Office of the Mayor

Office of Financial Services

John McCarthy, Interim Director

City of Saint Paul Mayor Melvin Carter

700 City Hall 15 West Kellogg Boulevard Saint Paul, Minnesota 55102-1658 Telephone: (651) 266-8800 Facsimile: (651) 266-8541

September 17, 2019

To the Honorable Mayor, Members of the City Council, and Residents of Saint Paul:

The City of Saint Paul's Comprehensive Annual Financial Report (CAFR) for the fiscal year ended December 31, 2018, is hereby submitted. The purpose of this report is to provide the Mayor, City Council, City Staff, residents, bondholders and other interested parties with useful information concerning the City's operations and financial position. Responsibility for both the accuracy of data and the completeness and fairness of the presentation, including all disclosures, rests with the City.

The CAFR is presented in three main sections:

- 1. Introductory Section includes this transmittal letter, the City's organizational chart and a list of principal officials.
- 2. Financial Section includes the independent auditor's report, Management's Discussion and Analysis (MD&A), the basic financial statements, notes to the financial statements and supplementary information.
- 3. Statistical Section contains selected financial and demographic information presented on a multi-year basis.

Generally Accepted Accounting Principles (GAAP) in the United States of America, as applied to governmental units, requires that the City provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of MD&A. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City of Saint Paul's MD&A can be found immediately following the report of the independent auditors.

INTERNAL CONTROL

To provide a reasonable basis for making these representations, the City of Saint Paul has established a comprehensive internal control framework that is designed to protect the government's assets from loss, theft or misuse, and to compile sufficient reliable information for the preparation of the City of Saint Paul's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City of Saint Paul's comprehensive framework of internal controls has been designed to provide a reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. All internal control evaluations occur within this framework. To the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

INDEPENDENT AUDIT

State law requires the State Auditor to perform an annual audit of the City and other cities of the first class in Minnesota. The goal of the independent audit is to provide reasonable assurance that the financial statements of the City of Saint Paul for the fiscal year ended December 31, 2018, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by the City, and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City of Saint Paul's financial statements for the fiscal year ended December 31, 2018, are fairly presented in conformity with GAAP. The State Auditor's report is presented as the first component of the financial section of this report.

As part of their examination, the State Auditor is also issuing a Management and Compliance Report covering the review of the City's system of internal control over financial reporting and tests of compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The Management and Compliance Report will not modify or affect, in any way, this report.

The City is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act Amendments of 1996 Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Information related to this single audit - including the schedule of expenditures of federal awards, findings and recommendations, and auditor's reports on internal control over financial reporting and tests of compliance with certain provisions of laws, regulations, contracts and grants - will be included in the State Auditor's separately issued Management and Compliance Report.

PROFILE OF THE GOVERNMENT

The City of Saint Paul has been a municipal corporation since 1854. Saint Paul is the state capital and Minnesota's second largest city. The City covers an area of 56 square miles and is situated wholly in Ramsey County. Saint Paul's population, per the 2010 US Census, was 285,068. Data estimates by the Metropolitan Council indicate that the City had a population of 313,010 people and 118,666 households as of the end of 2018.

The City of Saint Paul, Minnesota, has a Mayor-Council form of government. The Mayor is elected by the voters of the City at large for four years on a full-time basis. The City is divided into seven wards. Voters of each ward elect a member of the City Council for four years on a part-time basis. Executive power is vested in the Mayor; legislative power is vested in the Council. The Mayor has veto power, which the Council may override with a vote of five of its seven members.

City services include: police, fire, street, sewer and bridge maintenance, parks and recreation centers, libraries, licensing, building and housing code inspections, planning and economic development, zoning, public improvements and general administration.

REPORTING ENTITY

The City's financial statements include all funds of the City (primary government) and its component units. The primary government represents all funds under the ultimate control of the Mayor and City Council. The Library Agency and Housing and Redevelopment Authority (HRA) are legally separate; however, in essence, they both function as a department of the City of Saint Paul and, therefore, have been included as an integral part of the City of Saint Paul's financial statements. The City of Saint Paul is also financially accountable for the legally separate Saint Paul RiverCentre Convention & Visitors Authority, Saint Paul Regional Water Services and the Port Authority of the City of Saint Paul, all of which are reported separately as component units within the City of Saint Paul's financial statements. The nature of the activities of these organizations and the specific justification and methods for inclusion as component units of the City are discussed in the notes to the financial statements.

BUDGET CONTROL

The annual budget serves as a foundation for the City of Saint Paul's financial planning and control. In August of each year, the Mayor presents the budget to the City Council for the following calendar year. The budget includes proposed expenditures and means of financing them. The Council then holds a public hearing to obtain taxpayer comments. The budget is legally adopted through the passage of a Council resolution in December.

City budget amendments that authorize an increase in total fund spending require approval of the City Council following a public hearing. In addition, City Council approval is required for budget amendments transferring appropriations between departments within the General Fund.

Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated

annual budget has been adopted. For the General Fund, Assessment Financing Fund, Public Library General Fund, and the HRA General Fund, this is presented as part of the required supplementary comparison information. For other governmental funds with appropriated annual budgets, this comparison is presented in the governmental fund subsection of this report.

FINANCIAL POLICIES

In 2005, the City enacted a fund balance policy mandating minimum thresholds for the General Fund and the General Debt Service Fund. The policy for the General Fund requires a minimum unassigned fund balance of 15% of combined General Fund and Public Library General Fund operating spending. For additional information regarding the 2018 fund balance for the General Fund, see the MD&A as listed in the table of contents.

ECONOMIC OUTLOOK

Saint Paul is an important part of the overall strong Twin Cities metro area economy. Saint Paul is expected to add more than 37,567 jobs by 2040 (21.4% growth from 2010). ^a Total private and public administration employee count in Saint Paul at the end of 2018 was estimated to be 172,053.^b

Saint Paul compares favorably when ranked among the 20 largest northeast and Midwest cities on economic and social factors.^c Among these peer cities:

- Saint Paul's had the 3rd lowest annual unemployment rate in 2018 (2.8%) ^d
- Saint Paul ranked 5th in median household income (\$52,841), 5th highest in median family income (\$65,869) and 8th highest in per capita income (\$28,535) ^e
- The median value of owner-occupied houses in Saint Paul in 2018 was \$187,400.f
- Saint Paul's population with a bachelor's degree or higher in 2018 ranked 4th highest at 39.8%.^g

Over the years, Saint Paul has consistently registered an unemployment rate equal to or lower than that of the U.S. as a whole. The City's unemployment rate for 2018 of 2.8% was below both the Minnesota rate (3.2%) and the U.S. rate (3.7%).^h Employment in Saint Paul is not overly reliant on slowing and cyclical sectors, like manufacturing, but rather is based on stable and growing industries such as education, health services and public administration.

Saint Paul's largest employment sector is Health Care and Social Assistance (46,146 jobs; 31.1% of total jobs). Other large employment sectors include Public Administration (23,940 jobs; 13.9% of total jobs), and Professional and Accommodation and Food Services (12,460 jobs; 7.2% of total jobs).

CITY STRATEGIC PLAN AND PRIORITIES

Key strategic areas for the City's operations include, but are not limited to:

Sustainable Saint Paul: The City is taking proactive steps to protect the City's air, water, and urban landscape by focusing on Carbon Dioxide (CO_2) reduction activities in the areas of energy efficiency and conservation, clean energy supply, alternative fuels and transportation options, recycling and waste reduction, urban reforestation and natural resources management, and water resources management.

Economic Development: To maintain economic growth, the City will continue to develop and implement strategic plans to encourage private investment in housing and economic development projects in Saint Paul. The City of Saint Paul is involved in an initiative to position the Minneapolis-Saint Paul region as the world's premier business location and strengthen our diverse economy to compete in the global marketplace. A Minneapolis-Saint Paul Metropolitan Business Plan is guiding our efforts to coordinate a regional approach to economic development.

Racial Equity: A prosperous Saint Paul must address racial disparities. Diversity is a strength of the City's workforce and enables employees to more effectively and authentically provide services to residents, businesses, and visitors. The City believes inclusion, engagement, transparency, and continuous learning from each other are keys to creating racial equity in city government and in the community.

Youth: Past work with the Saint Paul Public schools, is being built upon by focusing on early childhood investments to give every student a strong start. This includes providing students and their families access to essential health services and affordable housing. Partnering with schools, colleges, workforce training programs and trade unions provides the next generation of leaders with all tools needed for a bright and prosperous future.

Neighborhoods: Police officers that reflect the City's diversity and have a stake in our neighborhoods are best suited to protect and serve all residents. In order to build trust between neighborhoods and their guardians, the City is dedicated to training officers in de-escalation techniques and connecting them to social workers, mental health providers and crisis prevention counselors so people in crisis get the help they need. Officers will be held accountable for conduct that does not meet these standards.

People of Color, Immigrants, and Women: All communities deserve a path to economic prosperity. The City's priorities include investing in businesses along cultural corridors across the city to ensure economic growth reaches all corners of our city. The City is also exploring options to make it easier for Saint Paul residents to open and run a business - especially people of color, immigrants, and women.

MAJOR DEVELOPMENTS

I. Downtown Saint Paul

The 428

The former 1955 Woolworth's department store at 428 Minnesota Street, vacant since 1994, has been converted into sustainable, modern office space. The \$15-17 million renovation broke ground in July 2017. Work included adding a 12,000-square-foot fourth floor, and a fifth floor featuring a 6,000-square-foot glassed-in co-working space with rooftop patio. The new 65,000-square-foot building opened in August 2018. The 428 is Minnesota's first building to pursue both LEED certification and WELL Core and Shell certification.

Press House Apartments

Real Estate Equities purchased the former Pioneer Press office building for \$8 million in December 2017. Press House Apartments now offers 144 income-restricted studio, one and two bedroom apartments along with 20,000 square feet of amenity space including a movie theater, workout facilities, clubroom and professional kitchen. Residents first moved in beginning January 1, 2019.

Celeste Saint Paul Hotel and Bar

Northfield-based Rebound Hospitality purchased the Exchange Building at Exchange Street and Cedar Avenue in late 2017 with plans to redevelop the former St. Agatha's Conservatory of Music and Art into a 71-room boutique hotel. Remodeling began in September 2018 including the preservation of the wood trim and the flower-patterned, hand-tiled fireplace; and, restoration of the terrazzo flooring. The hotel anticipates opening in Fall 2019.

Riverfront Properties

Riverfront Properties is a nearly five-acre site owned by Ramsey County located along the bluff overlooking the Mississippi River in downtown Saint Paul. On November 20, 2018, following a Request for Development Interest solicitation, the County began negotiations on an exclusive six-month agreement with AECOM to perform due diligence on a proposal to develop the Riverfront Properties site. AECOM's proposed development includes: a land bridge extension over Shepard Road and the railway, extending downtown Saint Paul to the Mississippi River; phased construction of four towers with Class A office and residential space and street-level retail, entertainment and hospitality; integrated public spaces including the first leg of the city's proposed River Balcony, a river-level esplanade, and amphitheater and band shell overlooking the river; and, new roadway connections to the site and supplemental parking.

Minnesota Museum of American Art/The M

A groundbreaking on the \$12.5 million expansion of the Minnesota Museum of American Art (the M) in the historic Pioneer Endicott building occurred in January 2018. The first phase of construction expanded the museum by 20,000 square feet and features new and expanded galleries; the Sifo Center for Creativity, a making and learning wing devoted to arts education for all ages; a sculpture court; common gathering spaces, and a glassed-in extension of the skyway. The museum opened to the public in December 2018.

Treasure Island Center

The Saint Paul Port Authority has redeveloped a former Macy's Department Store at 411 Cedar Street. The repositioned property reopened as Treasure Island Center in January 2018. The building includes Tria Rink, the official practice space of the Minnesota Wild; a two-level Walgreens, the Tria Orthopedic Clinic, Treasure Island administrative offices, office space for the Saint Paul Police Department, and office space for the Minnesota Housing Finance Agency.

Public Safety Annex/Pedro Park

On October 24, 2018, the City Council approved the sale and redevelopment of the Public Safety Annex at 100 East 10th Street to The Ackerberg Group. The action also approved the transfer of the sale funds to improvements of the adjacent .45-acre Pedro Park. The redeveloped Public Safety Annex is anticipated to feature 50,000 square feet of modern, creative office and retail space, including the expansion of the existing partial third floor, and maintaining the 30 indoor parking spaces.

II. Along the Green Line, Light Rail Transit

Allianz Field

Minnesota United broke ground in December 2016 on their \$150 million, 19,400-seat, 346,000-square-foot Major League Soccer stadium overlooking Interstate 94 between Pascal and Snelling Avenues. Fan amenities include 17 different types of seat and service offerings including a 2,920-seat, pyramid shaped safe stand section for Minnesota United's various supporters club, a 2,300-square-foot retail store, and a 4,100-square-foot brew hall, open on both gamedays and nongame days. The stadium opened in April 2019.

Snelling-Midway

Hand in hand with the soccer stadium, New York-based strip mall owner RK Midway has teamed with Minnesota United and other major investors to redevelop the adjacent Midway Shopping Center. A master plan approved by the City Council in August 2016 allows for a mix of uses and higher density on the nearly 35-acre transit-oriented redevelopment site. In May 2018, Mortenson was selected as the lead developer for the site.

III. Neighborhoods

Ford Site

In November 2017, the Saint Paul City Council approved the Ford Site Zoning and Public Realm Master Plan, a framework to guide mixed-use redevelopment of the former 122-acre former Ford Motor Company assembly plant and the adjacent 13-acre rail yard. In June 2018, Ford selected Ryan Companies as the master developer to the 122-acre main assembly plant parcel. At full buildout the site could include between 2,400 and 4,000 residential units, 20% affordable, 1,100 jobs, significant parkland and greenspace, and an innovative stormwater feature.

Keg and Case Market

Developer Craig Cohen, with Cushman and Wakefield, converted the former Keg Building at the historic Schmidt Brewery into the Keg and Case Market. The indoor market opened in September 2018 with 27 local small businesses occupying the space, as well as an outdoor event space for community events and a farmer's market. The Keg and Case Market was named the 2019 Best New Food Hall in the nation.

O'Gara's

Ryan Companies began demolition of the former 19,360-square-foot O'Gara's Bar and Grill and three adjacent homes in November 2018. The new development will feature 163 market-rate apartments and 4,000 square-feet of retail.

Selby Milton Victoria

In June 2018, construction began on an innovative mixed-use development including senior rental housing and first floor commercial space on two long vacant parcels of city-owned land. The Selby Milton Victoria project will have 34 units of low-income senior housing, along with 9,300-square-feet of street level commercial space. The Rondo Community Land Trust will retain ownership of the land and control pricing aimed towards attracting small, local and minority-owned businesses into the building.

