Welcome

Celebrate Saint Paul Through Special Events

Saint Paul has always been a diverse city of neighborhoods. Our festivals, sporting events, and community-based celebrations demonstrate our civic pride and spirit. The City of Saint Paul hosts hundreds of events annually, all of which contribute to the vitality of the most livable city in America.

Any individual or organization planning on hosting an event in City parks or streets must apply and receive a permit for the event. The Saint Paul Police Department Special Operations Unit (SOU) manages the permit applications and approval process for all events that will impact city streets. Saint Paul Parks and Recreation manages the permitting process for all events held solely on park land.

To ensure proper processing time and compliance for your event please reference this handbook for additional approvals/ permits that may be required by other City departments. Permits will not be issued until all conditions are met.

All permit applications **MUST** be submitted a minimum of sixty (60) calendar days prior to the event. ***** Late fees will be applied in 2021 for applications received inside of sixty days.** For questions regarding the permit process please call 651-266-5479.

ALL new events, and many medium/large recurring events, will be required to attend a 'permit committee' meeting in advance of your event. The permit committee is comprised of multiple City departments that have organizational interests in special events. Additional requirements and/or permits may be required by these departments. The meetings are currently held virtually, but may take place at The Neighborhood House located at 179 E Robie St, St Paul, MN 55107, if an in person meeting is requested. A specific meeting date will be assigned to the event organizer once an application is received. Meetings are typically 4 to 6 weeks in advance of the event date.

All applications must be submitted online. An incomplete application will NOT be processed until all required supporting documentation is received. Any delay in receiving required information may hinder the process and result in denial of the permit.

Permits will be issued between two days and two weeks of the event date.

Requirements

Event Types:

There are multiple event types. Please see the definitions below:

Athletic Event means any scheduled event or gathering of persons for physical exertion that moves from one location to another such as running, walking, bicycling, and other recreational activities upon any city street, sidewalk or path.

Community festival means a gathering of persons on public property or right-of-way for social, recreational, or artistic purposes which location can be predetermined and fixed. The area to be used for the gathering does not cover an area greater than one (1) city block in length. This applies to public property or right-of-way where more than fifty (50) people are gathered at any given time. To be considered a community festival no alcohol can be served and no more than 20 (twenty hours) of police resources can be assigned.

Community procession means an event where fewer than 100 people collectively walk on city sidewalks or other rights-of-way in a procession that obeys all traffic control devices and regulations, does not interfere with the normal flow or regulation of traffic upon the streets, and has a minimal impact on public safety.

General Block Party means an event either free or controlled occurring on publicly owned property or public right-of-way where more than fifty (50) people are gathered at any given time. **If a special event does not meet any other definitions in this section, general block party will be used.**

Parade means any procession, or motorcade, consisting of persons, animals or vehicles or a combination thereof upon the streets, sidewalks or other public grounds within the city that interferes with the normal flow or regulation of traffic upon the streets, sidewalks or other public grounds.

Public Assembly means any demonstration, march, picket line, or rally of fifty (50) or more persons for a common purpose as a result of prior planning in or upon any street, sidewalk or other public grounds in a place open to the general public. No sales of any kind are associated with this event.

Residential Block Party means a neighborhood gathering of persons residing in one (1) city block or two (2) adjacent city blocks where the street or right-of-way sought to be closed and used for the gathering is completely residential in nature.

Fees:

All permit fees are nonrefundable. Fees are based on event type and the number of participants and attendees. The applicant must provide a reasonable estimate to the number of participants and attendees. The police department reserves the right to amend the number based on reasonable estimates on the actual event date.

Late Fee: Applicants will be charged \$25 per business day for late applications (late fees do NOT apply to residential block club parties). All applications (except residential block club parties) are due 60 days prior to the event date. Residential block club parties are due 30 days prior to the event.

Application Fee Schedule:

Residential block club party	- \$50 (no charge if applying outside 30 days)
Community festival	- \$50
Community procession	- \$50
Parade	- \$200

Athletic event or general block party is based on attendee and participant totals:

Fewer than 1,000 attendees	- \$200.00
Fewer than 3,000 attendees	- \$300.00
Fewer than 7,500 attendees	- \$400.00
More than 7,500 attendees	- \$500.00

Police Service Fee:

Certain events may require the hiring of Police Officers to staff the event or provide traffic/pedestrian management. The number of officers required will be based on several factors particular to each event. These numbers will be determined based on the information received in the application process.

In addition to the above permit fees, applicants for an event permit must pay any applicable police services fee. The police services fee must cover the cost to the city of providing sufficient officers to regulate traffic and public safety. All costs will include the applicable formula salary and fringe benefit rates as established in the current city police labor agreement plus the current worker compensation rates for the police department. The speech content of the event must not be a factor in determining the number of police officers and services necessary for the purposes of assessing the police services fee.

