

Saint Paul Fire Explorer Post #9624

Exploring

- Are you an ideal candidate for Saint Paul's Fire Explorer Program?
- Are you considering firefighting or public safety as a career choice?
- Are you 14 to 21 years of age? (Must be at least in Grade 9.)
- **Space is limited - sign up now!**

Saint Paul's Explorer Post meets every Thursday evening at the Saint Paul Fire Training Center located at 1683 Energy Park Drive from 6:00 p.m. until 9:00 p.m.

We begin meeting and training in late September and continue meeting on a weekly basis (except for holidays) through the winter and spring months up to and including June. Our curriculum includes firefighting and emergency medical services topics and friendly competitions with other fire explorer posts.

Positive interaction with firefighters and paramedics is ensured, as is a good time and an educational experience! It is a dynamic way to get youth interested in pursuing a firefighting career path and we have several Saint Paul Fire Explorer alumni on the job right now!

Visit <http://www.explorenow.org> for more information.
