

# Preferred Open Space Features

These composites depict the features selected from a broad menu of open space elements in a group exercise conducted and refined by the Ford Site Open Space Work Group on November 1 & 15, 2010.

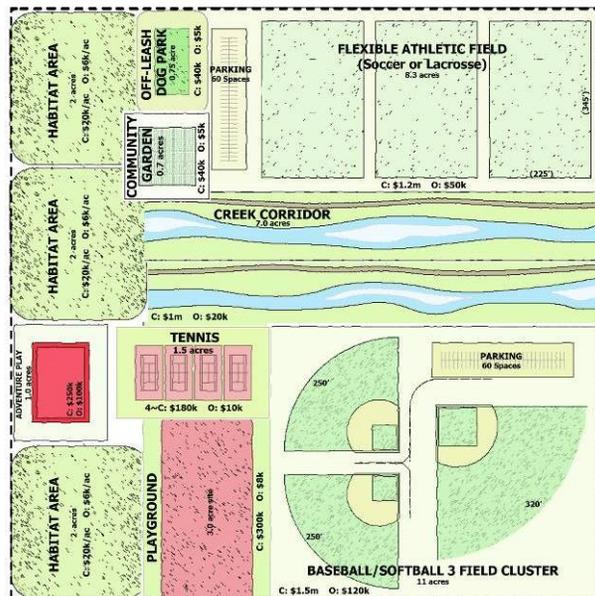

The group chose favored facilities to fill boards representing 10%, 25%, and 45% of the land area of the full site.

## 45% of Ford site (70 acres)

C: \$120,000/acre O: \$7,000/acre

## 25% of Ford site (39 acres)

C: \$160,000/acre O: \$8,000/acre

## 10% of Ford site (15 acres)

C: \$180,000/acre  
O: \$11,000/acre
