This match includes the City's base and incentive contributions reflected in these agreements.

PERFORMANCE PAY

Employees holding Non-Represented job titles are eligible for performance pay.

Performance pay means an annual lump-sum payment which does not increase the employee's base salary. The Mayor, in their sole discretion, based upon such performance measures as they deem appropriate, may award to an eligible employee performance pay of up to five (5) percent of the employee's base annual salary. The Council, in its sole discretion, based upon such performance measures as it deems appropriate, may award to the Director of City Council Operations performance pay of up to five (5) percent of the said employee's salary.

Performance pay may be awarded as recognition for exceptional performance, significant contributions, and substantial accomplishments well beyond normal or regular work responsibilities. Performance pay does not increase the base salary nor serve as a means to give a larger annual increase. Performance pay is given at the discretion of management. Examples of situations where performance pay may be given include significant contribution and/or substantial accomplishment associated with:

- Major projects or initiatives (e.g., system implementation, new program implementation, and audits by certifying agencies, funding agencies, or government agencies)
- Significant cost saving or cost avoidance realized beyond normally expected or established standards
- Extraordinary effort during times of critical department need (e.g., meeting critical deadline that could otherwise have an adverse impact on critical business operations or major project)
- Contribution that clearly and significantly impacts the accomplishment of important and critical business operational goals, deliverables and/or timeline

Performance pay is not appropriate for:

- Outstanding or excellent performance of ongoing, normal or regular job duties and responsibilities as well as achievements that may be reasonably expected from a staff member. These should be recognized as part of the annual performance and salary review process
- Staff effort or work time that has no significant impact on a major project or initiative, or critical business need
- Recognizing a staff member's long-term service, loyalty or commitment
- Accomplishment of personal and career goals, skills and competencies, professional degree, certification, and registration

Documentation that supports the decision to award performance pay is required and must be maintained in the employee's personnel file. The documentation must demonstrate how the employee's performance is aligned with the criteria above.

PAID PARENTAL LEAVE

The City may provide up to eight (8) weeks (320 hours) of Paid Parental Leave to eligible employees following the birth, placement for adoption or adoption of a child. The Paid Parental Leave must be used in a continuous eight (8) week block of time and will run concurrently with any other leaves available under existing federal and state laws. The Paid Parental Leave must be requested, approved and used within six (6) months of the qualifying event or the opportunity to request and/or use the leave will be forfeited.

To be eligible for this leave, the employee must:

1. be the biological parent or the adoptive parent or the spouse of the biological or adoptive parent of the child; and,
2. must have worked for the City for at least one (1) year preceding the first date of the leave; and,
3. have one thousand two hundred fifty (1,250) hours of worked time in the twelve (12) months immediately before the leave.

The eligible employee using Paid Parental Leave will be paid at their assigned rate of pay for the average number of hours worked per week in the previous twelve (12) months. Vacation will accrue during the Leave as if the employee were working. If a city observed holiday falls during the employee's use of Paid Parental Leave it will be not considered Paid Parental Leave but will be Holiday leave.

The City will continue to pay its share of the cost of an eligible employee's group health insurance during a Paid Parental Leave. The eligible employee's share of the premium will be deducted from the eligible employee's pay in accordance with normal practices.

EMPLOYER TERMINATION PROGRAM

Employees appointed to a title covered by this policy shall be eligible for a lump-sum payment in the event their employment is terminated by the employer and the employee is completely separated from City employment. An employee covered by this policy, not electing to return to a previously-held City position, is eligible under this policy. This amount of payment for employees holding a Non-Represented title shall be equal to two (2) weeks' pay for each complete calendar year of service in a title covered by the policy. However, this amount shall not exceed twelve (12) weeks pay.

SURVIVOR HEALTH BENEFITS

The surviving spouse and/or dependent of an employee covered by this policy carrying family coverage at the time of their death due to a job connected injury or illness which was determined to arise out of, and in the course of, their employment under workers' compensation law shall continue to be eligible for City contribution toward the City's health insurance plan in the same proportion as is provided for employees under this policy. At age sixty-five (65) the City's contribution will be in the same proportion as is provided to retirees under this policy.

In the event of the death of a retiree who is participating in the City's health insurance program, the surviving spouse or dependent on record at the time of retirement of the deceased may continue to participate in the City's health insurance plan at their own cost. Eligibility to continue to participate shall terminate once such spouse remarries or becomes eligible for group health insurance through an employer. Eligibility to continue to participate shall terminate when such dependent fails to meet the definition of dependent in the City's health insurance plan or becomes eligible for group health insurance through an employer.

Unclassified employees, unclassified employees who could return to a previously-held classified position, and classified employees, shall be eligible for a severance pay program if they meet the following requirements:

- The employee must be voluntarily separated from City employment or have been subject to separation by layoff or compulsory retirement.

The amount of severance pay will be paid into one of the City's Post Employment Health Plans. In addition to severance pay, the employee's unused vacation at the time of separation of employment will be paid into one of the City's Post Employment Health Plans if the employee is eligible for severance.

Effective **January 1, 2023**, if an employee is eligible for Severance pay, it will be paid as a separate pay adjustment the end of February in the year following separation of employment from the City.

Unused vacation will be paid as a pay adjustment on the employee's final paycheck.

The lump sum payment for employees covered by this policy is based on years of service with the City:

<u>YEARS OF SERVICE</u>	<u>AMOUNT</u>
15	\$10,000
25	\$20,000

For the purpose of this severance program, a death of an employee shall be considered as separation of employment, and if the employee would have met all of the requirements set forth above, at the time of their death, payment of the severance pay may be made to the employee's estate or spouse. The manner of payment of severance in amounts of ten thousand dollars (\$10,000) or less shall be made in accordance with the provisions of City Ordinance No. 11490.

This severance pay program shall be subject to and governed by the provisions of City Ordinance No. 11490 except in those cases where the specific provisions of this article conflict with said Ordinance and in such cases, the provisions of this article shall control.

Employees who are terminated for cause, misconduct, or any other disciplinary reason shall not be eligible for any payment under this employer severance program. This employer severance program replaces any existing severance pay plans currently applicable to employees covered by this policy.

Employees returning to/or accepting an appointment to a title not covered by this policy, shall be covered by the severance pay plan applicable to that title and shall not be eligible for any payment under this employer severance program.

In addition, any Police or Fire non-represented employee separated from City employment who has an accumulated balance of at least one thousand eight hundred fifty (1,850) hours of sick leave credits and at least twenty-five (25) years of service at the time of their separation from service shall be granted severance pay in the amount of thirty thousand dollars (\$30,000).

Eligible employees may choose to defer the start of their contribution program.