CASH AND INVESTMENT MANAGEMENT

Cash balances during the year were invested in U.S. Treasuries, Agencies of the Federal Government, certificates of deposit, municipal securities, money market funds and savings deposit accounts, in accordance with Minnesota State Statue 118A and the City's Investment Policy. An investment policy was adopted by the City Council in July 2003 to improve management of the City's investment portfolio. The investment policy's goal is to preserve safety by minimizing credit and market risks, while ensuring liquidity and maintaining a competitive yield on the portfolio. A portion of the City's investment portfolio is managed by four external managers. As of December 31, 2018, the reported interest on investments was \$6.0 million. All securities purchased by the City are held by a third party safekeeping agent in the City's name, or in the City's safe.

DEBT MANAGEMENT

The City of Saint Paul partners with Ramsey County and Independent School District #625 (Saint Paul Public Schools) as members of the Joint Property Tax Advisory Committee (JPTAC). The JPTAC, created by Minnesota statute, is charged with the obligation to reduce the overall tax burden on the citizens of Saint Paul. The Joint Debt Advisory Committee (JDAC), a subcommittee of JPTAC, is charged with overseeing and reporting to the public on joint debt activities. This group evaluates compliance by the jurisdictions within the adopted target ranges for satisfactory debt management and releases its findings in the Joint Debt Book, which is usually published every two years.

The most recent report was published in June 2018. All goals and objectives of the Joint Debt Advisory Committee were met. A report on debt outstanding as of December 31, 2018, was completed in June 2019.

The City maintained its AAA bond ratings from Standard & Poor's and Fitch Ratings due to the strong economy, very strong financial management and strong budgetary performance.

RISK MANAGEMENT

The City has a centralized Risk Management Division within the Office of Human Resources that provides direction, management, coordination and planning services for risk, insurance and employee benefit programs. The risk management effort covers significant loss exposures, applies effective and reasonable risk controls and suggests funding arrangements for both insured and self-funded risks to ensure that the financial integrity of the City is not impaired after a loss.

The Risk Management Division also provides administrative and management services in the areas of health and welfare benefits, tort liability, workers' compensation, occupational health, loss control and safety, emergency preparedness, contract review and property insurance. Additional information on the City of Saint Paul's risk management activities can be found in Note VIII.C of the notes to the financial statements.

AWARDS AND ACKNOWLEDGMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Saint Paul, Minnesota for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended December 31, 2017. This was the 42nd consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently-organized Comprehensive Annual Financial Report. This report must satisfy both GAAP and applicable legal requirements.

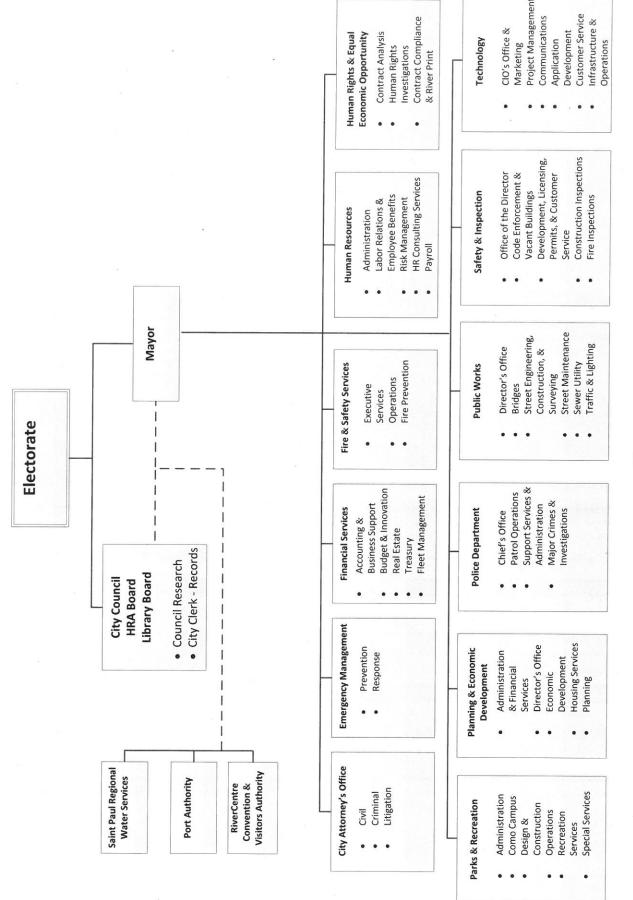

A Certificate of Achievement is valid for a period of one year only. We believe our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of the 2018 Comprehensive Annual Financial Report was accomplished through the combined efforts of the Office of Financial Services' accounting staff and departmental accountants. The State Auditor's cooperation in scheduling staff to review statements as they were prepared was very helpful and appreciated.

Cordially

John McCarthy, Interim Director Office of Financial Services

(Form of Government: "Strong" Mayor, with Seven Councilmembers Elected by Ward) City of Saint Paul, Minnesota

The Honorable Melvin Carter, Mayor, and Members of the City Council City of Saint Paul, Minnesota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Saint Paul, Minnesota, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Saint Paul RiverCentre Convention and Visitors Authority, which represent 1 percent, 2 percent, and 16 percent, respectively, and the Port Authority of the City of Saint Paul, which represent 32 percent, 5 percent, and 24 percent, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Saint Paul RiverCentre Convention and Visitors Authority and the Port Authority of the City of Saint Paul, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Saint Paul RiverCentre Convention and Visitors Authority were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Saint Paul as of December 31, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter – Change in Accounting Principle

As discussed in Note III.C.1. to the financial statements, in 2018, the City adopted new accounting guidance by implementing the provisions of Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, which represents a change in accounting principles. Our opinion is not modified with respect to this matter.

Emphasis of Matter – Correction of Material Misstatement in Previously Issued Financial Statements

As discussed in Note III.C.2. to the financial statements, the previously issued 2017 financial statements have been restated to correct a misstatement. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Required Supplementary Information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our

inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Saint Paul's basic financial statements. The Introductory Section, the Supplementary Information, the Other Supplementary Information, and the Statistical Section as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Supplementary Information and Other Supplementary Information as listed in the table of contents are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information and the Other Supplementary Information are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Introductory and Statistical Sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 17, 2019, on our consideration of the City of Saint Paul's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Saint Paul's internal control over financial report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Saint Paul's internal control over financial reporting and compliance. It does not include the Saint Paul RiverCentre Convention and Visitors Authority or the Port Authority of the City of Saint Paul, which were audited by other auditors.

MANAGEMENT'S DISCUSSION AND ANALYSIS For Year Ended December 31, 2018

OVERVIEW OF THE FINANCIAL STATEMENTS

As management of the City of Saint Paul, we offer readers of the City's financial statement this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2018. We encourage readers to consider the information presented here in conjunction with the City's financial statements and the additional information that we have furnished in our letter of transmittal, which can be found on pages v-xii of this report.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the City of Saint Paul exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$1,043.7 million (*net position*). Of this amount \$124.7 million is restricted for specific purposes and \$1,245.9 million is net investment in capital assets. The total net position includes all major infrastructure networks.
- The City's total net position increased by \$55.8 million. After restating the January 1, 2018 net position for a prior period adjustment and a change in accounting principle related to the Other Postemployment Benefits liability, Governmental activities increased by \$50.7 million and business-type activities increased by \$5.1 million.
- The City of Saint Paul's governmental funds reported combined ending fund balances of \$215.9 million, a decrease of \$24.1 million in comparison with the restated fund balances from the prior year. Approximately 19.9% of this amount or, \$42.9 million, is unassigned and available for use in accordance with the City's spending policies. There was a restatement of fund balance in two governmental funds, City Capital Projects and Right of Way Maintenance. In 2017, certain assessments that should have been booked as deferred revenue were instead recorded as revenue. This needs to be corrected, and this total restatement reduced the January 1, 2018 fund balance by \$7.3 million.
- At the end of the fiscal year, fund balance for the General Fund was \$58.0 million, an increase of \$5.3 million or a 10.1% increase of the 2017 fund balance. The General Fund fund balance is 17.9% of the budgeted 2019 General Fund expenditures of \$306.1 million plus the Public Library General Fund expenditures of \$18.7 million. This is in compliance with the City's 15% fund balance policy.
- At the end of the fiscal year, fund balance for the City Debt Service Fund was \$49.1 million or 110.2% of the governmental activities' debt service payments of \$44.5 million that are due within one year.
- The City's total long-term bonds and notes decreased by \$29.4 million, a 5% decrease from 2017 for a total outstanding on December 31, 2018 of \$549.5 million.
- For the year ended December 31, 2018, the City implemented specific guidance from Governmental Accounting Standards Board (GASB) Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, related to the accounting for the City's implicit rate subsidy related to providing health insurance to retirees at a blended rate. See details of the updated disclosures in Note VIII.B of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS For Year Ended December 31, 2018

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all of the City's assets and deferred outflows of resources, and liabilities and deferred inflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. To assess the overall health of the City, one needs to consider additional non-financial factors such as changes in the City's property tax base and the condition of the City's infrastructure.

The Statement of Activities presents information showing how the City's net position changed during the fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in the future fiscal periods (e.g., uncollected taxes and earned but unused compensated absences).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, highways and streets, sanitation, health, culture and recreation, and housing and economic development. The business-type activities of the City of Saint Paul include sewer; development loan programs; parking operations; the Penfield Apartments; parks, recreation and athletics; impound lot; and printing.

The government-wide financial statements include not only the City of Saint Paul itself (known as the primary government), but also Saint Paul RiverCentre Convention & Visitors Authority (RCVA), Saint Paul Regional Water Services (SPRWS) and Port Authority of the City of Saint Paul, which are separate legal entities for which the City of Saint Paul is financially accountable. Financial information for these component units is reported separately from the financial information presented for the primary government itself. The Housing and Redevelopment Authority of the City of Saint Paul (HRA) and the Saint Paul Library Agency, although legally separate, function for all practical purposes as departments of the City of Saint Paul, and therefore, have been included as an integral part of the primary government.

The government-wide financial statements can be found in the Basic Financial Statements section of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS For Year Ended December 31, 2018

OVERVIEW OF THE FINANCIAL STATEMENTS

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains 28 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, Public Library General Fund, HRA General Fund, Assessment Financing, City Debt Service, HRA Debt Service, and City Capital Projects, all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The basic governmental fund financial statements can be found in the Basic Financial Statements section of this report.

Proprietary Funds – The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its River Print, Impound Lot, Sewer Utility, Parks Special Services; HRA Loan, HRA Parking and HRA Penfield. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses its internal service funds to account for Internal Borrowing, Central Services, Equipment Services Fire-Police, Public Works Administration, Fleet Services, Public Works Engineering, Asphalt Plant, Traffic Warehouse, Parks Supply and Maintenance, and Planning and Economic Development Administration. The services provided by these funds predominately benefit the governmental rather than the business-type functions. They have been included within governmental activities in the government-wide financial statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS For Year Ended December 31, 2018

OVERVIEW OF THE FINANCIAL STATEMENTS

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Sewer Utility, HRA Parking, HRA Penfield, and HRA Loan, since they are considered to be major funds of the City. Data from the other enterprise funds are combined into a single aggregated presentation. All internal service funds are combined into a separate single aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found in the Basic Financial Statements section of this report.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found in the Basic Financial Statements section of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Supplementary Information

In addition to the basic financial statements and accompanying notes, *Required Supplementary Information,* presents a detailed budgetary comparison schedule for the City General Fund, Assessment Financing Fund, Public Library General Fund and the HRA General Fund to demonstrate compliance with the budget. In accordance with the requirements of GASB Statement No. 75, it also includes a schedule of changes in total Other Postemployment Benefits liability and related ratios. In accordance with the requirements of GASB Statements Nos. 68 and 72, also included, is defined benefit pension plan information: a) schedules of the City's contributions and b) schedules of the City's proportionate share of net pension liability. These schedules can be found in the Required Supplementary Information section of this report. The combining statements referred to earlier in connection with nonmajor governmental funds, proprietary funds, internal service funds and other information related to the individual funds are presented immediately following the required supplementary information. Combining and individual statements and schedules can be found in the Supplementary Information section of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS For Year Ended December 31, 2018

FINANCIAL ANALYSIS OF THE GOVERNMENT AS A WHOLE

The analysis of the City's financial position begins with a review of the *Statement of Net Position* and the *Statement of Changes in Net Position*. These two statements report the City's net position and changes therein. It should be noted that the financial position can also be affected by non-financial factors, including economic conditions, population growth and new regulations. Net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Saint Paul, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$1,043.7 million as of December 31, 2018.

CONDENSED STATEMENT OF NET POSITION

(in thousands of dollars)

The largest portion of the City's net position, \$1,245.9 million, reflects its investments in capital assets (e.g., land, building, improvements, equipment, infrastructure, and construction in progress), less any debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide service to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Restricted net position of \$124.7 million represent resources that are subject to external restriction on how they may be used. The remaining balance, unrestricted net position of (\$326.9) million, may be used to meet the government's ongoing obligation to citizens and creditors.

MANAGEMENT'S DISCUSSION AND ANALYSIS For Year Ended December 31, 2018

FINANCIAL ANALYSIS OF THE GOVERNMENT AS A WHOLE

Analysis of the City's Operations – The following table provides a summary of the City's operations for the year ended December 31, 2018. Overall, both the governmental and business-type activities revenue and expenses remained stable. Governmental activities increased the City of Saint Paul's net position by \$50.7 million. Business-type activities increased the City's net position by \$5.1 million.

MANAGEMENT'S DISCUSSION AND ANALYSIS For Year Ended December 31, 2018

FINANCIAL ANALYSIS OF THE GOVERNMENT AS A WHOLE

Governmental Activities

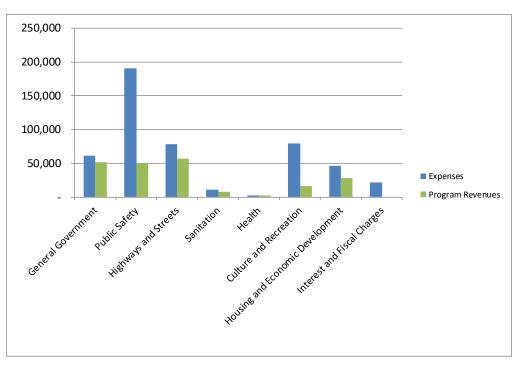

Governmental activities increased the City's net position by \$50.7 million, compared to the 2017 decrease of \$5.9 million. Overall, the governmental activities in 2018 were stable, with an increase in revenues and decreased expenses. Revenues increased by \$16.2 million while the expenses decreased by \$44.8 million and the net transfers decreased by \$4.5 million. The decrease in transfers reflects a \$1.7 million reduction in the transfer from the Penfield project and a \$3.5 million reduction in the HRA Loan Fund. The decrease in expenditures can be attributed to the liability calculation for both Pension and Other Postemployment Benefits. Actuarial calculations resulted in lowering these projected long-term liabilities across multiple functions. Functions most impacted by this change were General Government, Public Safety, Highways and Streets, and Housing and Economic Development.