The proposed police services fee will be presented to the event organizer thirty (30) days prior to the event provided the application was submitted on time. Prepayment of some or all police service fees prior to the event may be required before the final permit is issued. The actual police services fee will be delivered to the event organizer within fourteen (14) days of the event date.

Insurance:

All applications (except residential block club parties) shall be accompanied by evidence in the form of a properly executed certificate of insurance that the city is protected as an additional insured under a comprehensive public liability insurance policy against all liability or claims which might arise out of the holding of the block party or community festival, the insurance coverage to be in the amounts not less than three hundred thousand dollars (\$300,000.00) for injury or damage to any person or property and not less than one million dollars (\$1,000,000.00) in the aggregate amount for any number of claims arising out of a single occurrence.

Road Closures:

If any portion of a street or sidewalk is to be closed barricades are needed. Public Works will provide barricades for RESIDENTIAL Block Club parties ONLY. The city reserves the right to require additional barricades and/or signage as a condition of approval of the permit. Saw horses or homemade barricades are **not** acceptable. Questions can be directed to sppd-specialevents@stpaul.gov for assistance.

A map designating the proposed closed street(s), sidewalk or alley is required when submitting the application. The map should be computer generated and NOT hand drawn. The map should illustrate all roads to be closed, barricade placements and emergency access points. The map will be uploaded via the on-line application submission process.

*** Closed roads must contain event activity. Roads will NOT be closed for parking, buffer space or other non-event related reasons.

Notice - Each event organizer is required to mail or hand deliver notices of the event to all entities that the organizer or the event permitting committee reasonably determines will be directly impacted by the event and its associated activities at least two (2) weeks prior to the event. This notice should include, but not be limited to, the date(s), day(s), time(s), location(s) and types of activities taking place during the event. The notice must also give detour or alternate route information if regular access is affected or if transportation systems are impacted. The notice also must include a telephone number where members of the public can contact an event representative with the authority to address issues or concerns prior to the event and throughout the event time frame including set-up and take down.

This notice must also be submitted to the district council for all areas in which the event takes place, and the council ward office for all wards in which the event takes place.

A copy of the notice sent to adjacent property owners must be submitted to the police department. This can be emailed to sppd-specialevents@stpaul.gov

Application – Step by step guide

Application Forms

The application form is available online at the City of Saint Paul's website. A search for "Special Events Application" will direct you to the proper page. There are four applications found at the bottom of the Applications webpage. Below are the event types that pertain to each one. It is important to select the proper event type:

Residential Block Club – This applies to block club parties in completely residential areas. This would apply to the local neighborhood gathering.

Other Special Events – This applies to all Athletic Events, Community Festivals, Parades, General Block Parties, Community Processions and Organizational/Business Events. If no other event types apply, use this application.

Public Assembly Notice – Information exchange for free speech/protest related events.

National Night Out – National Night Out events coordinated through the Police Department.

Documents and Attachments

While filling out the online application you may be required to submit multiple documents. This is a mandatory requirement for all events. Applications will not be processed without these documents. The documents must be attached to the form individually by clicking upload, selecting the file, click open and then repeat for additional documents.

ALL events – must upload a map of the event area and/or route. All road closures must be indicated on the map.

Events with a road closure – proof of notice given to adjacent property owners or emailed 14 days prior to event.

Online Form Directions

Section I: Organizer Details

Basic name and contact information for the primary responsible party for organizing the event. This will be the main contact for questions regarding the application process and event.

Section II: Event Details

Has the event been held in the City before - Yes, if the event has been held previously with generally the same setup, time of year and people involved. No, if there have been significant changes to the event structure or if it is a new/first time event.

Event Date – Date of actual event

Is the event more than one day – Yes, if the event is more than one consecutive day(s) or reoccurring weekly. If answering “yes” additional dates must be added to the “comments” section at the bottom of the form.

Hours - No special event shall be permitted to commence before 7:00 a.m. nor continue after 10:00 p.m. unless requested through the application process. Setup and take down times for any special event cannot occur between the hours of 11:00 p.m. and 7:00 a.m. without prior approval documented on the final permit.

Event Setup Time – At what time will setup for the event commence.

Event Start Time – At what time will the event officially start

Event End Time – What time does the event or participation officially end.

Event Takedown Time – What time will the entire event area be picked up and returned to normal use.

Road Closure Time – What time does the first road closure associated with event occur.

Road Open Time – When is the last road closure associated with the event open to normal traffic.

