughout their lives.

You are no doubt aware of the reputation Circus Juventus has throughout the country and the world. It attracts professional coaches from Russia, Mongolia, China, Morocco and the US. The sheer numbers of students - over 1,000 - and their volunteer parents - hundreds are proof that the school is an important and extremely unique asset to St. Paul.

In a world of tough decisions, supporting the next generation is an easy one. These kids are our future leaders. At Circus Juventus they are learning leadership, strength, collaboration, cooperation and how to shine. Support from St. Paul's CIB will insure that Circus Juventus will continue to provide their valuable programs for our children and our city.

Thank you for reviewing my comments. Please do not hesitate to contact me if I can provide further information or clarification.

Sincerely,

Deborah McLaren

Subject: Circus Juventas NEEDS YOU !

Goof afternoon and Happy Friday!

I am sending you a note to let you know why Circus Juventas is so important to me and my family. We discovered this amazing organization about 6 years ago. We went to a spring show and from that night we were hooked. Circus Juventas creates something special with and for the children they work with and who attend their classes. We travel an hour there and back to Circus every week for this experience.

What this has done for my children's self-esteem and confidence is indescribable. Building confidence, strength, independence and balanced young people is just one of the many cores of Circus Juventas. This organization is a pillar in the community of the Highland neighborhood and the city of St. Paul would be doing an injustice to many not to work with Circus Juventas to help them expand to meet their current space, demands. Circus Juventas could leave St. Paul and go elsewhere but I don't think that is the right decision.

Please do everything in your power to make this expansion happen. Every single inch of the Big Top facility is used for maximum input and output. They need more space for training and classes as they fill up and run out every quarter. Kids are not able to attend Circus due to space restrictions and limitations. You can change that. Grants from the Neighborhood STAR and the Capital Improvement Budget (CIB) can make this happen and get Circus Juventas the money they need for this expansion and other important amenities needed.

Please help this organization to continue serving young people all over St. Paul and across the state. They are an asset to the community and I hope you realize that.

Very best regards,

Subject: Support Circus!

Hi,

I am writing in support of Circus Juventas and their expansion project. My kids have been in CJ for almost 5 years now, and I have seen it help to transform my shy little girl into a confident performer. It has also helped channel my son's energy in a healthy and safe manner. The thing I love the most about circus is how the coaches emphasize fun, not perfection. These kids are having a great time trying new things and gaining confidence in themselves without the push for perfection that often times comes with gymnastics, or the anger and aggression that can come with team sports like football. Please support this circus - it is super great!!!!

Hello Mr. Lehmann,

I am writing in my support of funding the Circus Juventas expansion. While my son no longer takes lessons at Circus Juventas, we attend shows, and my son LOVED his experiences there. We are residents of Minneapolis and loved the adventure of discovering this Gem right in the middle of the Highland neighborhood. It's a great program for youth and the program will continue to be one of the great amenities of St. Paul and the greater Twin Cities (and State) area.

Thanks!

Joan Staveley

Subject: Circus Juventas STAR and CIB Funding Proposals

We are emailing you in support of the Circus Juventas STAR and CIB Funding Proposals. We have had 2 children participate in Circus Juventas. We are huge fans of the experiences they have had while learning a new skill and performing in front of 20,000 Circus attendees. Instead of us as parents, sharing our children's wonderful experience, I submit my son Stone's college essay...

I am Third

Each day I consciously make the decision to become responsible for the life of another human. As a circus performer there are many questions I am asked; from, "What exactly do you do in the circus?" to "Do you get paid?" Though the most important questions I am asked involving the circus come from the parents of my performing partners. Numerous times I have been asked "Can you keep my daughter safe?", "Will you let them fall?" or "Can I trust you with the life of my child?" The climb up to my trapeze is filled with these responsibilities weighing in my chest. The safety of the flyer is first, the execution of the trick is second and I am third, because no matter the physical toll I have to endure I must keep my partners safe.

I have been performing in the largest youth circus in the world, Circus Juventas, for five years. Circus Juventas is a juvenile Cirque du Soleil located in St. Paul, Minnesota. I am not a traditional performer who is small, flexible and has been performing for double digit years. Instead I am tall, can hardly reach my toes and have played traditional sports such as basketball and football, which I still do, my whole life. This differentiation has not stopped my culturally diverse coaching staff from crafting me into one of the top performers at Circus Juventas. Zina Agostova, a Russian born coach taught me how to catch an "ankle-drop" in my earliest days at circus. Xu Zhang, a Chinese man, who has toured with Cirque du Soleil, taught me how to use my muscles properly. Sun Yanhong, a Chinese immigrant, showed me how to hold my body correctly, so I would not injure myself. Mostapha Hassouni, a Moroccan coach worked with me for months to help land a trick where his teenage son stands on my head with one foot and his other foot extending past his head. These coaches are the reason I can look parents in the eye, tell them their child is safe, and mean it.