Business-type Activities

Business-type activities experienced a \$5.1 million increase in net position. This is a result of the revenues increasing by \$6.0 million while the expenses increased by \$7.0 million. The revenue increase is due to increased charges for Sewer (\$2.9 million), Parking Operations (\$1.3 million) and Development Loan Programs (\$0.8 million). The expenditure increase was realized in the same three activities: Sewer (\$5.2 million), Development Loan Programs (\$1.0 million), and Parking Operations (\$0.7 million). The \$5.1 million net position increase is realized after reducing a positive operating variance for revenues and expenses of \$14.2 million by \$5.8 million which represents the net of transfers in and out, and \$3.3 million for a special item. The special item was a settlement agreement that HRA paid to a holding company in order to retain ownership of the World Trade Parking Ramp.

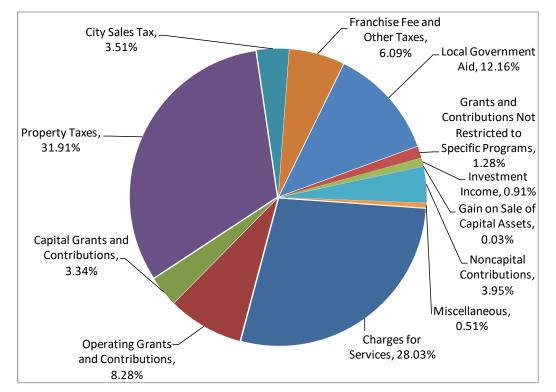

MANAGEMENT'S DISCUSSION AND ANALYSIS For Year Ended December 31, 2018

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

Governmental Funds

The focus of the City of Saint Paul's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unrestricted fund balances (committed, assigned and unassigned) may serve as a useful measure of the government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the City of Saint Paul's governmental funds reported combined ending fund balances of \$215.9 million. The majority of the fund balance is either nonspendable or restricted which comprise 51.9% of the total. The rest at 48.1% is unrestricted.

Nonspendable fund balance (less than 0.01% of total) includes amounts that are not in spendable form, or legally or contractually required to be maintained intact. Restricted fund balance comprises 51.9% of the total fund balance. Fund balance is reported as restricted when constraints place on the use of the resources are either externally imposed by the creditors (such as through debt covenants), grantors, other governments or is imposed by law through constitutional provisions or enabling legislation.

Of the total \$103.8 million of unrestricted fund balance, \$35.3 million is committed, \$25.6 million is assigned and \$42.9 million is unassigned. The total unassigned balance is net of the reported balance in the City General Fund of \$58.0 million and the rest are reported in various special revenue funds for (\$7.6) million and capital project funds for (\$7.5) million.

MANAGEMENT'S DISCUSSION AND ANALYSIS For Year Ended December 31, 2018

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

General Fund is the chief operating fund of the City. Total fund balance as of December 31, 2018, was \$58.0 million, all but \$6,775 of which was unassigned fund balance. It may be useful to compare unassigned fund balance to total fund balance and total fund expenditures as a measure of the fund's liquidity. Unassigned fund balance represents 99.99% of the total fund balance and 19.0% of the total 2018 fund expenditures including transfers out. The fund balance increased by \$5.3 million during the current fiscal year.

The following table provides an overview of the General Fund revenues by source.

Revenues by Source	2018	2017	Net Change	Total Percent Change		
Property Tax	\$ 110,142,221	\$ 81,588,131	\$ 28,554,090	35.00%		
Franchise Fees and Other Taxes	29,886,749	28,276,649	1,610,100	5.69%		
Intergovernmental	83,378,026	74,837,972	8,540,054	11.41%		
Fees, Sales and Services	57,972,849	58,663,613	(690,764)	(1.18)%		
Investment Income	2,254,443	2,416,152	(161,709)	(6.69)%		
Miscellaneous	2,957,046	967,881	1,989,165	205.52%		
Transfers In	10,411,602	9,733,736	677,866	6.96%		
Sale of Capital Assets	24,693	2,270,890	(2,246,197)	(98.91)%		
Total	\$ 297,027,629	\$258,755,024	\$ 38,272,605	14.79%		

Overall, the General Fund revenues increased by \$38.3 million (14.8%) in 2018 as compared to 2017. The largest increase in revenues was in Property Taxes, which were increased as part of the City's restructuring of how Street Maintenance is funded. As part of this change, the General Fund now supports street services such as snow plowing, pothole patching, traffic signs and signals, and pavement markings. Services such as street sweeping, street lighting, and street repair continue to be fee-based.

Other significant increases in revenues were seen in Intergovernmental, and Franchise Fees. For 2018, Saint Paul's Local Government Aid increased \$2.5 million; this is a general-purpose aid intended to be used for property tax relief, from the State of Minnesota. The other significant increase in Intergovernmental Revenue came from state and county revenues for road maintenance that used to be reported in the Right of Way Fund (Fund 230) that are now in the General Fund. This switch of County Road, Trunk Highway, and Municipal State Aids, increased General Fund revenue by \$6.3 million. Franchise Fee revenues increased by \$1.6 million, with payments from Xcel Energy accounting for \$1.2 million of this total.

In 2018, total General Fund revenue in the property tax account category totaled \$110.1 million, which represents an increase of \$28.6 million, or 35%, from 2017. Total property tax levied in 2018 was \$142.2 million, a 25.4% increase over 2017. The General Fund's portion of current year collections was \$106.6 million or 74.9% of the city-wide total. The remaining portion of the property tax levy supports the Public Library General Fund, in the amount of \$17.9 million or 12.6%, the HRA General fund for \$3.8 million or 2.7% and the City Debt Service Fund for \$13.9 million or 9.8% of the overall tax levy. In addition to the current year property tax revenue of \$106.6 million, delinquent property tax collections totaled \$0.5 million and the balance of the overall property tax revenue is from \$3.1 million in Tax Increment Financing collections.

MANAGEMENT'S DISCUSSION AND ANALYSIS For Year Ended December 31, 2018

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

The following table provides an overview of the General Fund expenditures by function.

Expenditures by Function	2018	2017	Net Change	Total Percent Change
General Government	\$ 46,843,262	\$ 45,562,004	\$ 1,281,258	2.81%
Public Safety	176,574,536	170,980,396	5,594,140	3.27%
Highways and Streets	25,690,741	2,250,027	23,440,714	1041.80%
Culture and Recreation	33,755,118	29,381,549	4,373,569	14.89%
Miscellaneous	887,152	657,907	229,245	34.84%
Debt	965	2,009	(1,044)	(51.97)%
Transfers Out	7,967,331	6,197,692	1,769,639	28.55%
Total	\$ 291,719,105	\$255,031,584	\$ 36,687,521	14.39%

Total General Fund expenditures increased by \$36.7 million or 14.4% as compared to 2017.

Highways and Streets increased by \$23.4 million compared to 2017. The increase was due to most street maintenance costs being moved from the Right of Way Maintenance Fund to the General Fund.

Public Safety expenditures increased by \$5.6 million compared to 2017. The increase was mainly due to increased personnel costs for Fire Fighting, Paramedics and Police operations compared to 2017.

General Government increased by \$1.3 million compared to 2017. Departments with the largest increases were General Government Accounts (\$0.7 million) and City Attorney (\$0.3 million). The combined increase for Technology, Financial Services, Human Resources and Human Rights was \$0.3 million.

Culture and Recreation increased by \$4.4 million compared to 2017. Over \$4.7 million was moved from the Street Maintenance Program in the Right of Way Maintenance Fund to the General Fund. These resources were for tree trimming and removal on City streets.

Transfers Out increased by \$1.8 million compared to 2017. This increase represents General Fund support for the street maintenance program in the Right of Way Maintenance Fund.

Assessment Financing Fund accounts for monies from assessments and fees charged for the building of capital projects, Truth-In-Sale of Housing, Nuisance Housing Abatement, Code Enforcement and the Rental Registration program. The fund is reporting a fund balance of \$7.1 million on December 31, 2018.

Public Library General Fund accounts for the general operations of the Saint Paul Public Library. The purpose of separating the Public Library from the City General Fund was to increase its visibility within the community. Revenues to support the agency are from property taxes and outside grants. Revenues reported from these sources, including transfers in, totaled \$18.5 million, with expenditures including transfers out of \$18.2 million. The fund is reporting a fund balance of \$2.5 million on December 31, 2018.

MANAGEMENT'S DISCUSSION AND ANALYSIS For Year Ended December 31, 2018

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

The *HRA General Fund* is the chief operating fund of the HRA. Revenues include the HRA property tax levy, fees from conduit revenue bond issues, property rentals, and investment earnings. The major spending activities are for staff administration of HRA programs, maintenance of HRA properties, and professional services for HRA programs and projects. The fund balance in the HRA General Fund decreased during 2018 by \$1.3 million from the January 1, 2018, fund balance to a total of \$9.2 million at December 31, 2018, due to an increase in administrative costs.

City Debt Service Fund accounts for the revenues and expenditures relating to the City's general obligation debt that is supported by property tax revenues. In 2018, \$14.0 million was received in taxes, \$0.5 million more than in 2017. The transfers in of \$43.5 million have increased by \$8.7 million. The total fund revenues and other financing sources such as transfers in and bonds and notes issued, were \$101.6 million and the fund expenditures and transfers in 2018 totaled \$109.5 million. The fund balance of \$49.1 million at the end of the fiscal year is to be used for future debt service payments.

HRA General Debt Service Fund accumulates resources and pays debt service for the HRA's debt that is not financed by the HRA's three enterprise funds. Debt service on the bonds is financed by property tax increments, lease payments from the City, and investment earnings. At December 31, 2018, the fund balance is \$7.9 million, which is entirely restricted for future debt service. Total debt spending during 2018 was \$5.1 million.

City Capital Projects Fund accounts for the major capital improvement projects relating to Cityowned capital assets. The fund has a total fund balance of \$9.9 million. This represents a decrease in fund balance from the restated January 1, 2018 fund balance during 2018 of \$30.6 million. This is mainly due to expenditures for capital outlay which was higher than the bond proceeds received.

Proprietary Funds

The City of Saint Paul's proprietary funds provide the same type of information found in the governmentwide financial statements, but in more detail.

Sewer Utility Enterprise Fund performance in 2018 ended with an unrestricted net position balance of \$38.1 million at December 31, 2018. The total net position increased in 2018 by \$4.2 million from the restated January 1, 2018 fund balance. Total cash is being maintained in the \$30-\$40 million range; total cash balance at December 31, 2018 was \$52.0 million. Revenues are being increased with a three-and-a-half percent (3.5%) increase in sanitary rates and a three-and-a-half percent (3.5%) increase in storm rates, which was recommended by the Mayor and adopted by the City Council in late 2017 for implementation on January 1, 2018.

The Sewer Utility Enterprise Fund anticipates maintaining the current unrestricted net position. At this time, the restrictions placed on resources in the Sewer Utility Enterprise Fund are those related to outstanding debt service (\$9.4 million). In September 2018, Standard & Poor's Rating Group assigned the Sewer Utility their rating of revenue bonds as AAA/Stable.

MANAGEMENT'S DISCUSSION AND ANALYSIS For Year Ended December 31, 2018

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

The *HRA Loan Enterprise Fund* accounts for loans issued and related servicing for various housing and economic development programs and projects. The fund has unrestricted net position totaling \$19.1 million at December 31, 2018. The assets of the fund include loans receivable and accrued interest on these loans which are reported at \$3.7 million (net of allowance) and in many cases have long repayment terms before there will be liquidation to cash. Cash and investments are reported at \$16.3 million at December 31, 2018. The fund had an overall decrease in net position of \$0.1 million for 2018.

The *HRA Parking Enterprise Fund* accounts for the operation of HRA-owned parking facilities in Saint Paul. The fund has unrestricted net position of \$21.4 million at December 31, 2018. Assets in the fund include capital assets for parking facilities reported at the depreciated amount of \$79.4 million. Long-term debt used for financing the construction of the parking facilities is \$43.4 million in principal outstanding at December 31, 2018. The fund had operating income of \$6.2 million during 2018.

The *HRA Penfield Fund* accounts for the Penfield Apartments. Cash and investments are reported at \$0.6 million at December 31, 2018. The Fund had an overall net position of \$0.6 million at December 31, 2018, all of which was unrestricted. The Penfield Apartments were sold on September 22, 2016, but cash is being held until the final escrow from the water remediation is returned to the HRA.

MANAGEMENT'S DISCUSSION AND ANALYSIS For Year Ended December 31, 2018

GENERAL FUND BUDGETARY HIGHLIGHTS

The final amended budget for the General Fund includes the original adopted budget, plus any previously appropriated funds set aside for the purpose of honoring legally-incurred obligations (prior year encumbrances and commitments), plus any additional supplemental appropriations that were legislated by the City Council during the year. The General Fund finished the year with a total appropriation of \$291.9 million, of which the adopted budget, including transfers, was \$289.6 million and \$2.3 million of 2017 budget authority carried forward to 2018.

The 2018 actual spending including transfers out was \$291.7 million, as compared to the final budget of \$291.9 million, resulted in a \$0.2 million positive budget-to-actual variance. Actual expenditures were 99.95% of the final budgeted amount.

The 2018 actual financing including transfers in was \$297.0 million compared to the final budget of \$290.4 million, and resulted in a positive variance of \$6.7 million. Actual revenues were 102.3% of the final budgeted amount.

Overall, the General Fund budget to actual results reflected a positive variance of \$6.8 million, with an actual net change in fund balance of \$5.3 million.

MANAGEMENT'S DISCUSSION AND ANALYSIS For Year Ended December 31, 2018

CAPITAL ASSETS

At the end of 2018, the City had invested a total of \$1,731.9 million in capital assets (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, equipment, infrastructure and construction in progress of the City, including the capital assets recorded for the City's internal service funds which have a depreciated value of \$15.0 million.

Major capital asset events during the current fiscal year included the following:

Public Works completed its 23rd year of the Saint Paul Streets (SPS) Program formerly known as the Residential Street Vitality Program (RSVP) by awarding Woodlawn/Jefferson Residential Phase I, Wheelock Parkway and Como Avenue for a total of \$11.2 million of Street Reconstruction Bonds.

Public Works also awarded the Margaret Bicycle and Ped Improvements, Grand Avenue Ped Safety Improvements, Expo Area Safe Routes to School, Pascal/Snelling Improvements, and Wilson Mill and Overlay projects for a total of \$23.7 million of Municipal State Aid, Federal Grants and local funding.

