Overtime Profiles and Descriptions by Employee Group

*Under the labor agreement, employees are eligible, through mutual agreement with their supervisor, to work hours other than the normal 8 hour day as defined by contract. Overtime follows FLSA rules.

How leave hours (sick, vacation or comp) affect an employee's total hours for the day or week:

- Employees who are designated as **Daily Overtime** and where the labor contract uses the concept of **time paid versus time worked** for *Daily Overtime*, the use of vacation, sick and comp leave hours can be used toward the calculation of total hours and overtime in a day, as approved by the supervisor.
(This statement applies to AFSCME Clerical, AFSCME Technical, Operating Engineers, Machinists, Tri-Council, Police and all of Trades.)
- Employees who are designated as **Daily Overtime** and where the labor contract uses the concept of **time worked** for *Daily Overtime*, the use of vacation, sick and comp leave hours can bring the employee up to 8 hours maximum in a day, but not over 8 hours in a day.
(This statement applies to MMSA non-flex employees.)
- Employees who are designated as **Weekly Overtime** and where the labor contract uses the concept of **time worked** for *Weekly Overtime*, the use of vacation, sick and comp leave hours can bring the employee up to 40 hours maximum in a week, but not over 40 hours in a week.
(This statement applies to PEA non-exempt, CCEA, and flex employees in the following contracts: AFSCME Clerical, AFSCME Technical, Operating Engineers, Machinists, MMSA, Painters and supervisory Electricians.)
- PEA Exempt, grade 12 and above: Compensated, non-work hours such as approved sick leave, vacation, or compensatory time shall not be considered in the determination of hours worked beyond an employee's specified work period; however, paid holiday time will be counted in the determination.