I am entrusted with responsibilities which have impacted me with self-confidence greater than I could ever imagine. This does not mean I know each trick will land perfectly. When I am swinging upside down from a trapeze 40 feet in the air, I am incredibly humbled, but I must trust myself. If I appear to be scared then my partner will be terrified. As I pump forwards and backwards on my trapeze, exactly the way it is done on a swing, I exhale slowly to calm myself when my partner, Kayleen, calls across the arena, "Ready". In the back of the next swing I slide down to my knees and think of all the hard work that got me exactly where I am. Each blister turned callous, each rope burn healed, each muscle stronger for this moment. Quickly, as the trapeze swings forwards again I shift my hands from the ropes holding the trapeze to the ceiling, which does not seem too far at the moment, to the bar behind my knees and pull my legs around and back through the ropes, so I can let my hands go, now suspended in the air. When the trapeze reaches the back of the next swing I reply, "Next". This indicates to Kayleen on the next backswing, she will have to trust me, flip her body, and pray my hands find hers. While the trapeze swings forward again I feel the tax the day has taken on my body, school has fried my mind, and football has made my body sore and my muscles ache. It is now 9:15 at night and I am ready to be done. That is not an option; I have one more trick to land. On the backswing I now see Kayleen, toes pointed, body straight and my mind is clear. My only focus is on catching the back-tuck. As she releases the bar she brings her knees to her chest and hurls her momentum backwards. I

feel a chill run through my body as she disappears from my vision. Just as quickly as she was gone I see her open hands come in from the top of my sight. In the upside down world I have become accustomed to I see her hands, outstretched, longing, and begging to be caught. With an instinct as natural as turning when your name is called, I outstretch my hands and place my grip around her wrists, as we are momentarily suspended in the air. The hardest part has yet to come, as Kayleen is now forced to join me on the backswing; gravity tries to pull her away from me. "Don't worry, there's a net" I can almost hear the words as I remember seeing three separate occasions where other catchers let go, to have their partners fall to the net resulting in two fractured spines and a cracked vertebrae. My wrists are too big for Kayleen to have any significant grasp on me, but it doesn't matter. I have never let her fall before and this will not be the first time. When we reach the front of the swing and we are levitated again I let out a quiet, "Nice job" to Kayleen, to which she replies "You too". No one else will ever hear the words exchanged between a flyer and catcher, but no one else would understand the meanings conveyed in those words. Kayleen and I swing back one more time as the bar she let go of appears in front of us and I make my arms stiff as she pushes off and rotates her body 180 degrees to catch the bar and swing back to the pedestal. Another trick completed safely. At this point, the end of practice, I can hang from the trapeze, legs dangling towards the ground and simply let go. While I fall to the net I know I have done my job and kept my flyers safe and as I land on the net, flat on my back, I feel my body relax because my day is finally over.

Being trusted with such responsibility and having to live up to that trust after a long, draining, mind numbing day has taught me no matter what I will go through in life, I will always be able to push through it. I will always have something left to give. Circus Juventas has taught me to always put myself last. Whether I put the safety of the flyer first, the trick second and then my physical well-being, or my family first, my friends second and myself last, I will never forget. I am third.

Please support Circus Juventas in their request to expand their facilities in St. Paul.

Subject: Circus Juventas expansion

Hi,

I am writing to you as a parent pleading for help with Circus Juventas expansion. This place has given my daughter a life and a future. She has asperger's and an anxiety disorder. Her anxiety was pretty severe and I worried about her ability to function in life. She was in therapy since she was 3 for social skills, sensory integration and other things. Because of her anxiety the occupational therapist couldn't do anything further for her unless we medicated her. That was not an option to me so I got her in gymnastics she took to it but it was never fully able to help her. Then at age 7 we found Circus Juventas. She started there and something changed every year she did more classes and was able to cope with life easier. Now she trains 29 hours a week there and she is thriving! She plans to go professional and has a passion and a future. I owe my daughter's life to Circus Juventas.

They are in desperate need of this expansion as a parent volunteer who is involved in pretty much every aspect they have no room. They have to limit the classes offered because they are busting at the seams already trying to squeeze what they have on the floor. As a volunteer there I see many kids like my daughter and want them to have the opportunities that she has. Without this expansion that isn't possible. If you have ever had the opportunity to see one of their May shows it is amazing how every kid looks talented no matter their abilities. They do an amazing job making sure the kids feel special. They have the most amazing coaches from all over the world.

Please help them with their expansion so that all kids can have this opportunity!!!!!!

Thank you for your time

Subject: Circus Juventas

I am emailing to give my support for the expansion of Circus Juventas at its' current location. The Circus shows have become a family tradition in our household which has expanded to include other family members and friends.

It started with my daughter taking classes at Circus Juventas for a couple of years, learning the skill of the "silks", which helped supplement her skills as a gymnast for the Highland Park High School varsity gymnastics team for the past four years (soon to be a graduate of the Class of 2015!). For seven years now we have made a yearly trek down to the Circus tent for the August show. We make an afternoon or evening of it. We go out to eat either before or after, depending on the show we attend, then walk down to the Circus tent admiring the houses on Edgumbe as we walk.

It is a great institution to have in the neighborhood. It brings people to the city to see what it has to offer. They spend money at restaurants. And it is great for the kids who participate. The kids are absolutely amazing athletes and performers! And it is centrally located for participants from all over the Twin Cities to come to.

