

Robert Street Reconstruction

Downtown Saint Paul's Commercial Corridor

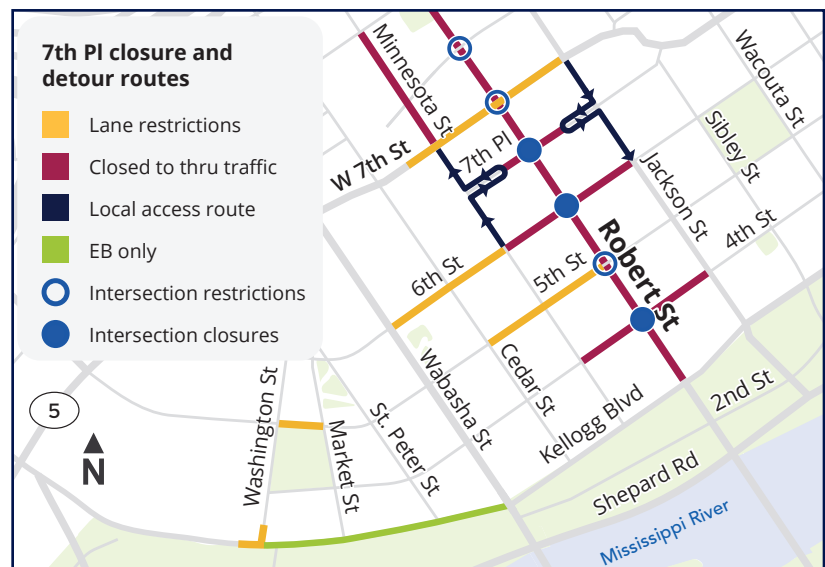

SAINT PAUL
PUBLIC WORKS

NOTICE: 7th Place and Robert Street Upcoming Closure

As part of the ongoing Robert Street Reconstruction project, the intersection of 7th Place and Robert Street will undergo a full closure starting Monday, August 11. Please be advised that no traffic will be able to cross this intersection. The closure will remain in place until mid-late September.

Reason for the closure:

- A full closure allows crews to work more quickly, completing major steps in the reconstruction process and reaching the road repaving milestone faster.
- Allows construction to stay on track with intended progress before the end of this construction season.
- Eastbound traffic can cross Robert Street at 5th Street and 7th Street

Please note that while the intersection is fully closed, 7th Place remains partially open for business access between Minnesota and Jackson streets. Drivers will be able to access 7th Place businesses and will be required to turn around before reaching the 7th Place and Robert Street intersection.

Stay Informed

To stay up-to-date on weekly project updates, road closures, and detours, please sign up for emails—which will include weekly downtown detour maps—and/or check the project website at:
