## Pedestrian Improvements Coming to Your Neighborhood in 2025

March 7, 2025

Dear Saint Paul Property Owner or Current Resident,

The City of Saint Paul will be improving pedestrian access to RiverEast Elementary and Secondary and Crossroads Elementary in 2025. This is part of a safe routes to school project.

### What work is happening in 2025:

- New sidewalk and pedestrian ramps: Public Works will be constructing new sidewalk and pedestrian ramps in the locations shown in red in the map on the back of this letter. The new sidewalk and a grass boulevard will be installed in these locations. In some places the sidewalk will be installed along the street without a grass boulevard.
- Tree removals and replanting: In preparation for the project, tree removals will be done in March in locations where sidewalk will be added. New trees will be added as part of this project.

### What you need to do prior to construction in 2025:

- Remove any personal property including fences, landscaping, plantings, or sprinkler systems in the public right of way, which may be up to 15 feet from the street/curb, as these may be impacted during construction.
- Any personal property left in the public right of way will be removed during construction and not replaced by the city.
- If you are unsure of impacts to your personal property reach out to Laura Krause at 651.266.6037 or [Laura.Krause@stpaul.gov](mailto:Laura.Krause@stpaul.gov).

### Other 2025 construction work on Front Avenue:

- Mill and overlay (resurfacing) on Front Avenue between Western Avenue and Rice Street ([stpaul.gov/FrontResurfacing](http://stpaul.gov/FrontResurfacing))
- Restriping on Front Avenue between Western Avenue and Dale Street will be restriped with on-street bike lanes.

### Property Owners:

Once the sidewalk is installed, property owners are responsible for maintenance, including snow removal, of the sidewalk adjacent to their property.

CITY OF SAINT PAUL  
MELVIN CARTER, MAYOR

STPAUL.GOV
