ZONING INFORMATION

Current Zoning: T1M - Traditional Neighborhood District Master Plan; T3M - Traditional Neighborhood District Master Plan; & ITM - Transitional Industrial District Master Plan

Per Resolution-Public Hearing: RES PH 22-128 and Ordinance: Ord 22-24, setbacks are per a Hillcrest Master Plan Draft.

Several variables contribute to a parcel's developable area, including the type and height of proposed buildings. Given the preliminary nature of development decisions, reasonable assumptions have been made to reduce variables. Assumptions are noted throughout.

- T1 zoning**
- covenants
 - 24' setback on all row-adjacent property lines.
 - this is the only deviation from typical zoning setback parameters.
 - zoning
 - single-family
 - front yard setback - 15' min., 25' max.
 - side yard setback - rule "k" (6')
 - rear yard setback - 15'
 - duplex and townhomes
 - front yard setback - 10' min., 25' max.
 - side yard setback - rule "k" (6')
 - rear yard setback - 15'
 - multi-family (shown on plan, as this is the most flexible set of requirements)
 - front yard setback - 10' min., 25' max.
 - side yard setback - rule "k" (6' assumed)
 - rear yard setback - rule "k" (6' assumed)

- T3 zoning**
- no deviations from typical zoning
 - zoning (assumed multi-family building setback requirements will be used)
 - front yard setback - 10' min., 25' max.
 - side yard setback - rule "k" (6')
 - rear yard setback - rule "k" (6')

- IT zoning**
- master plan
 - 25' landscape buffer along howard
 - covenants
 - 25' landscape buffer on all public-facing property lines
 - 25' landscape buffer on all public-facing property corridors. in that case, the 4' minimum yard setback from zoning code applies.
 - 15' landscape buffer along trails/publicly accessible areas
 - zoning
 - front yard setback
 - rule "c" - if across the street from a required front yard from a different kind of zoning designation, use that setback distance.
 - rule "d" - n/a, refers to parkway r.o.w. adjacency
 - rule "f" - loading/unloading not allowed in any front, side, or rear yards.
 - yard setback - min. 4'
 - side yard setback
 - rule "e" - 6' side/rear yard next to adjacent residential uses. no side/rear yard required (other than those from building code) next to adjacent industrial uses.
 - rule "f" - loading/unloading not allowed in any front, side, or rear yards.
 - yard setback - min. 4'
 - rear yard setback
 - rule "e" - 6' side/rear yard next to adjacent residential uses. no side/rear yard required (other than those from building code) next to adjacent industrial uses.
 - rule "f" - loading/unloading not allowed in any front, side, or rear yards.
