September 28, 2015

Dear Como-Chatsworth Property Owner:

A large portion of the Como-Chatsworth Paving Project in your neighborhood is being completed this fall. However, Van Slyke Avenue and Chatsworth Street will not be completed due to unanticipated delays. On September 23<sup>rd</sup> the City sent you a letter regarding notification of a Public Hearing before the City Council on October 21<sup>st</sup> to approve the assessments for the street work. The letter was sent to you in error. Since your street will not be constructed this year, the assessments being considered by the City Council do not apply to your property. Your assessments will be approved in the fall of 2016 after the construction of your street is complete.

You may also be aware that your neighbors whose streets were reconstructed in 2015 have been invited to an informal neighborhood meeting in advance of the October 21<sup>st</sup> City Council meeting to answer questions about the assessment rates and the construction project. This meeting does not apply to you. A similar meeting for property owners on your street will be held next fall after your street has been completed.

If you have any questions regarding the construction project, please call me at 651-266-6112. If you have any billing or assessment questions, please call 651-266-8858.

Thank you,

Barb Mundahl  
Project Engineer

cc: Real Estate  
Project Inspector
