| Aragon Coleman & Swain LLC | 612-702-1782 | flaragon20@gmail.com | 65 Birch Bluff Road | Tonka Bay | Aragon Coleman & Swain is a paper wholesaler. We bring in paper in reels and sheet it to 8.5 x 11 copy paper reams. Our paper is uniquely eco-friendly in that it is composed of 60% wheat-straw and 40% FSC (Forest Stewardship Council) certified wood pulp. Since 60% fewer trees are cut to make our paper in the beginning and it is made of an agro-residue, wheat-straw, we believe we are one of the most eco-friendly papers available today. We thus can and do reduce the carbon footprint of virtually any business that uses our paper. ; | SBE |

| ecoenvelopes, LLC | 612-605-4885 | info@ecoenvelopes.com | 212 3rd Ave N, Suite 354 | Minneapolis | Reusable envelopes for people, profits and the planet. An estimated 81.3 billion return envelopes can be eliminated each year with innovative, reusable ecoenvelopes. ecoenvelopes, LLC has engineered a proprietary portfolio of reusable, 2-way envelopes, labels and postage concepts that can eliminate return envelopes. Billing statements, subscription offers, donation requests and more can be sent in a single reusable ecoenvelope instead of two envelopes. Companies save 15%-45% on envelope and related mailing costs, they benefit from increased direct response rates (as high as 8%) and ecoenvelopes are socially responsible and good for the environment. | SBE |

| Terrell Johnson | 763-607-3268 | tjockme40@gmail.com | 9117 Cambrige Ave | Brooklyn Park | Striving for success is not a program, but a movement that was created to establish a framework that has both intervention and prevention elements. Our goal is not only to help preserve the lives of Boys Totem Town youth, but to engage these youth in transforming the underlying conditions that generate violence and low self worth. We will work directly with the youth to re-structure their decision environments by healing the whole watershed, through a variety of functional interactive activities geared toward identifying and practicing best decision making processes. The youth at Boys Totem Town must be catalyst in facilitation of their personal development, therefore throughout Striving for Success and atmosphere of trust, encouragement and independency will be practiced allowing each youth to re-direct their own life's purpose causing personal, cultural and structural transformation | SBE |

| | | | | | Finding ourselves through culture, unity and success (F.O.C.U.S) is a program designed to serve the Hmong clients at Boys Totem Town. The program incorporates individual, family and group programming for Hmong clients who are court ordered to BTT treatment. Staff will provide programming in Hmong Traditions and Culture and other related topics in relation to Hmong Culture. The objective of the program is to indentify cultural and personal strenghts to increase resiliency and mitigate the risks. Life skills training will help clients get a better understanding of career paths, employment, education and independent living skills. Parenting support group for the parents to help them understand and acknowledge the intergenerational gap with their children and develop healthy communication. The overall goal is to strengthen family bonds to counter the negative peer relationships among the clients and address the social desirability aspect as related to high risk behaviors. | |

| Wetland Habitat Restorations, LLC | 612-600-3604 | natasha@whr.mn | 2521 27th Ave S | Minneapolis | Wetland Habitat Restorations (WHR) was founded in 1999 and offers ecological design, installation, and land management services, specializing in ecological restoration and a range of other landscape services. For over ten years we have worked across a number of scales, from urban residential sites to large-scale, natural areas. Our mission is to restore and protect resilient native landscapes, to educate the public about ecological restoration, and to work with existing natural resources and conditions.; ; The WHR team represents a unique blend of skills and expertise in ecological restoration, landscape architecture, management planning, ecological assessment, plant and hardscape installation and maintenance, permacultural design, and stormwater best management practices. Our team holds formal certifications in L.E.E.D., permaculture, agroecology, wetland delineation, and I.S.A. Certified Arboriculture. | SBE |
