

**August 12, 2025**

TO: Neighbor  
FROM: City of Saint Paul, Department of Public Works  
SUBJECT: **Inviting you to the Earl Street Reconstruction Project Community Meeting on Thursday, August 21<sup>st</sup> at the East Side YMCA**

Greetings,

You are invited to the Earl Street Reconstruction (Minnehaha Avenue to Maryland Avenue) Project Community Meeting on Thursday, August 21st. The City of Saint Paul Public Works Department is rebuilding one mile of Earl Street, from Minnehaha Avenue to Maryland Avenue. This part of the street runs north-south, east of Arcade Street, and crosses Phalen Boulevard and the railroad.

This is a full reconstruction, meaning it will completely rebuild the road. It will include work on water and sewer, land grading, adding curbs and gutters, improving drainage, paving the street, installing signs and lights, landscaping, and improving the sidewalks and bikeway connections.

### COMMUNITY MEETING DETAILS

What: A meeting to share project details and receive feedback on the design options. Food from Karibu Grocery & Deli will be provided, first come first served.

Where: At the Eastside YMCA (875 Arcade Street, St Paul, MN 55106)

*See back side for detour information.*

When: Thursday, August 21st, 4:00 to 6:00 PM (This is a drop-in meeting; you are welcome to stop by at any point during the scheduled time.)

Interpreters: Karen, Hmong, and Somali interpreters will be present.

### PROJECT OVERVIEW

The project is currently in the design phase. Our project team is collecting information, researching the needs of the community, and preparing design options for the project. The design will be finalized by November 2025. Construction will begin in Spring 2026 and continue through the rest of the year.

Our priority is to keep you, and your neighbors, informed throughout this process. The project team will attend neighborhood council meetings, distribute information flyers, and update the project website here: <https://www.stpaul.gov/projects/public-works/pw2026earlstreconstruction>

Reconstruction is needed to:

- Repair the two-lane roadway.
- Repair sidewalks on both sides of the street.
- Add new bike facilities along the street.
- Install new signs, lighting, and pavement striping.
- Improve sewer and water connections.

The primary project goals are to:

- Create safer travel for people walking, rolling, biking, and driving.
- Improve drainage and green storm-water treatments.
- Preserve mature boulevard trees where feasible.

**Project Funding**

A portion of this street reconstruction project will be paid for by a 1% local option sales tax, called Common Cent. This sales tax was approved by Saint Paul voters in November 2023. The remainder of the project will be funded through assessments to property owners adjacent to the project.

**Thank you,**

If you have any questions or comments, please email or call Don Pflaum or Bryan Graveline. We look forward to hearing from you.
