Why license your dog?

It's a Free Ride

Home: When a dog is found wearing its license, St. Paul Animal Control Officer attempts to reunite the dog with its owner for free before bringing the dog to the animal shelter.

- Your Pet is More Likely to Get Back Home: Dogs wearing licenses are much more likely to get reunited than pets without identification, and more quickly than pets with only microchips!
- Prompt Veterinary Attention: If your pet is found injured, or is lost and needs medication, a dog license makes it more likely that the dog will get proper care right away.
- It's the Law: Saint Paul requires dogs to be vaccinated against rabies and licensed once the dog is over three (3) months old to support healthy and safe communities.
- It Helps other Animals. Dog Licenses help pay for:
 - Sheltering, feeding, and veterinary costs for animals while they are at animal control.
 - Educating the public about responsible pet ownership.
 - Reuniting pets and owners, or finding new homes for animals.

Licensing Cost

• \$80 per year

Total License Cost for Spayed & Neutered dogs