Section III: Event Location

Will any streets be closed – If a single lane, shoulder, alley or sidewalk will be closed or obstructed from normal use the answer is “YES”.

*** Closed roads must contain event activity. Roads will NOT be closed for parking, buffer space or other non-event related reasons.

Location – This is the primary street(s) to be closed. Leave blank if this is a parade, race, march, procession or other event that covers multiple streets (use route instead).

Cross Streets / Boarder – These are the book ends of the primary street to be closed.

Route – If multiple streets are to be closed list the route of the event from start to finish. Be sure to designate if it is one way or returning on the same or different route. The description should be representative of the map submitted. *** "See map" is not an acceptable response for this section.

Barricade Vendor – Public Works will ONLY supply barricades for residential neighborhood block club parties (to include National Night Out). All other events must arrange barricades through a third-party vendor. All barricade and traffic management plans will be reviewed and approved prior to receiving a permit. Physical barriers (cement blocks, jersey barriers, etc) may be required for your street closure depending on event variables determined by the Police Department.

Attendance – Estimated attendance of both participants and spectators. Previous years can be used for estimation purposes.

Section IV: Event Specifics

Will firearms (including starter pistols) be used - If yes, additional information will be sought and a permission letter will be included with the approved permit.

Will any tents larger than 10'x10' be used? If yes, all canopies (a top with one side) greater than 400 square feet and tents (top with two or more sides) greater than 200 square feet need to be permitted through the Department of Safety and Inspections (DSI). Please contact James Perucca at 651-266-8996 or the general DSI number at 651-266-8989.

Will any person or vendor be using propane – if the total amount of propane being used for the event is greater than 100lbs (excluding propane mounted to food trucks and not on the ground) a permit through the Department of Safety and Inspections (DSI) is required. Please contact James Perucca at 651-266-8996 or the general DSI number at 651-266-8989.

Will any generators or additional power supplies be used – any generator larger than a hand held or other electrical sources require a permit through the Department of Safety and Inspections (DSI). Please contact Dan Moynihan at 651-266-9036 or the general DSI number at 651-266-8989.

Will any form of sound amplification be used – This includes speakers, DJ, music, PA system, etc. Sound Level Variance (SLV) applications require a Public Hearing by the City Council. Due to the notification process and response period, SLVs take 45-60 days to process. Therefore, the SLV needs to be submitted at least 45 days before the

last Public Hearing date, not 45 days before the Event. Please contact Barb McMonigal-St. Dennis at 651-266-9137 or the general DSI number at 651-266-8989.

Will there be carnival rides – any type of carnival / amusement park ride. A permit through the Department of Safety and Inspections (DSI) may be required. Please contact the general DSI number at 651-266-8989.

Will there be any temporary structures used – Temporary structures are stages, scaffolding, towers, light structures, bleachers, etc. Any stage over 30”, bleachers over 54” or any other structure requires a permit through the Department of Safety and Inspections (DSI). Please contact Steve Ubl at 651-266-9021 or the general DSI number at 651-266-8989.

Will any fireworks be displayed – if so, a permit through the Department of Safety and Inspections (DSI) is required. Please contact James Perucca at 651-266-8996 or the general DSI number at 651-266-8989.

Will there be any charitable gambling – if so, a permit through the Department of Safety and Inspections (DSI) is required. Please contact Tom Ferrara at 651-266-9087 or the general DSI number at 651-266-8989.

Will alcohol be sold or given away - if so, a permit through the Department of Safety and Inspections (DSI) is required. Please contact Barb McMonigal-St. Dennis at 651-266-9137 or the general DSI number at 651-266-8989.

Will food be sold or given away – If so, approval from the MN Department of Health is required. Please contact Jessica Davis at 651-201-3961 or 651-201-4500.

Will any part of the event take place on a City park – If so, a permit through the Department of Parks and Recreation is required. Please contact them at 651-266-6369

- If you are planning an event that will take place within a city park property, you can visit the [Parks and Recreation Department's event planning page](#) to locate park permit applications and related resources.
- If you are planning a walk/run or other distance event in Saint Paul that involves park space, please visit the [Parks and Recreation walk/run information page](#) to locate documents and helpful resources.

Will parking meters need to be hooded – If so, fees and arrangements need to be made with Public Works. Please contact them at 651-266-6151.

Will “No Parking” signs need to be posted – If so, fees and arrangements need to be made with Public Works. Please contact them at 651-266-6151.

Do you have a waste/recycling plan – Additional information and required documents to be completed can be found on the Special Events and Permitting webpage (link on page 3 of this document) under the “Resources” section. Please contact Kris Hageman with Public Works at 651-266-8866.

