**What you need to do prior to construction in 2024:**

- Remove any personal property, plantings, or sprinkler systems in the boulevard near pedestrian improvements as they may be impacted by construction. These items will not be replaced by the city.
- A flyer will be placed on your door if sidewalk or other pedestrian improvement work is happening adjacent to or near your property.
- The street will have temporary closures or lane restrictions during operations. We will try to maintain access to driveways, but there may be temporary access restrictions.
- Please notify tenants/renters/visitors about the project and any parking restrictions.

**Property owners:**

Once the sidewalk is installed, property owners are responsible for maintenance of the sidewalk adjacent to their property.

**How the project is funded:**

The project is federally funded. **There are no assessments for property owners.**