Public Works completed project work on Como Avenue, Grand Avenue Ped Safety Improvements, Expo Area Safe Routes to School, Pascal/Snelling Improvements and Wilson Mill and Overlay projects. Public Works continued design work on the Summit Avenue Bridge and started design work on the Johnson Parkway Trail and Como Avenue Trail projects.

The Sewer System Rehabilitation program is now in its 21st year. The Cherokee Heights Hydrodynamic Stormwater Treatment Device, Phase 2 Phalen Creek Storm Tunnel Rehab, St. Peter-Rondo Emergency Storm Tunnel, 2017 Citywide Sewer Repairs, and Sibley Lift Station Renovation Projects were completed in 2018. In 2018, the City awarded contracts for the following projects: Cherokee Heights Upper Ravine Stabilization, Broadway Lift Station Renovation, 2018 Citywide Sewer Lining, and Phase 3 Phalen Creek Storm Tunnel Rehab Projects.

MANAGEMENT'S DISCUSSION AND ANALYSIS For Year Ended December 31, 2018

LONG-TERM OBLIGATIONS

During 2018, the City issued \$70.6 million in bonds and \$4.0 million in notes, and retired \$92.8 million in bonds and \$11.3 million in notes, resulting in \$484.0 million in bonds payable and \$65.5 million in notes payable at the end of 2018. Of the bonded debt, \$217.0 million is considered to be gross direct general property tax supported debt; considering the \$49.1 million available in the City Debt Service Fund the net general property tax supported debt at year end was \$167.9 million or \$536 per capita.

The City's General Obligation bonds issued in 2018 the City received AAA ratings from Standard & Poor's Global Ratings and Fitch Ratings. The Sewer Revenue bonds issued in 2018 received a AAA rating from Standard & Poor's Global Ratings and were the City's third issuance to carry the Green Bond designation.

MANAGEMENT'S DISCUSSION AND ANALYSIS For Year Ended December 31, 2018

CURRENTLY KNOWN FACTS/ECONOMIC CONDITIONS

Financial Outlook

The Saint Paul Annual Operating Budget, in particular the City's General Fund and the Public Library's General Fund remain heavily influenced by state decisions regarding the state aid payments, called Local Government Aid (LGA).

In 2008, 2009, 2010, 2011, and 2012, the State had significant budget deficits which were resolved in part by sharply reducing aid payments to local governments. The reductions in aid occurred after the City had adopted its annual budgets for each of those years. Saint Paul took actions to mitigate the reductions by instituting hiring and spending freezes, as well as a limited use of available fund balance in excess of its fund balance policy requirements. These actions brought the City's budget back in line with forecasted revenues.

State aid payments are the second largest source of revenue in the City's General Fund budget. After years of reductions in LGA certifications, the State Legislature in 2013 increased LGA by \$10.1 million bringing the City's certified amount to \$60.1 million. In the 2014 and 2015 legislative sessions, Saint Paul continued to see increased certified amounts, first with an additional \$1.4 million in 2014 for the City's 2015 fiscal year and \$449 thousand in 2015 for fiscal year 2016 bringing the total LGA certification to \$62.3 million. During the 2017 legislative session an omnibus bill was not passed. This resulted in Saint Paul's LGA certification remaining mostly flat, increasing by \$224 thousand to \$62.6 million. In 2018 the Legislature passed an LGA increase of 4%, to \$65.1 million.

The LGA increases approved during the 2013 through 2015 legislative sessions were good steps forward towards a continued balanced and predictable state/local fiscal relationship. While the increase in 2018 was a welcome change from the 2017 result, the inconsistency of the State of Minnesota's ongoing commitment to funding LGA makes local government budget planning and service delivery less predictable for the citizens of Saint Paul.

The Mayor is committed to working closely with the City Council to address any budgetary concerns by continued evaluation of management measures to restructure and resize service delivery systems and balance the need for growth in local revenues. The City will continue to address citizen concerns for both current level of property taxation and preserving the scope and quality of municipal services.

MANAGEMENT'S DISCUSSION AND ANALYSIS For Year Ended December 31, 2018

CURRENTLY KNOWN FACTS/ECONOMIC CONDITIONS

Employment Outlook

The 2018 annual average unemployment rate for the City of Saint Paul was reported by the Bureau of Labor Statistics at 2.8%, compared to the state unemployment rate of 3.2% and a U.S. average rate of 3.7%. Saint Paul has a balanced, diversified employment base with no single industry sector dominating. Employment is not overly reliant on slowing and cyclical sectors, like manufacturing, but is centered with stable and growing employment sectors. Saint Paul's largest employment sector is health care and social assistance (46,146 jobs in 2018, 31.1% of total). Other large sectors include public administration (23,940 jobs, 13.9%); professional and accommodation and food services (12,460 jobs, 7.2%) according to Minnesota Department of Employment and Economic Development.

For 2018, Saint Paul employers paid an average of \$60,850 annually compared to the 2017 average of \$58,825, which represents an increase of 3.4%. An average wage in the Metro increased by 2.8% (\$71,188 vs. \$69,264) and by 3.4% statewide (\$58,032 vs. \$56,147) during the same period.

CITY OF SAINT PAUL, MINNESOTA RECONCILIATION OF THE GOVERNMENTAL FUND BALANCE SHEET AND THE GOVERNMENT - WIDE STATEMENT OF NET POSITION DECEMBER 31, 2018

Total Fund Balances - Governmental Funds	\$ 215,935,137
Amounts reported for governmental activities in the Statement of Net Position are different because:	
Capital assets used in governmental funds are not financial resources and, therefore, are not reported in the funds.	1,350,939,408
Some receivables that are not currently available are reported as deferred inflows of resources in the fund financial statements, but are recognized as revenue when earned in the government-wide statements, excluding the provision for an allowance for uncollectible taxes.	83,295,563
Internal Service funds are used by management to charge the costs of various services provided to individual funds. The assets, deferred outflows of resources, liabilities, and deferred inflows of resources of the internal service funds are included in governmental activities in the Statement of Net Position.	1,578,161
Most deferred inflows and deferred outflows are recorded only on the government-wide Statement of Net Position and some liabilities, including long-term debt, are not due and payable in the current period and, therefore, are not reported in the funds.	 (931,657,016)

t Change in Fund Balances - Total Governmental Funds	\$ (24,062
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report capital outlay as expenditures. However, in the Statement of Net Position, the cost of these assets is capitalized and	
depreciated over their estimated useful lives with depreciation expense reported in the Statement of Activities.	35,723
Net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, retirements and contributions) is to increase or	
decrease net position.	(3
Receivables not currently available are reported as deferred inflows of resources in the fund financial statements but are recognized as revenue when earned in	
the government-wide financial statements.	969
Debt and lease proceeds provide current financial resources to governmental	
funds, but issuing these obligations increases long-term liabilities in the Statement of Net Position. Repayment of principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the	
Statement of Net Position.	25,279
Some expenses in the Statement of Activities do not require the use of	
current financial resources and, therefore, are not reported as expenditures in the governmental funds.	13,606
Internal Service funds are used by management to charge the costs of	
various services provided to individual funds. The net revenues of certain activities of internal service funds are reported with	
governmental activities.	 (778

Note I. Form of Government

The City of Saint Paul, Minnesota has a mayor-council form of government. The mayor is elected by the voters of the City at large for four years on a full-time basis. The City is divided into seven wards. Voters of each ward elect a member of the City Council for four years on a part-time basis. Executive power is vested in the mayor; legislative power is vested in the Council. The mayor has veto power, which the Council may override with a vote of five members.

Note II. Financial Reporting Entity

In accordance with Governmental Accounting Standards Board (GASB) Statement No. 14 – *The Financial Reporting Entity* and GASB Statement No. 61 – *The Financial Reporting Entity* – *Omnibus*, the City's financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. The primary government is financially accountable for the component unit if it appoints a voting majority of the component unit's governing body and is able to impose its will on the component unit or there is a potential for the component unit to provide specific financial benefits to, or impose specific financial burdens on, the primary government.

As required by Generally Accepted Accounting Principles (GAAP), the financial statements of the reporting entity include those of the City of Saint Paul (the primary government) and its component units (legally separate organizations). The component units discussed below are included in the City's reporting entity because of the significance of their operational or financial relationship with the City.

In conformity with GAAP, the financial statements of component units have been included in the City's reporting entity either as blended component units or as discretely presented component units. Blended component units' financial data is reported as part of the primary government and are reported with similar funds of the primary government. Discretely presented component units' financial data is reported in a column separate from the financial data of the primary government to emphasize that they are legally separate from the City.

Blended Component Units

The following component units have been presented as blended component units because the component units' governing bodies are the same as the governing body of the City and a financial benefit or burden relationship exists or the City has operational responsibility for the component unit.

Housing and Redevelopment Authority of the City of Saint Paul (HRA)

The Housing and Redevelopment Authority of the City of Saint Paul (HRA) was established to undertake urban renewal programs. These programs strive to redevelop the residential, commercial and industrial areas of the City of Saint Paul and to provide adequate jobs, a sound fiscal base and a variety of affordable housing for City residents. The City of Saint Paul's City Councilmembers act as the HRA Board and the City has operational responsibility of the HRA. The HRA's budget and tax levy are approved by the City Council. The City has a general obligation pledge on certain HRA debt. Separate financial statements for the HRA can be obtained from the City of Saint Paul, Department of Planning and Economic Development, 1400 City Hall Annex, 25 West Fourth Street, Saint Paul, MN 55102.

Note II. Financial Reporting Entity (continued)

The HRA's component unit, Penfield Apartments, LLC is presented as a blended component unit of the HRA because the component unit's governing body is the same as the governing body of the HRA, and the HRA has operational responsibility for the component unit. Penfield Apartments, LLC is the developer and owner of a 253-unit market rate apartment complex, with structured parking and a grocery store located in the complex. It is a special purpose entity LLC, financed primarily by a U.S. Department of Housing and Urban Development mortgage, and is wholly owned by a single entity, the HRA. The City of Saint Paul's HRA Board of Commissioners acts as the Penfield Apartments, LLC Board. The Penfield Apartments were sold on September 26, 2016, and the sales proceeds paid off the mortgages. Separate financial statements since then are not available.

Saint Paul Library Agency

The Saint Paul Library Agency was established in 2003 and is responsible for operating the City's public library system. This system provides reading materials to meet the interests of all ages, responds to the community's need for information and facilitates lifelong learning to enrich the quality of life in the community. The City of Saint Paul's City Councilmembers act as the Library Board and the City has operational responsibility of the agency. The agency's budget is approved by the Board. The agency's tax levy is approved by City Council. The City has a general obligation pledge on Library debt. The Library Agency consists of an operating fund and a special projects fund. These funds are incorporated into the City's financial report.

Discretely Presented Component Units

The component unit columns in the government-wide financial statements includes the financial data of the City's other component units. The governing bodies of these component units are not substantively the same as the governing body of the primary government and the component units do not provide services exclusively to the primary government.

RiverCentre Convention & Visitors Authority

The Saint Paul RiverCentre Convention & Visitors Authority (RCVA), a Minnesota non-profit corporation, was organized to equip, maintain, manage and operate the RiverCentre Convention Center, Roy Wilkins Auditorium, RiverCentre Parking Ramp and pedestrian connection and operate a convention bureau to market and promote the City as a tourist and convention destination. The Mayor appoints the President and CEO. There are nineteen individuals on the Board of Directors. Ten directors are designated by the Mayor with the approval of City Council, three directors are City Councilmembers and six directors are members of the RCVA who represent the business community. Debt obligations have been issued on behalf of the RCVA and the operational revenues have been committed to the repayment of those obligations. However, ultimately, the City of Saint Paul or the HRA would be obligated to pay those debt obligations if the RCVA's revenues were insufficient to meet debt service. Separate financial statements for the RCVA can be obtained from the Saint Paul RiverCentre Convention & Visitors Authority; 175 West Kellogg Boulevard; Suite 502; Saint Paul, MN 55102.

Saint Paul Regional Water Services

The Saint Paul Regional Water Services provides safe, quality water to Saint Paul and surrounding communities at a reasonable price. The Board of Water Commissioners consists of seven members. Five board members are appointed by the Mayor with the consent of the City Council, three of whom are City Councilmembers and two are citizens. The remaining two board members are appointed by suburban city councils. The City Council approves the Regional Water Services' water rates and the City has issued general obligation bonded debt on behalf of Regional Water Services. As part of the annual audit of the City performed by the State Auditor's Office, the Regional Water Services' financial statements have been included in their audit. Separate financial statements can be obtained from the Regional Water Services; Business Division; 1900 Rice Street; Saint Paul, MN 55113.

Note II. Financial Reporting Entity (continued)

Port Authority of the City of Saint Paul

The Port Authority of the City of Saint Paul was established to increase the volume of commerce in the City through the creation of development districts and the acquisition and construction of industrial, commercial and other revenue-producing projects. The Port Authority finances this development in order to expand the tax base and create job opportunities. The Mayor appoints the Port Authority's board of commissioners with the consent of the City Council. Two of the seven board of commissioners are City Councilmembers. The Port Authority has issued general obligation debt and the Authority's development activities are financed in part with tax increment financing. It should be noted that other debt issued by the Port Authority, including industrial development revenue bonds, are not liabilities of the City of Saint Paul. The Port Authority considers these bonds as no-commitment debt, and they are excluded from its financial statements. The Authority defines no-commitment debt as debt for which the Authority has no further financial obligation. The industrial development bonds do not constitute indebtedness of the City and are secured solely by revenues from the commercial organizations on whose behalf the bonds are issued. The City assumes no responsibility for the day-to-day operations of the Port Authority, nor is it responsible for financing deficits. Separate financial statements can be obtained from the Port Authority of the City of Saint Paul, Chief Financial Officer, 380 St. Peter Street; Suite 850; Saint Paul, MN 55102.

The Port Authority's component unit, Capital City Properties (CCP), is a Minnesota not-for-profit corporation established in 1991 for the purpose of performing the functions and carrying out the public purposes of the Port Authority. All of the members of the board of directors of CCP are either commissioners or staff of the Port Authority. CCP leases the Capital City Plaza Parking Garage St. Paul, as well as participates in various joint ventures. Subject to the authorization of the CCP board of directors, excess cash flow may be utilized to carry out the public purpose of the Port Authority. Complete financial statements can be obtained from Capital City Properties, Chief Financial Officer, 380 St. Peter Street; Suite 850; Saint Paul, MN 55102.

Related Organizations

The City's officials are also responsible for appointing the members of the boards of other organizations, but the City's accountability for these organizations do not extend beyond making the appointments. Related organizations are not included in the City's reporting entity.

