Fence Inspection Procedure

The fence installer is responsible for locating the fence entirely within the boundaries of the property being fenced. If existing property markers cannot be located, the property boundary must be established by measurement from existing benchmarks or by placement of new property markers through a registered survey.

The inspector for your project is identified on the permit inspection card. If there is any question about the acceptability of existing property markers or benchmarks, contact the building inspector between 7:30 and 9:00 a.m. for approval of the markers prior to installing the fence. Contact the building inspector to arrange for a final inspection after completing the fence.

Building Inspector Contact List

Mike Barck.....	(651) 266-9029
Nathan Bruhn.....	(651) 266-9033
Ken Eggers.....	(651) 266-9047
Dave Nelson	(651) 266-9027
Isaac Stensland.....	(651) 266-9028
Todd Sutter	(651) 266-9024
Dave Tank	(651) 266-9020
