Sewer Repair Work – Pelham Boulevard

Dear Saint Paul Resident:

Sewer repair work will be happening on Pelham Boulevard between Mississippi River Boulevard and Otis. The work began this week and is estimated last approximately six weeks. The City of Saint Paul is working with a contractor (ECI) to repair a storm sewer tunnel. *See attached map for work site location.*

How this impacts you:

- Pelham Boulevard will be closed to thru traffic between Mississippi River Boulevard and Otis.
- Access to private driveways and residences will be maintained.
- No parking signs may be posted near the construction site. Please follow all posted signs.
- Snow removal on Pelham Boulevard (MRB to Otis) will be the contractor's responsibility.

What is the cost?

There is no cost to property owners for the sewer work.

Project updates:

Sewer project updates will be posted online at stpaul.gov/sewerwork

Questions:

For questions, please contact Aaron Hass at 651-485-2262 or aaron.hass@ci.stpaul.mn.us.

Thank you,