The Public Housing Agency of the City of Saint Paul owns and operates housing projects for low income, elderly and handicapped families. The commissioners of the Public Housing Agency are appointed by the City Council. The City does not provide funding, has no obligation for the debt of the Agency, and cannot impose its will on the Agency.

The Riverfront Redevelopment Corporation was established to affect the planning and implementation of the development and preservation of the Mississippi River Corridor within Saint Paul. The operations of the Redevelopment Corporation are managed by a board of directors consisting of not less than eight and no more than seventeen members. All members of the board of directors are appointed by the Mayor with the consent of the City Council. Four of the directors of the corporation are designated as the City representatives. These are (1) Mayor or the Mayor's designee, (2) two members of the City Council and (3) the Director of the City of Saint Paul, Department of Planning and Economic Development. The City has no ability to impose its will to significantly influence the programs, projects or level of services performed or provided by the Riverfront Redevelopment Corporation. The City is not responsible for funding debts, operating deficiencies and/or disposing of surpluses.

Note II. Financial Reporting Entity (continued)

Joint Venture

The Minneapolis/Saint Paul Housing Finance Board (the Board) was established in accordance with a Joint Powers Agreement entered into between the HRA and the former Minneapolis Community Development Agency (MCDA), and accepted by the cities of Minneapolis and Saint Paul under State of Minnesota laws. The governing bodies of the HRA and the City of Minneapolis each appoint three of the six members of the Board. The Board was created for the public purpose of providing decent, safe, sanitary, and affordable housing to the residents of the City of Saint Paul and the City of Minneapolis. The powers exercised by the Board include the power to undertake financing programs to implement individual components of the housing plan for each city and to issue revenue bonds to finance such programs. All bonds are special limited obligations of the Board and shall be payable only out of funds specifically pledged for each issue. Total net position at December 31, 2018, was \$8,452,176. The 2018 operations resulted in a decrease of \$95,749 to net position. During 2018, there were no distributions made from the Board to Minneapolis/Saint Paul.

Upon dissolution of the Board, all properties acquired by the Board and any surplus monies shall be distributed to the HRA and the City of Minneapolis in the proportion and otherwise pursuant to directions provided in the related indenture of trust or other bond documents. If properties acquired by the Board and any surplus monies are not traceable to a particular bond issue or the indenture is silent as to distribution of the assets upon discharge of the issue, the assets shall be distributed on the basis of the amount of funds each entity has contributed that would affect those assets. The respective percentage shares of the HRA and the City of Minneapolis in the Board's assets, liabilities, and equity were not determined at December 31, 2018. There has been no investment made by the HRA in the joint venture. Thus, the financial statements do not reflect an equity interest in the joint venture. Complete financial statements of the Board can be obtained from the City of Saint Paul, Department of Planning and Economic Development, 1400 City Hall Annex, 25 West Fourth Street, Saint Paul, Minnesota 55102.

Note III. Summary of Significant Accounting Policies

The financial statements of the City of Saint Paul have been prepared in conformity with GAAP in the United States of America as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

A. Government-wide and Fund Financial Statements

Government-wide Financial Statements

The statement of net position and statement of activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities and are prepared on the full accrual economic resource basis. Governmental activities generally are financed through taxes, intergovernmental revenues and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The City allocates indirect expenses to functions in the statement of activities. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported as general revenues.

Fund Financial Statements

Financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, liabilities, deferred inflows/outflows of resources, fund equity/net position, revenues and expenditures/expenses. The modified accrual basis of accounting continues to be the appropriate basis of accounting for governmental activity fund financial statements.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Funds are organized as major funds or non-major funds within the governmental and proprietary statements. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

- 1. Total assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues or expenditures/expenses of that individual governmental or enterprise fund are at least ten percent of the corresponding total for all funds of that category or type; and
- 2. The same element of the individual governmental fund or enterprise fund that met the ten percent test is at least five percent of the corresponding total for all governmental and enterprise funds combined.

Note III. Summary of Significant Accounting Policies (continued)

3. In addition, any other governmental or enterprise fund that the City believes is particularly important to financial statement users may be reported as a major fund.

The City reports the following major governmental funds:

- General Fund accounts for the City's primary operating activities financed mainly from property taxes, franchise fees and local government aid. It is used to account for all financial resources except those accounted for in another fund.
- Assessment Financing accounts for assessments and fees charged for the building of capital projects, Truth-In-Sale of Housing, Nuisance Housing Abatement, Code Enforcement and the Rental Registration program.
- Public Library General Fund accounts for the primary operating activities of the Library financed mainly from property taxes to provide a full range of library services.
- HRA General Fund accounts for the HRA's primary operating activities financed mainly from property taxes and conduit bond fees. It is used to account for all financial resources except those accounted for in another fund.
- City Debt Service accounts for resources accumulated, mainly from property taxes, investment earnings and
 payments made for principal and interest on long-term obligations other than tax increment district or enterprise fund
 debt.
- HRA General Debt Service accounts for HRA resources accumulated, mainly from property tax increment, investment earnings and payments made for principal and interest on long-term obligations other than enterprise fund debt.
- City Capital Projects to account for monies received from the sale of general obligation bonds and Invest Saint Paul bonds which are transferred to this fund. It also accounts for monies received from various agencies to fund construction projects and capital expenditures for the improvement of residential structures and commercial corridors.

The City reports the following major enterprise funds:

- Sewer Utility accounts for all fees collected from the customers connected to the City sewer system and for all expenses of operating this system.
- HRA Loan accounts for loans issued under HRA housing and business programs.
- HRA Parking accounts for parking revenues which are used for acquisition, construction, operation and maintenance of HRA-owned parking facilities.
- HRA Penfield accounts for the operations and debt service for the Penfield Apartments, a market rate rental project. The Penfield Apartments were sold in September 2016, but cash is retained until the final escrow is returned to the HRA.

(The remainder of this page left blank intentionally)

Note III. Summary of Significant Accounting Policies (continued)

The City reports the following non-major governmental and enterprise funds:

Non-Major Governmental Funds

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service or capital projects.

- City Grants
- General Government Special Projects
- Fire Responsive Services
- Police Special Projects
- Charitable Gambling
- Right Of Way Maintenance
- Street Lighting Districts
- Recycling And Solid Waste
- Public Health

- Parks and Recreation Special Projects
- Como Campus
- Parkland Replacement
- Lowertown Ballpark
- Public Library Special Projects
- City HUD Grants
- City Sales Tax
- HRA Grants
- HRA Palace Theatre Operations

Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including acquisition or construction of capital facilities and other capital assets.

- HRA Development Capital Projects
- HRA Tax Increment Capital Projects

Permanent Funds are used to account for and report resources that are restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs; that is, for the benefit of the government or its citizenry.

Parks Memorial

Non-Major Enterprise Funds

Enterprise Funds are used to report any activity for which a fee is charged to external users of goods or services, and must be used for activities which meet certain debt or cost-recovery criteria.

- Parks Special Services
- Impound Lot
- River Print

In addition, the City reports the following fund types:

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governmental units, on a cost-reimbursement basis, including attorney, purchasing, technology, equipment, engineering and administrative services.

Agency Funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, and/or other governmental units. These funds include employee withholding, funds payable to the State of Minnesota for sales and use tax, building permit surcharge and unclaimed property, and others.

B. Measurement Focus, Basis of Accounting and Financial Statement Presentation

Government-wide Financial Statements

The government-wide statement of net position and statement of activities are reported using the economic resources measurement focus and the full accrual basis of accounting. Under the full accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider are met. Special assessments are recorded as revenue when earned. Unbilled receivables are recorded as revenues when services are provided.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's enterprise funds and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Fund Financial Statements – Governmental Funds

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting.

Revenues

Governmental fund revenues are recognized in the accounting period in which they become susceptible to accrual; that is, when they become both measurable and available to finance the expenditures of the fiscal period. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Revenues for nonexchange transactions are recognized based on the principal characteristics of the revenue. Exchange transactions are recognized as revenue when the exchange occurs.

Nonexchange Transactions

Derived tax revenue transactions result from assessments imposed by governments on exchange transactions. Hotel-motel tax and City sales tax are reported as revenue when the underlying exchange occurs and the receivable amount is available.

Imposed nonexchange transactions result from assessments by governments on nongovernmental entities and individuals. Property taxes, franchise fees and capital improvement special assessments are imposed nonexchange transactions. Revenues from property taxes and capital improvement special assessments are recognized in the period for which they were levied, to the extent they are collected in the current period or soon enough thereafter to be used to pay liabilities of the current period.

Property taxes, franchise fees and capital improvement special assessments receivable which are not available are reported as deferred inflows of resources, and will be recognized as revenue in the fiscal year that they become available. The City considers these revenues as available if they are collected within sixty days after year end.

Government-mandated nonexchange transactions occur when a government at one level provides resources to a government at another level and requires that government to use them for a specific purpose. The provider government establishes purpose restrictions and may also establish time requirements. Federal and state grants mandating the City perform particular programs are government-mandated nonexchange transactions. Revenues are recognized when the eligibility and time requirements are met, usually when the corresponding expenditure is incurred, using the guidelines of the legal and contractual requirements of the individual programs.

Voluntary nonexchange transactions result from legislative or contractual agreements, such as grants, entitlements, appropriations and donations. The provider may establish purpose restrictions and eligibility requirements. Revenues are recognized in the year to which they apply according to statute or contract. Gifts and contributions from individuals and miscellaneous revenues are also considered voluntary nonexchange transactions, and are generally recognized when received in cash because they are not measurable until received. Tax credits paid by the state (included in intergovernmental revenue) are recognized as revenue in the fiscal year that they become available. The City considers revenues from tax credits paid by the state as available if they are collected within sixty days after year end.

Exchange Transactions

Exchange transactions include revenues such as interest earned, service-type special assessments, fees, sales and services, licenses and permits. Sales and services, interest earned and service-type special assessments are reported as revenue when they become both measurable and available to finance expenditures of the fiscal period. The City considers these revenues as available if they are collected within sixty days after year end. Licenses, permits and fees are reported as revenue when received in cash, because they are usually not measurable until received. Issuances of long-term debt and acquisitions under capital leases are reported as other financing sources in governmental fund financial statements.

Expenditures

Expenditures are recorded under the modified accrual method when the fund liability is incurred, except for principal and unmatured interest on general long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Fund Financial Statements – Proprietary Funds and Fiduciary Funds

Proprietary funds, consisting of enterprise and internal service funds, are reported using the economic resources measurement focus and the full accrual basis of accounting. Their revenues are recognized when they are earned, and their expenses are recognized when they are incurred. Material unbilled accounts receivables are recorded at year end.

The proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges to customers for sales and services. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The City's Fiduciary Funds consist solely of Agency Funds. Agency Funds do not have a measurement focus, but are reported on a full accrual basis of accounting.

Fund Financial Statements – All Funds – Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources; and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

C. Restatements of Net Position, Fund Balance, and Special Item

1. Change in Accounting Principle

During the year ended December 31, 2018, the City adopted new accounting guidance by implementing the provisions of GASB Statement No. 75. GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, changes standards for recognizing and measuring other postemployment benefit (OPEB) liabilities and related deferred outflows of resources, deferred inflows of resources, and OPEB expense. This statement also requires additional note disclosures and a schedule in the required supplementary information. The above restatement resulted in an adjustment to the beginning net position on the Statement of Activities of \$143,212,300.

2. Prior Period Adjustment of Capital Outlay in the City Capital Projects Fund

The January 1, 2018 net position of the City Capital Projects Fund was decreased due to a prior period adjustment affecting capital outlay. It was determined that a net of \$3,430,681 from a prior period should have been recorded to capital outlay.

3. Prior Period Adjustment of Deferred Inflows of Resources – Special Assessments in the Nonmajor Right of Way Maintenance Fund

The January 1, 2018 net position of the Nonmajor Right of Way Maintenance Fund was decreased due to a prior period adjustment affecting Deferred Inflows of Resources – Special Assessments. It was determined that a net of \$3,914,260 from a prior period should have been recorded to Deferred Inflows of Resources – Special Assessments instead of special assessment revenue.

The above restatements had the following impact on previously reported balances:

	Primary Government					
Statement of Activities	Governmental Activities	Business-Type Activities	Total			
Net Position, January 1, 2018 as previously reported	\$ 817,286,349	\$ 321,171,440	\$ 1,138,457,789			
Change in accounting principle - OPEB	(140,585,614)	(2,626,686)	(143,212,300)			
Prior period adjustment - capital outlay	(3,430,681)	-	(3,430,681)			
Prior period adjustment - assessments	(3,914,260)		(3,914,260)			
Net Position, January 1, 2018 as restated	\$ 669,355,794	\$ 318,544,754	\$ 987,900,548			
Statement of Revenues, Expenses, and Changes in Fund						
Net Position - Proprietary Funds	Amount

-	·					

4. Special Item – Purchase Option Settlement

The HRA of the City entered into an option to purchase agreement dated November 1, 1997, with Principal Mutual Life Insurance Company (Principal) that granted Principal the option to purchase the World Trade Center Parking Ramp. In 2018, Principal assigned this option to St. Paul Tower, L.P., WF Tower Holdings, LP, Overland W.F.P.-1, L.P., and overland W.F.P.-2, L.P. (collectively "WFP"). The HRA subsequently entered into a settlement agreement with WFP on November 20, 2018. This settlement agreement required the HRA to pay \$3,300,000 to retain ownership of the World Trade Center Parking Ramp.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position

1. Cash and Investments

The City maintains a general portfolio, which is a pool of investments covering pooled cash and cash equivalents. The City's Office of Financial Services, Treasury Section, also manages the deposit and investment function of the Regional Water Services and the majority of the RiverCentre Convention & Visitors Authority discretely presented component units. Each fund's portion of this pool is displayed on the financial statements within "Cash and Investments with Treasurer."

Cash equivalents are cash on hand, cash in bank and highly-liquid investments adjusted to fair value having original maturities (time span from purchase date to maturity date) of three months or less. Cash equivalents are identified only for the purpose of the Statement of Cash Flows. Included in the classification of cash equivalents are cash and investments with treasurer, imprest funds and restricted cash.

In addition, the City invests non-pooled cash within various funds. Investments are reported at fair value, as defined and determined in accordance with Governmental Standards Board Statement No. 72, *Fair Value Measurement and Application*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Changes in fair value of investments are reported as revenue in the year in which the change occurred. Accordingly, investments are stated at fair value.

A market approach is used to value all investments other than external investment pools, which are measured at the net asset value, or fair value per share. Investments in nonparticipating interest-earning contracts, such as savings accounts and nonnegotiable certificates of deposit are reported at cost. Money market investments and participating interest-earning investment contracts (negotiable certificates of deposit), are reported at amortized cost, since these investments had a remaining maturity of one year or less at the time of purchase. Money market investments are short-term, highly-liquid debt instruments, bankers' acceptances and U.S. Treasury and agency obligations.