Other Event Considerations

Event Contacts

Road Construction – if you have concerns regarding road construction projects for your event please contact Eriks Ludins with Public Works at 651-266-9810.

State Capitol Complex – If you are planning an event that will take place on State Capitol grounds, you must obtain a separate state-issued permit. You can visit the [State Capitol Public Events page](#) to locate Capitol permit applications and related resources or call 651-201-2300.

Special Event Contact List – See Appendix

Event Management

Medical plan – During the application process you will be asked what medical resources you will have on-site at your event and if you have a medical plan dictating medical related policies and procedures during your event. For questions contact Saint Paul Fire Department Deputy Chief Ken Adams at 651-228-6221.

Weather plan – During the application process you will be asked if you have a weather plan to include the ability to monitor weather, what weather thresholds will be used to postpone or cancel the event, if you have a shelter / evacuation plan and would you like assistance from the National Weather Service for inclement weather notifications.

Site Plan – A detailed site plan with critical information will be required during the application process. The site plan includes information pertaining to emergency service locations, electrical/power source locations, alcohol and containment locations, etc. See Appendix for site plan requirements.

Event Management Plan – A good planning resource for all event organizers is an Event Management Plan. The plan encompasses many aspects of an event and can

be used for both small and large events. See Appendix for a sample, [click here](#) for a fillable document.

Crisis Management/Safety plan – During the process you may be asked to provide a crisis management/safety plan to include emergency shutdown procedures and unplanned incidents (such as criminal, accidental, weather, etc). A sample Crisis Management Plan is posted on the Special Events and Permitting page under “Resources”.

Vendor Contact List - A list of contacts for all vendors present on event day and any company / contractor responsible for event construction and setup will need to be electronically provided one week prior to the event.

New Special Event Applications

The following are the considerations for new proposed events. If an event is deemed recurring by the event permitting committee for a general date, time and location as the previous year, the event will have priority for the following year granted the permit application is submitted on time.

If other special event permit applications for the same time and location are already granted, or have been received and will be granted, several factors will be used to determine if additional permits will be issued. New event requests will be looked at on a case by case basis.

For new weekend events, no special event permit has been granted for the same public roadway in a manner that obstructs vehicular traffic either the weekend before or the weekend after the date of the proposed event.

The conduct of the special event will not interfere with previously scheduled construction or maintenance projects upon or along streets or sidewalks.

No event is scheduled elsewhere in the city where the police resources required for that event are so great that the deployment of police services for the proposed special event would have an immediate and adverse effect upon the welfare and safety of persons and property.

A calendar with all proposed, scheduled and previous year's events is posted on the Special Events and Permitting webpage. Please reference this calendar for information on events overlapping with new proposals.

Appendix

Site Plan

It is a requirement of any event in the City of Saint Paul that a site plan is developed. It must include surrounding areas and designated parking areas. Please use a computer to complete the map.

It should be copied and posted throughout the event site. On this plan, locate and indicate all of the items below and any other important items.

Tick the items after you have located and indicated them on the plan or place an x if the item is not relevant. All items in the right-hand column should be ticked for the emergency management plan.

	x / ✓		x / ✓		x / ✓
Vendor stalls	<input type="checkbox"/>	No Alcohol areas	<input type="checkbox"/>	Emergency Coordination Center	<input type="checkbox"/>
All activities stalls	<input type="checkbox"/>	Liquor sales	<input type="checkbox"/>	Emergency vehicle entrances	<input type="checkbox"/>
Stage	<input type="checkbox"/>	Alcohol consumption area	<input type="checkbox"/>	Emergency vehicle route on site	<input type="checkbox"/>
Seating	<input type="checkbox"/>	Restricted areas	<input type="checkbox"/>	Emergency or first aid parking	<input type="checkbox"/>
Information area	<input type="checkbox"/>	Entrances & Exits	<input type="checkbox"/>	Emergency Exits	<input type="checkbox"/>
Temporary structures	<input type="checkbox"/>	Toilets	<input type="checkbox"/>	Lost children meeting point	<input type="checkbox"/>
Shelter	<input type="checkbox"/>	Parking	<input type="checkbox"/>	First aid areas	<input type="checkbox"/>
Electrical generators	<input type="checkbox"/>	Vehicle access points	<input type="checkbox"/>	Barricade / fencing locations	<input type="checkbox"/>
Gas lines / storage	<input type="checkbox"/>	Electrical lines	<input type="checkbox"/>	Shelter locations	<input type="checkbox"/>

A map must be included with the above applicable designations displayed

Event Management Plan (This is NOT an application. A fillable version of this will be emailed to you once your online application is received. You will find it at www.stpaul.gov/special-events-application.)