Thank you.

Subject: Circus Juventas Expansion and Funding

Growing up in the Como area of St. Paul, I know the city prides itself on its diverse cultural and enrichment opportunities for its residents. That is one of the reasons I have not moved far away and our family still takes advantage of much St. Paul has to offer. One of those opportunities is the Circus Juventas program, both in coming to shows and participating in the great skill development programs. The purpose of this message is to encourage the city to work with the Circus Juventas program on its expansion and funding needs, especially as the programs offered are greatly beneficial in developing confidence and independence in the children who attend. Knowing that the growth offered by these programs creates future adults who are better contributors to society, the city should also see a partnership with Circus Juventas as a great investment in the city's future. Thank you for your time.

Subject: Request for Capital Improvement Budget funding for Circus Juventas

Dear Daly Lehmann,

I am writing to you to request Capital Improvement Budget (CIB) funding to support the expansion of the Circus Juventas facility and programs.

Circus Juventas is a successful, not-for-profit performing arts youth circus organization located in Highland Park (St. Paul) and needs your continued support in order to advance the high quality of service it provides to the youth of our community.

Why it matters?

Circus training is a non-traditional athletic activity which provides an alternative to organized sports. At Circus Juventas, no child is ever disappointed by not "making the team" or not being allowed to perform. Every child is given the opportunity to grow and be challenged. Combining athleticism with the arts, the purpose of Circus Juventas is to:

- Offer an environment in which boys and girls work and train side-by-side as equals, learning together the values of discipline and hard work;
- Foster mentoring relationships between older and younger children, between peers, and between adults in the community and children of all ages;
- Train all children as a team, from superior athletes to those less gifted;
- Teach students the value of contributing to society through performances at community and charitable events.

I hope you consider Circus Juventas for CIB funding. This is a valuable youth program for the Twin Cities local area that needs your support.

Thank you for your time,
Krista Sweeney

Subject: Circus Juventas

Hello,

I am writing on behalf of Circus Juventas.

Circus Juventas is important to my family because we personally know other families that are a part of it, and we very much enjoy going to the performances each year.

Circus Juventas is important for the Highland neighborhood for similar reasons; because the neighborhood enjoys coming to the theater to watch. The city of St. Paul is also one for enjoyment and there wouldn't be the same crowds at Circus Juventas without them. There would also be a feeble city without the Circus, in light of all of the entertainment it truly brings; there would be feelings of emptiness and loss.

This new expansion is needed in order to fulfill new training space as well as other amenities. I believe it is in the best interest of the city to take part in this effort as a new project that would greatly benefit Circus Juventas and its participating families and neighborhoods as well as the entire city of St. Paul.

Sincerely,

B. McCarty

Subject: Circus Juventas

I am writing to ask for your support for Circus Juventas through the Neighborhood STAR and Capital Improvement Budget (CIB) grants, and also in negotiations related to expansion plans.

My daughter participated in Circus Juventas program for over 10 years and through that participation developed recognition of the importance of team work and cooperation, bravery to try amazing things no matter how unlikely they seem, and confidence in her ability to achieve excellence. For a quiet person, it was truly life altering. Although she "retired" several years ago, her experience was so rewarding that I felt strongly committed to organization and am therefore honored to sit on the Board of Circus Juventas.

I continue to be awed by the effect participation has on so many children. One of the most amazing things that I witness is children learning to fail graciously, stand up, smile, and work even harder to perfect whatever it is that they are working on. What a lesson for life.

Circus Juventas is a treasure to the City of St. Paul and surrounding communities. In addition to the effects it has on the participants, Circus Juventas provides spectacular, unique, and affordable entertainment. Performances are extremely highly regarded locally and internationally and draw people from all over to the City to attend.

Expansion of the facilities of Circus Juventas will insure that this unparalleled organization continues to offer development opportunities to the young people of the community, and joyful entertainment opportunities to all. Please support the positive partnership between the City of St. Paul and Circus Juventas through the Neighborhood STAR and Capital Improvement Budget (CIB) grants and negotiations related to expansion plans.

Respectfully,

Donna Gies

PETITION TO CITY OF SAINT PAUL – SUPPORT FOR CIRCUS JUVENTAS

- Capital Improvement Budget Program – 2015

PETITION TO CITY OF SAINT PAUL – SUPPORT FOR CIRCUS JUVENTAS

- Capital Improvement Budget Program – 2015
- Neighborhood STAR Program – 2015

We support the facility expansion plans of Circus Juventas and the two proposals for funding submitted to the City of St. Paul Capital Improvement Budget Program and the Neighborhood STAR Program for the much-needed expansion of our current facility to provide increased training space, prop and costume shops, and other amenities.

PETITION TO CITY OF SAINT PAUL – SUPPORT FOR CIRCUS JUVENTAS

- Capital Improvement Budget Program – 2015
- Neighborhood STAR Program – 2015

We support the facility expansion plans of Circus Juventas and the two proposals for funding submitted to the City of St. Paul Capital Improvement Budget Program and the Neighborhood STAR Program for the much-needed expansion of our current facility to provide increased training space, prop and costume shops, and other amenities.
