

CONCEPT A ALIGNMENT

OVERVIEW

- Two-way bikeway on west side of St. Peter Street and south side of 12th Street
- Reduces motor vehicle travel lanes to one lane on:
 - I-94 bridge
 - 6th Street - 4th Street
 - 12th Street (eastbound only) between John Ireland Blvd and I-94 bridge

PROS

- Maintains parking/loading zones on the east side of street on the majority of the corridor
- Maintains two motor vehicle lanes along majority of corridor

CONS

- Removes 60 on-street parking spaces on the west side of the corridor
- Removes 6 curb extensions