It is the City's practice to ensure that investments can be held to maturity. The amounts of unrealized gains or losses are included in investment income as an increase (decrease) in fair value of investments. In 2018, the City recorded a "decrease in fair value of investments" as negative investment income of (\$1,789,080) for governmental and proprietary funds. The calculation of realized gains and losses is independent of the calculation of the net change in the fair value of investments. Realized gains and losses on investments that have been held in more than one fiscal year and sold in the current year were included as part of the change in the fair value of investments reported in the current year.

Interest Earned on Investments

In accordance with legal provisions, investment earnings from pooled deposits and investments are recorded in the following funds:

General Fund

Special Revenue Funds:

- HRA General Fund
- City Grants
- Police Special Projects
- Parks And Recreation Special Projects
- Parkland Replacement
- Lowertown Ballpark
- Public Library Special Projects
- City Sales Tax

Debt Service Funds:

- City Debt Service
- HRA Debt Service

Capital Projects Funds:

- City Capital Projects
- HRA Tax Increment Capital Projects

Permanent Fund:

Parks Memorial

Enterprise Funds:

- Sewer Utility
- HRA Loan
- HRA Parking
- Parks Special Services

Internal Service Funds:

• Internal Borrowing

Investment earnings are allocated based on average monthly cash balances.

See Note VI.A for further information.

2. Receivables

Property Taxes

Property tax levies are set by the City Council in October each year, and are certified to Ramsey County for collection in the following year. In Minnesota, counties act as collection agents for all property taxes.

The county spreads all levies over assessable property. Such taxes become a lien on January 1 and are recorded as receivables by the City at that date. Revenues are accrued and recognized in the year collectible, net of delinquencies.

Real property taxes may be paid by taxpayers in two equal installments, on May 15 and October 15. Personal property taxes on leased government-owned property may be paid in two equal installments on May 15 and October 15; property taxes on other personal property are to be paid in full on May 15.

Taxes which remain unpaid at December 31 are classified as delinquent taxes receivable, and are fully offset by deferred inflows of resources, because they are not known to be available to finance current expenditures. No allowance for uncollectible taxes has been provided, because such amounts are not expected to be material.

Special Assessments

Special assessments are charges to specific properties for public improvements constructed or maintained by the City. Special assessments cover all or a portion of the cost. The most common improvements assessed by the City are:

- Construction, reconstruction, replacement or installation of streets, sidewalks, pavement, gutters, curbs, lighting, boulevard landscaping, trees
- Construction of storm or sanitary sewer systems
- Installation of above-standard street lighting systems
- Reconstruction of alleys
- Construction of new sidewalks
- Installation or repair of water service lines
- Installation of fire protection systems

Accounts Receivable

Accounts receivable has been shown net of an allowance for uncollectible accounts.

Interfund Receivables and Payables

During the course of operations, transactions occur between individual funds that may result in amounts owed between funds. Short-term interfund loans are reported as "due to and from other funds." Long-term interfund loans (noncurrent portion) are reported as "advances from and to other funds." Interfund receivables and payables between funds within governmental activities are eliminated in the statement of net position. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances to other funds as reported in the fund financial statements are included in nonspendable fund balance in the General Fund to indicate the asset is not in spendable form and in restricted, committed, or assigned fund balance in the other governmental funds to indicate the level of constraint placed upon the proceeds from the repayment of the advance.

Notes and Loans Receivable

Notes and loans (hereafter referred to as "loans") have been issued to financially assist private developers in various Saint Paul development projects or to provide housing or commercial rehabilitation financing for Saint Paul property owners. All loans are secured by first or second property mortgages, with the exception of the STAR Program loans, which are not always secured.

Loans receivable in governmental funds are reported as an asset in the amount of loan proceeds disbursed less collections on principal. In order to satisfy federal grant reporting requirements, deferred inflows of resources of an equal amount to the asset is also reported on the respective governmental fund balance sheet and revenues are reported when principal payments are received from the loan recipient. An allowance for uncollectible loans, which offsets the total gross loans receivables, is recognized for the amount of loans receivable for which collection is doubtful or questionable.

Deferred inflows of resources are also reduced by the amount of the allowance for uncollectible loans. At the time of the disbursement of the loan, expenditures and loans receivable are debited in the amount of the loan issued, with the loans receivable being offset by a credit to deferred inflows of resources. In order to satisfy federal grant reporting requirements, unearned revenue of an equal amount to restricted grants is also reported in the balance sheet and revenues are reported when principal payments are received from the loan recipient.

For enterprise funds, loans receivable are reported as an asset in the amount of loan proceeds disbursed less collections on principal. An allowance for uncollectible loans, which offsets the total gross loans receivable, is recognized for the amount of loans receivable for which collection is doubtful or questionable.

The allowance for uncollectible loans is based upon an analysis of credit risk and payment delinquency.

3. Inventories and Prepaid Items

Inventories are valued at cost, which approximates market, using the first-in, first-out (FIFO) method. Proprietary fund inventories are generally used for construction, operation and maintenance work. They are not for resale. They are valued at cost based on weighted average, and charged to construction, operation and maintenance expense when used.

Certain payments to vendors which reflect costs applicable to future accounting periods are recorded as prepaid items in both government-wide and fund financial statements.

4. Land Held for Resale

Land is acquired by the HRA for subsequent resale for redevelopment purposes and not as an investment program. In order to entice development, the land is often resold at prices substantially lower than the HRA's cost. Land Held for Resale is reported as an asset at the net realizable value for all assets acquired before 2009 and at cost of purchase for all assets purchased after 2008 in the fund which acquired it. In governmental funds, in order to satisfy federal grant reporting requirements, land acquired is reported as expenditure in the amount of the acquisition cost and as assets for the same amount. When the land is subsequently sold, miscellaneous program income is

recognized for the sale amount. Future drawdowns from the federal government for reimbursement of expenditures incurred are adjusted by program income available at that date.

5. Restricted Assets

Mandatory segregations of assets are presented as restricted assets. Such segregations are required by bond agreements and other external parties. Current liabilities payable from these restricted assets are so classified. The excess of restricted assets over current liabilities payable from restricted assets will be used first for retirement of related long-term debt.

6. Capital Assets

Government-wide Financial Statements

Capital assets, which include land, buildings and structures, improvements, equipment and infrastructure (e.g., streets, bridges and sewers), are defined by the City as assets with an initial cost of more than \$5,000 for general capital assets and \$100,000 for infrastructure assets, and an estimated useful life of at least three years. Such assets are recorded at historical cost. Donated capital assets are recorded at acquisition value on the date received. Certain assets for which actual costs are not available have been valued on the basis of a professional valuation that determined their approximate historical cost. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Additions to and replacements of capital assets of business-type activities are recorded at original cost, which includes material, labor, overhead and an allowance for the cost of funds used during construction when significant. For tax-exempt debt, the amount of interest capitalized equals the interest expense incurred during construction netted against any interest revenue from temporary investment of borrowed fund proceeds. The cost of renewals and betterments relating to retirement units is added to related capital asset accounts. The cost of property replaced, retired or otherwise disposed of, is deducted from capital asset accounts and, generally, together with removal costs less salvage, is charged to accumulated depreciation.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the statements of activities, with accumulated depreciation reflected in the statement of net position. Depreciation is spread over the assets' estimated useful lives using the straight line method of depreciation. The range of estimated useful lives and method of depreciation by type of asset is as follows:

Asset	Method	Years
Buildings and Structures	Straight-Line	15-100
Infrastructure	Straight-Line	15-100
Public Improvements	Straight-Line	15-50
Equipment	Straight-Line	3-20

Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same way as in the government-wide statements.

7. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has four items that qualify for reporting in this category:

- a. Unrealized loss on derivatives the decrease in the fair value of an effective cash flow hedge for an interest rate swap agreement (interest swap derivative).
- b. Deferred loss on debt refunding the deferred charge on bond refunding results from the difference in the carrying value of refunded debt and its reacquisition price.
- c. Deferred other postemployment benefits outflows the amounts related to the increases in the other postemployment benefit liability.
- d. Deferred pension outflows the amounts related to the increases in the net pension liability.

In addition to liabilities reported in the statement of net position, the City reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has two items that qualify for reporting in this category:

- a. Deferred gain on debt refunding the deferred inflow on bond refunding results from the difference in the carrying value of refunded debt and its reacquisition price.
- b. Deferred pension inflows the amounts related to the decreases in the net pension liability.

In addition to liabilities reported in the governmental funds, the City reports a separate section for deferred inflows of resources. The City has one item which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenue from the following sources: property taxes, operating grants and contributions, accounts receivable, accrued interest receivable, notes and loans receivable, special assessments, and capital grants. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

8. Compensated Absences

The compensated absences liability includes earned but unpaid vacation and compensatory time, vested sick leave, an estimate of current vesting sick leave that will eventually vest, and salary-related payments (fringe benefits) associated with the payment of vacation and compensatory time balances.

Employees earn vacation based on years of service and their bargaining unit. Vacation must be used in the year it is earned, except for 120 hours or 160 hours per bargaining unit, which may be carried over to the following year. Employees are paid 100% of their accumulated vacation pay when they terminate their employment. All amounts are paid to a Post-Employment Health Plan (PEHP).

Sick leave earning varies based on bargaining units and ranges from 12 to 15 days per year and may be accumulated indefinitely. Terminated employees receive severance pay based upon unused sick leave. All severance pay is paid to a PEHP in the year following termination. Eligibility requirements and maximum allowable amounts vary, depending upon an employee's bargaining unit.

All vested vacation is accrued when incurred in the government-wide, proprietary and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured; for example, as a result of employee resignations and retirements, or are payable with expendable available resources.

9. Long-Term Obligations/Conduit Debt

All long-term obligations to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term obligations consist primarily of notes and bonds payable, and accrued compensated absences. Notes and bonds payable are reported net of the applicable premium or discount. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight line method.

Long-term obligations for governmental funds are not reported as liabilities in the fund financial statements. The face value of the debt (plus any premiums) is reported as other financing sources in the year of issuance and payments of principal and interest are reported as expenditures. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received are reported as debt service expenditures at the time of the debt issuance. The accounting in proprietary funds is the same as it is in the government-wide statements.

The HRA has issued Commercial/Industrial Development, Homeownership Mortgage, and Rental Housing Revenue Bonds to assist developers, businesses, and low-to moderate-income homeowners in projects which improve the economic and housing conditions of the City. The bonds are secured by the financed property and are payable solely from the revenues of the individual commercial/industrial or housing projects. The bonds do not constitute a charge, lien, or encumbrance, legal or equitable, upon any property or funds of the HRA, nor is the HRA subject to any liability thereon. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. Conduit bonds issued subsequent to January 1, 1996, have an outstanding principal balance of \$2.0 billion at December 31, 2018. The aggregate principal amount payable for conduit bonds issued prior to January 1, 1996, could not be determined; however, their original issue amounts totaled \$2.9 billion. There were 185 conduit bonds issued prior to January 1, 1996, and 167 conduit bonds issued subsequent to January 1, 1996.

10. Claims and Judgments

Claims and judgments are recorded as liabilities if all the conditions of GASB pronouncements are met. Claims and judgments that would normally be liquidated with expendable available financial resources are recorded during the year as expenditures in the governmental funds. If they are not to be liquidated with expendable available financial resources, no liability is recognized in the governmental fund statements.

The related expenditure is recognized when the liability is liquidated. Claims and judgments are recorded in the government-wide statements and proprietary funds as expenses when the related liabilities are incurred.

11. Pensions

For purposes of measuring the net pension liability, deferred outflows/inflows or resources, and pension expense, information about the fiduciary net position of the Public Employee's Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA except that PERA's fiscal year end is June 30. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Plan investments are reported at fair value. The pension liability is liquidated through the General Fund and other governmental funds and proprietary funds that have personnel services.

12. Equity Classifications

Government-wide Financial Statements

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets Consists of capital assets including infrastructure, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.
- b. Restricted net position Consists of net position with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or 2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position All other net position that do not meet the definition of "restricted" or "net investment in capital assets."

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Fund Financial Statements

Classification of Fund Balances

Governmental fund equity is classified as fund balance. Fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

<u>Nonspendable</u> – the nonspendable fund balance category includes amounts that cannot be spent because they are either not in spendable form, or legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash.

<u>Restricted</u> – fund balance is reported as restricted when constraints placed on the use of the resources are either externally imposed by the creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation.

<u>Committed</u> – the committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action (resolution) of the City Council. Those committed amounts cannot be used for any other purpose unless the City Council removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts.

<u>Assigned</u> – the assigned fund balance classification includes amounts the City intends to use for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds, assigned fund balance represents intended uses established by the City Council or the Office of Financial Services Director who has been delegated that authority by the City Council.

<u>Unassigned</u> – Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other fund balance classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted or committed.

The City has adopted an accounting policy that in determining the composition of its ending fund balance will consider restricted amounts to have been spent first when an expenditure is incurred for purposes for which both restricted and unrestricted amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned amounts and then unassigned amounts when expenditures are incurred for purposes for which amounts of the unrestricted fund balance classifications could be used.

Proprietary fund equity is classified the same as in the government-wide statements.

The City adopted a fund balance policy for the General Fund and City Debt Service Funds. The policy established specific goals and guidance for future decisions regarding the appropriate level and use of fund balance. The City General Fund fund balance should be maintained at a minimum of 15% of the next year's planned budget for the General Fund and the Public Library General Fund which is financed by property taxes and local government aid.

The City Debt Service fund balance should maintain an amount equal to the first half of the subsequent year's debt service, plus 7.5%, in addition to any reserves required by bond indentures, covenants, ordinances, other debt obligations and any net unrealized gains or losses associated with the fair value of investments.

Note IV. Reconciliation of Government-wide and Fund Financial Statements

A. Explanation of Certain Differences between the Governmental Fund Balance Sheet and the Statement of Net Position

Statement 4 is a reconciliation between fund balance – total governmental funds as reported in governmental funds and net position – governmental activities as reported in the government-wide statement of net position. Details of most of the elements of that reconciliation are as follows:

One element of the reconciliation states that "capital assets used in governmental funds are not financial resources and, therefore, are not reported in the funds." These assets, which include land, buildings and structures, improvements other than buildings, equipment, infrastructure and construction in progress are reported in the statement of net position as shown below.

Historical Cost of Capital Assets Accumulated Depreciation	\$ 2,216,006,745 (865,067,337)
Net Adjustment to Increase Fund Balance - Total Governmental Funds to Arrive at Net Position of Governmental Activities	\$ 1,350,939,408

Another element of the reconciliation states that "some receivables that are not currently available are reported as deferred inflows of resources in the fund financial statements, but are recognized as revenue when earned in the government-wide statements, excluding the provision for an allowance for uncollectible taxes." Below are details of that difference.

Unavailable Revenue	
General Government Revenues	\$ 29,463,966
Public Safety Revenues	1,440,893
Highways and Streets Revenues	36,001,369
Sanitation Revenues	8,065,270
Health Revenues	265,901
Housing and Economic Development Revenues	4,565,704
Property Taxes	2,807,571
Interest Earned on Investments	 684,889
Net Adjustment to Increase Fund Balance - Total Governmental Funds to Arrive	
at Net Position of Governmental Activities	\$ 83,295,563

Note IV. Reconciliation of Government-wide and Fund Financial Statements (continued)

Another element of the reconciliation states that "some liabilities, including long-term debt, are not due and payable in the current period and, therefore, are not reported in the funds." They are, however, reported in the government-wide statements. Long-term liabilities at the end of the year include the following:

	•	(0.1.1.000)
Pollution Remediation Obligation	\$	(241,000)
Deferred Outflow - Unrealized Loss on Derivatives		4,619,982
Derivative Interest Swap		(4,619,982)
Deferred Pension Outflows		140,286,440
Deferred Pension Inflows		(199,654,057)
Deferred Net Postemployment Benefits Outflows		18,576,014
General Obligation Bonds		(247,617,655)
Revenue Bonds		(115,084,000)
Bond Discount and Premium		(19,570,904)
Revenue Notes		(60,019,846)
Note Discount and Premium		(171,248)
Capital Leases		(3,751,999)
Compensated Absences		(16,543,569)
Other Postemployment Benefits Liability		(194,820,768)
Claims and Judgments		(69,677,250)
Net Pension Liability		(159,600,915)
Accrued Interest Payable		(3,766,259)
Net Adjustment to Decrease Fund Balance - Total Governmental Funds to Arrive		
at Net Position of Governmental Activities	\$	(931,657,016)
		(001,001,010)

B. Explanation of Certain Differences between the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances and the Government-wide Statement of Activities

Statement 6 is a reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that "governmental funds report capital outlays as expenditures. However, in the Statement of Net Position, the cost of those assets is capitalized and depreciated over their estimated useful lives with depreciation expense reported in the Statement of Activities." The details of this difference are as follows:

\$ 66,297,741
15,236,255
 (45,810,693)
\$ 35,723,303
\$

Another element of that reconciliation states that "debt and lease proceeds provide current financial resources to governmental funds, but issuing these obligations increases long-term liabilities in the Statement of Net Position. Repayment of principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position." Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premium, discount and similar items, when debt is first issued; whereas, these amounts are deferred and amortized in the Statement of Activities. The details of this difference are as follows:

Note IV. Reconciliation of Government-wide and Fund Financial Statements (continued)

Debt Issued or Incurred: General Obligations Bonds Premium on General Obligations Bonds Revenue Notes	\$ (49,762,655) (2,755,896) (4,000,000)	
Total Debt Issued	\$ (56,518,551))
Principal Payments		
General Obligations Bonds	\$ 61,875,000	
Revenue Bonds	7,440,000	
Revenue Notes	5,264,573	
Capital Lease	939,093	
Total Principal Payments	75,518,666	
Debt forgiveness on State Loan	4,750,000	
Interest on Debt	(106,690)	
Amortization of Premium	1,636,546	
Total Interest	1,529,856	_
Net Adjustment to Net Changes in Fund Balances - Total Governmental Funds to Arrive at Changes		
in Net Position of Governmental Activities	\$ 25,279,971	-

Another element of that reconciliation states that "some expenses in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds." The details of this difference are as follows:

Compensated Absences	\$ 95,332
Other Postemployment Benefits	12,180,013
Claims and Judgments	(5,887,405)
Pollution Remediation Obligation	159,000
Net Pension	 7,059,165
Net Adjustment to Net Changes in Fund Balances - Total Governmental Funds to Arrive at Changes in Net Position of Governmental Activities	\$ 13,606,105

Note V. Stewardship, Compliance and Accountability

A. Budgets and Budgetary Accounting

Budget Control

Appropriations are controlled administratively at the activity level within multi-year budgeted funds. Governmental funds with annually adopted budgets are controlled administratively at the activity level within the following major object levels of expenditure: salaries, fringes, debt service, other spending and transfers out. Proprietary funds with annually adopted budgets are controlled administratively at the fund level within the same major object levels of expenditure as in governmental funds. The legal level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is at the fund level, except for the General Fund, which is at the department/office level.

1. General Budget Procedure – City Funds

The City Council followed these procedures in establishing the 2018 budgets:

- a. On August 15, 2017, the Mayor presented a budget to the City Council for the following calendar year. The budget included proposed expenditures and advances and the means of financing them.
- b. The City Council held a public hearing on December 6, 2017, to obtain taxpayer comments.
- c. The budget was legally adopted through passage of council resolution #17-1974 during the City Council meeting on December 13, 2017.

City budget amendments that authorize an increase in total fund spending require the approval of the City Council. In addition, City Council approval is required for budget amendments transferring appropriations between departments within the General Fund.

2. General Budget Procedure – HRA Funds

The Housing and Redevelopment Authority (HRA) followed these procedures in establishing the 2018 budgets:

- a. The Executive Director presented a proposed budget to the HRA Board of Commissioners for the fiscal year commencing January 1, 2018. This budget included proposed expenditures and other uses and the means of financing them.
- b. Upon approval by the HRA Board, the Executive Director submitted the HRA budget to the Mayor of the City of Saint Paul, who submitted this budget to the City Council for consideration, approval and certification.
- c. The budget was approved through passage of council resolution #17-1976 during the City Council meeting on December 13, 2017.

HRA budget amendments that authorize an increase in total fund spending require the approval of the HRA Board of Commissioners. Amendments transferring budgeted amounts between cost centers within the same fund require administrative approval by the HRA Executive Director and the City Office of Financial Services Director.

Note V. Stewardship, Compliance and Accountability (continued)

3. General Budget Procedure – Library Agency Funds

The Library Agency followed these procedures in establishing the 2018 budgets:

- a. On August 15, 2017, the Mayor presented his proposed budget for the Saint Paul Public Library Agency to the Library Board of Commissioners for the fiscal year commencing the following January 1. The budget included proposed expenditures and other uses and the means of financing them.
- b. The City Council held a public hearing on December 6, 2017, to obtain taxpayer comments.
- c. The budget was legally adopted through passage of Saint Paul Library Agency resolution #17-1970 during the Library Board meeting on December 13, 2017.

Library Agency budget amendments that authorize an increase in total fund spending require the approval of the Library Board.

4. Annual and Multi-year Governmental Fund Budgets

Annual governmental fund budgets are reported in the following fund types and are adopted on a basis consistent with GAAP:

General Fund

Special Revenue Funds (except: City Grants, City HUD Grants, City Sales Tax, and HRA Grants, which have multi-year budgets).

Permanent Funds

In addition, multi-year governmental fund budgets are utilized in the capital projects funds but are not reported.

Note V. Stewardship, Compliance and Accountability (continued)

The following provides a summary reconciliation of the actual results for annually budgeted special revenue funds.

	Fund Balances 1/1/18	Revenues	Expenditures	Net Other Financing Sources (Uses)	Fund Balances 12/31/18
SPECIAL REVENUE FUNDS				· · · · ·	
Assessment Financing	\$ 5,462,842	\$ 6,920,857	\$ (2,630,156)	\$ (2,653,043)	\$ 7,100,500
Public Library General Fund	2,270,151	18,036,296	(18,122,012)	353,879	2,538,314
HRA General Fund	10,538,150	6,531,267	(7,030,804)	(805,854)	9,232,759
Annually Budgeted Nonmajor Funds*	6,821,041	50,899,371	(57,067,364)	8,242,539	8,895,587
Total Annually Budgeted Funds	\$ 25,092,184	\$ 82,387,791	\$ (84,850,336)	\$ 5,137,521	\$ 27,767,160
, , ,	i				

*Annually Budgeted Nonmajor Funds balance as of 1/1/18 was restated. This balance reflects the change.

5. Appropriation Revisions

Budgeted amounts are as originally adopted or as amended by the City Council. During 2018, increases and decreases to annual expenditures, other financing uses and transfers out appropriations were as follows:

	Or	riginal Budgeted				Final
		Amounts	Ne	et Amendments	Bu	dgeted Amounts
General Fund	\$	289,551,575 93,350,553	\$	2,311,228 11.367,216	\$	291,862,803 104,717,769
Special Revenue Funds		93,350,553		11,307,210		104,717,709
Permanent Funds		2,000		-		2,000

6. Appropriation Year-end Balances

Unexpended appropriation balances lapse at the end of the fiscal year in the annual governmental fund budgets. However, upon City Council approval, the appropriations for the subsequent year are increased in the amount necessary to satisfy the outstanding encumbrances at the end of the fiscal year.

Unexpended appropriation balances do not lapse at the end of the fiscal year in the multi-year governmental fund budgets.

Note V. Stewardship, Compliance and Accountability (continued)

B. Federal Audit Requirements

As a recipient of federal, state and local financial assistance, the City is responsible for ensuring that adequate internal controls are in place to ensure compliance with applicable laws and regulations related to those programs. These internal controls are subject to periodic evaluation by management.

The City is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act Amendments of 1996 and audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance).

The Uniform Guidance sets forth the audit requirements for local governments receiving federal awards. It provides for a single independent audit of the financial operations, including compliance with certain provisions of federal laws and regulations. The requirements have been established to ensure that audits are made on an organization-wide basis rather than a grant-by-grant basis. This audit requirement was complied with for 2018. An auditor's report on consideration of the City's internal control over financial reporting and on tests of the City's compliance will be issued at a later date.

C. Deficit Balances

GAAP requires disclosure of individual funds that have deficit fund balances or net position at year end. The following funds had deficit fund balances or net position at December 31, 2018:

	 Fund Balance/ Net Position	
Special Revenue Funds:		
Fire Responsive Services	\$ (100,888)	
Right of Way Maintenance	(3,066,961)	
Public Health	(212,264)	
Como Campus	(3,009,006)	
Enterprise Funds:		
Parks Special Services	(7,774,851)	
Impound Lot	(4,501,114)	
River Print	(306,157)	
Internal Service Funds:		
Equipment Services Fire-Police	(2,325,864)	
Public Works Administration	(1,046,849)	
Public Works Engineering	(5,077,824)	
Parks Supply and Maintenance	(1,965,641)	
Planning and Economic Development Administration	(7,291,934)	

Note VI. Detailed Notes on All Funds

A. Deposits, Investments and Securities Lending

Deposits

In accordance with Minn. Stat. §118A.02 and 118A.04, the City maintains deposits at financial institutions authorized by the City Council.

Minn. Stat. §118A.03 further requires that all City deposits be protected by insurance, surety bond, collateral or an irrevocable letter of credit issued by Federal Home Loan Banks. The fair value of collateral pledged must equal 110% of the deposits not covered by insurance or bonds.

Authorized collateral includes treasury bills, notes and bonds; issues of U.S. government agencies; general obligations rated "A" or better, revenue obligations rated "AA" or better; irrevocable standby letters of credit issued by the Federal Home Loan Bank; and certificates of deposit. Minnesota Statutes require that securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or in an account at a trust department of a commercial bank or other financial institution that is not owned or controlled by the financial institution furnishing the collateral.

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a financial institution failure, the City's deposits may not be returned to it. The City's policy for custodial credit risk for deposits is to maintain compliance with Minnesota Statutes that require the City's deposits be protected by insurance, surety bond or pledged collateral.

As of December 31, 2018, the City's bank balance of checking and interest-bearing accounts and certificates of deposit totaled \$66,236,515 which is also the City's carrying amount of these balances. As of December 31, 2018, the City's deposits were not exposed to custodial credit risk.

Imprest Funds on Hand

At December 31, 2018, the City had total imprest funds of \$84,285 on hand.

Investments

General

The City's Investment Policy Statement governs the investment portfolio of the City of Saint Paul. The goals of the City for the Portfolio are to preserve financial assets for future operating expenses, maintain reserves to fund unplanned shortfalls and generate income to support the activities of the City. The portfolio is managed in three components as follows:

- 1. Daily Portfolio: The daily component represents current operating funds on which draws are made frequently, requiring daily liquidity and preservation of principal. The time horizon on the Daily Portfolio is within a 12-month period.
- 2. Short Term Portfolio: A short-term component serves as a cushion to provide liquidity for possible shortfalls in the Daily Portfolio. Draws against the short-term portfolio are expected to be infrequent.

- 3. The time horizon on the Short-Term Portfolio is between one and three years.
- 4. Intermediate Term Portfolio: The balance of the Portfolio represents the intermediate term component, which serves as a reserve for unplanned shortfalls. In general, the Intermediate Term Portfolio is not expected to experience withdrawals and the time horizon on the Intermediate Portfolio is longer than three years. A portion of the Intermediate Term Portfolio is managed internally and the balance is managed by external managers.

Minnesota Statutes §§ 118A.04 and 118A.05 authorize the following types of investments for local governments:

- a. securities, which are direct obligations or are guaranteed or insured issues of the United States, its agencies, its instrumentalities, or organizations created by an act of Congress, except mortgage-backed securities defined as "high risk" by Minnesota Statutes Section 118A.04, Subd. 6;
- b. in shares of an investment company registered under the Federal Investment Company Act of 1940, provided the mutual fund receives certain ratings depending on its investments.
- c. general obligations of the State of Minnesota and its municipalities and in any security which is a general obligation of any state or local government with taxing powers which is rated "A" or better by a national bond rating service.
- d. in banker's acceptances of United States Banks, or in commercial paper issued by United States corporations or their Canadian subsidiaries that is rated in the highest quality category by two nationally recognized rating agencies and matures in 270 days or less.
- e. Repurchase agreements may be entered into with:
 - 1. a bank qualified as a depository;
 - 2. any national or state bank in the United States which is a member of the Federal Reserve System and whose combined capital and surplus equals or exceeds \$10,000,000;
 - 3. primary reporting dealer in United States government securities to the Federal Reserve Bank of New York; or
 - 4. a securities broker-dealer, licensed pursuant to Chapter 80A, or an affiliate of it, regulated by the Securities and Exchange Commission and maintaining a combined capital and surplus of \$40,000,000 or more, exclusive of subordinated debt.
- f. Securities lending agreements, and Guaranteed investment contracts.

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. It is the City's policy to invest only in securities that meet the ratings requirements set by state statute.

The City's exposure to credit risk as of December 31, 2018, is as follows:

Investment Type	S&P Global		Moody's Inv	estor S	stor Service		
US Treasury Securities	AA+	\$	39,193,471	Aaa	\$	39,193,471	
US Federal Agency Obligations	AAA		-	Aaa		134,283,489	
	AA+		134,283,489	Aa1		-	
Total US Federal Agencies			134,283,489			134,283,489	
US Mortgage Obligations	AAA		66,487,460	Aaa		66,516,181	
	AA+		28,721	Aa1		-	
Total Mortgage Obligations			66,516,181			66,516,181	
Municipal Bonds	AAA		15,519,435	Aaa		6,137,302	
	AA+		7,148,156	Aa1		11,881,964	
	AA		10,397,491	Aa2		22,136,650	
	AA-		1,645,214	Aa3		2,468,082	
	A+		1,372,952	A1		667,669	
	Not Rated		17,535,393	Not Rated		10,326,974	
Total Municipal Bonds			53,618,641			53,618,641	
Government Money Market Mutual Funds	AAA-mG		1,262,466	Aaa-mf		1,262,466	
Negotiable Certificates of Deposit	Collateralized - Not Rated		10,000,000	Collateralized - Not Rated		10,000,000	
Total Investments		\$	304,874,248		\$	304,874,248	

Custodial Credit Risk

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the City will not be able to recover the value of the investment or collateral securities that are in the possession of an outside party. According to City policy, all securities purchased are held by a third-party safekeeping agent appointed as custodian (US Bank) who is also the lending agent/counterparty. Certificates of Deposit and select securities purchased from the City of St. Paul may be kept in the City's safe. The securities lending agreement, although the program is suspended, is still in place between the City and its custodian.

The City has no custodial credit risk for investments at December 31, 2018.

Concentration of Credit Risk

The concentration of credit risk is the risk of loss that may be caused by the City's investment in a single issuer. It is the City's policy that U.S. Treasury securities, U.S. Agency Securities, and obligations backed by U.S. Treasury and/or U.S. Agency securities, may be held without limit.

At December 31, 2018, the City does not have investments in any one issuer that represent 5% or more of the City's total investments portfolio and therefore, also not subject to concentration of credit risk.

Interest Rate Risk

Interest rate risk is the risk that changes in the market interest rates will adversely affect the fair value of an investment. The City's internal portfolio has a shorter overall weighted duration than the benchmarks established for each component portfolio. All else being equal, this would be expected to reduce the risk to adverse effects from rising interest rates.

The External Managers, as part of their mandate, have to satisfy the parameters for liquidity and risk tolerance, a maximum duration of 125% of the benchmark duration. The performance benchmark for External Managers was 80% Barclay's Intermediate Government Index/20% 15-year MBS Index.

At December 31, 2018, the City had the following investments:

			l	Less Than		2 - 5		6 - 10	Ν	Nore Than
Investment Type		Fair Value		1 Year		Years		Years		10 Years
US Treasury Securities	\$	39,193,471	\$	17,265,177	\$	13,277,849	\$	8,650,445	\$	-

Included in the total investment pool of \$304,874,248 are equity investments of the City's two component units, the RiverCentre Convention & Visitors Authority for \$2,232,186 and the Regional Water Services for \$27,272,399. The remaining amount of \$275,369,663 belongs to the City.

Duration

Duration is a measure of a fixed income investment's cash flows using present values, weighted for cash flows as a percentage of the investment's full price. Effective duration makes assumptions regarding the most likely timing and amounts of variable cash flows arising from such investments as callable bonds, prepayments, and variable-rate debt.

As of December 31, 2018, the City had the following externally managed investments in its investment pool.

		Effective Duration		
Nuveen	\$	30,360,647	3.59	
Galliard		44,722,366	3.58	
Advantus		15,094,771	3.32	
RBC		44,031,407	3.70	
Total Externally Managed Investments	\$	134,209,191		

Benchmark (80% Barclay's Interm Gov't/20% 15 Year MBS)

Fair Value Measurements

The City categorizes its fair value measurements within the fair value measurement guidelines established by GAAP. These guidelines recognize a three-tiered fair value hierarchy as follows:

3.73

- Level 1 Quoted prices for identical investments in active markets
- Level 2 Observable inputs other than quoted market prices; and,
- Level 3 Unobservable inputs.

At December 31, 2018, the City had the following recurring fair value measurements:

			<u>Fa</u>	ir Valu	e Measurement Us	<u>sing</u>	
Investments By Fair Value Level	 12/31/2018	Level 1		Level 2			Level 3
US Treasury Securities US Federal Agency Obligations US Mortgage Obligations Municipal Bonds	\$ 39,193,471 134,283,489 66,516,181 53,618,641	\$	39,193,471 - - -	\$	- 134,283,489 66,516,181 53,263,897	\$	- - 354,744
Total Investments By Fair Value Level	\$ 293,611,782	\$	39,193,471	\$	254,063,567	\$	354,744
Investments Measured at Net Asset Value Government Money Market Mutual Funds Negotiable Certificates of Deposit	 1,262,466 10,000,000						
Total investments measured at Net Asset Value	 11,262,466						
Total Investments	\$ 304,874,248						

- · · · · · ·

....

Debt securities classified in Level 1 are valued using a market approach quoted in active markets for those securities.

Debt securities classified in Level 2 are valued using the following approaches:

- 1) U.S. Federal agency obligations are valued using a market approach by utilizing quoted prices for identical securities in markets that are not active;
- 2) U.S. Mortgage obligations are valued using a matrix pricing based on the securities relationship to benchmark quoted prices; and
- 3) Municipal bonds are valued using a market approach utilizing quoted prices for similar securities in active markets.

Level 3 inputs are unobservable inputs, such as management's assumption of the default rate among the underlying security of an asset. The municipal bonds classified in Level 3 are valued using consensus data.

The City invests in government mutual funds for the benefit of liquid investments that can be readily converted into cash. Government mutual funds held by the City seek a constant net asset value (NAV) of \$1.00 per share. The government mutual funds reserve the right to require one or more day's prior notice before permitting withdrawals. The City also holds negotiable certificates of deposit which will mature and be redeemed one year from issuance. The fair value is based on current market conditions. The City invests in these certificates of deposit with local financial institutions as part of its socially responsible investment fund.

Recap

Deposits and investments as described above appear in the City's financial statements consistent with the following analysis:

Cash Deposits	\$ 66,236,515	Cash and Investments with Treasurer	\$ 296,777,465

Property Taxes

For property taxes collectible in 2018, Saint Paul's taxable net tax capacity (including Tax Increment Districts) was \$292,144,719; the estimated fair value was \$24,079,909,300; the net tax capacity was 1.21% of the estimated fair value. Estimated fair values are converted to tax capacities based on a statutory rate for each class of property.

Current property tax collections for the year ended December 31, 2018, were as follows:

	City	HRA
Dollar Amount	\$138,431,094	\$ 3,813,626
Percent of Levy Spread	99.37%	99.78%

Notes and Loans Receivable

Notes and Loans Receivable are reported as assets in the following funds at December 31, 2018:

Special Revenue Funds:	
HRA General Fund	\$ 10,609
City Grants	725,000
City HUD Grants	1,203,513
City Sales Tax	2,979,894
Total Special Revenue Funds	 4,919,016
Capital Projects Funds:	
HRA Development	289,616
HRA Tax Increment	884,656
Total Capital Projects Funds	 1,174,272
Total	\$ 6,093,288

In addition to the above amounts reported as "Notes and Loans Receivable" on Statement 3, other long-term loans receivable are included in "Other Long-Term Receivables" in the following funds:

Enterprise Fund: HRA Loan Enterprise HRA Parking	\$ 3,265,028 436,250
Total Enterprise Funds	3,701,278
Internal Service Funds: Internal Borrowing Public Works Engineering	712,501 3,035,681
Total Internal Service Funds	3,748,182
Total	\$ 7,449,460

The amount reported for loans receivable is net of allowances for uncollectible loans. Allowances for uncollectible loans have been established for loans for which collection is doubtful or questionable. At December 31, 2018, the allowance for uncollectible loans recorded was \$114,125,893.

C. Land Held for Resale

Land Held for Resale is reported in the following funds as an asset as of December 31, 2018:

Special Revenue Funds HRA General Fund	\$ 325.236
City HUD Grants	4,514,620
Total Special Revenue Funds	4,839,856
Capital Projects Funds HRA Development Capital Projects HRA Tax Increment Capital Projects	893,067 982,328
Total Capital Projects Funds	1,875,395
Enterprise Fund HRA Loan	4,065,742
Total	\$ 10,780,993

D. Restricted Assets

As of December 31, 2018, the following restricted assets were reported in the following funds:

	 ax Increment tal Projects	Sewer Utility	HRA Parking
Cash for General Obligation Bond Current Debt Service	\$ -	\$-	\$ 1,910,266
Cash for Revenue Bond Debt Service	-	777,952	2,179,225

Internal Service Funds		21,702		-		471,893		-		-		-		-		675,571	1,169,166
Total All Funds	\$	21,702	\$	515,495	\$	471,893	\$ 1	,750,000	\$ ´	14,076,888	\$	135,616	\$	814,744	\$	910,116	\$ 18,696,454

Advances to other funds are to provide working capital for projects or operations of the other fund. The advances shown above are long-term amounts not due within one year.

Transfers

Generally, transfers are used to (1) move revenues from the fund that collects them to the fund that the budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to a debt service fund, and (3) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

The following is a schedule of interfund transfers as of December 31, 2018:

		Transfers In

Internal Service funds predominantly serve the governmental funds. Accordingly, their long-term liabilities are included as part of the totals reported for governmental activities. At year end, \$1,866,205 of compensated absences, \$2,156,346 of capital leases, \$16,728,689 of other postemployment benefits liability and \$14,988,415 of net pension liability were included in the noncurrent liabilities reported for the governmental activities.

The government-wide statement of net position includes \$4,166,229 of the long-term liabilities due within one year for business-type activities in "liabilities payable from restricted assets." The remaining amount of \$6,291,752 was displayed as "noncurrent liabilities due within one year" on the same statement.

Compensated Absences

Included in the City's governmental long-term obligations is \$18,409,774 of accrued compensated absences relating to employees not accounted for in proprietary funds. Governmental funds that report salaries in their statement of revenues, expenditures and changes in fund balance are charged on a proportionate basis for the actual payments made by the General Fund of the severance pay portion of the compensated absences liability. Actual payments of the vacation and compensatory time portion of the compensated absences liability are made directly from the same governmental funds that incurred the salary expenditures.

Proprietary fund accrued liabilities for compensated absences of \$495,539 are also included in the City's long-term obligations and have been reported in the appropriate fund's financial statements.

Other Postemployment Benefits Liability

At December 31, 2018, the other postemployment benefits liability was \$215,699,038 in the City's governmental long-term obligations. Other postemployment benefits are generally liquidated through the General Fund.

Proprietary fund accrued liabilities for other postemployment benefits of \$4,149,581 are also included in the City's long-term obligations and have been reported in the appropriate fund's financial statements.

Claims and Judgments Payable

Claim and judgment expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. These liabilities include an estimate of claims that have been incurred but not reported (IBNR). Claim expenditures relating to tort liabilities are paid from the General Fund. Workers' Compensation claim expenditures are recorded in the General Fund and are allocated to other City funds based upon a fringe benefit rate applied to each fund's actual salaries. The liability for claims and judgments is reported in the government-wide financial statements. At December 31, 2018, the claims and judgments liability was \$69,677,250.

Capital Leases

The following is a schedule by years of future minimum lease payments under these capital leases, together with the present value of the net minimum lease payments of December 31, 2018:

Year Ended December 31	RiverCentre Pedestrian Link	2012 Public Works Vehicle Lease	2013 Public Works Vehicle Lease	2014 Public Works Equpment Lease	2015 Technology Equipment Lease	2015 Public Works Equipment Lease	Totals

Capital Leases – Governmental Activity

HRA Revenue Notes

In November 2013, a loan agreement, with a revolving line of credit, was executed between the Saint Paul Foundation (Foundation) and the HRA whereby the Foundation has made available funds in the amount of \$2,500,000 to the HRA for use in its major housing initiative, the Housing 5000 Program. Any of the funds advanced under the loan agreement to the HRA by the Foundation are to be used solely for developer loans on approved housing projects. The agreement was amended in March 2016 to provide up to \$2,300,000 in loans for the Model Cities Brownstone project. The HRA is to repay the principal amount of the advances to the Foundation as the developer loans are repaid to the HRA. Simple interest of one percent on the outstanding Foundation advances is payable on each December 31 starting with 2016. December 1, 2026, is the final maturity date under the loan agreement.

Bond Issues

On May 16, 2018, the City issued General Obligation Various Purpose Bonds, Series 2018A in the amount of \$12,765,000. The proceeds were used to provide financing for capital improvement projects identified in the City's adopted 2018 Capital Improvement Budget and Program (\$10,280,000) and to finance the acquisition of public safety vehicles and other capital equipment (\$2,485,000).

On May 16, 2018, the City issued General Obligation Street Improvement Special Assessment Refunding Bonds, Series 2018B, in the amount of \$26,120,000 to current refund the City's General Obligation Variable Street Improvement Special Assessment Bonds, Series 2015C in the outstanding amount of \$18,845,000 and the General Obligation Variable Street Improvement Special Assessment Bonds, Series 2015C in the outstanding amount of \$8,750,000. The goal of refinancing the Series 2015C and 2016C bonds was to restructure short term debt into long term bonds and, therefore, the cash flow savings and resulting economic gain or loss over the life of the 2018B bonds is not able to be determined.

On May 16, 2018, the City issued General Obligation Tax Increment Refunding Bonds, Series 2018C, in the amount of \$13,175,000 to current refund the City's General Obligation Tax Increment Refunding Bonds, Series 2009G in the outstanding amount of \$14,500,000. The goal of refinancing the Series 2009G bonds was to restructure short term debt into long term bonds and, therefore, the cash flow savings and resulting economic gain or loss over the life of the 2018C bonds is not able to be determined.

On October 10, 2018, the City issued \$7,710,000 of Sewer Revenue Bonds, Series 2018D (Green Bonds). The proceeds were used to finance capital improvements to the City's sewer system that are environmentally friendly.

On December 20, 2018, the City issued General Obligation Street Reconstruction Bonds, Series 2018E, in the amount of \$14,600,000 of which \$10,177,655 was drawn in 2018. In addition, \$700,000 of the General Obligation Street Reconstruction Bonds, Series 2017D was drawn in 2018 for a total draw of \$9,575,000. The proceeds were used to fund street reconstruction projects identified in the Five-Year Street Reconstruction Plan.

Note Issue

On December 20, 2018, the City issued Revenue Note, Series 2018 (Trash Cart Project) in the amount of \$4,000,000 for the costs of acquisition and distribution of trash carts for the use of each residence in the City for the disposal of solid waste.

Crossover Refunded Debt

On May 1, 2018, the City crossover refunded the General Obligation Street Improvement Special Assessment Bonds, Series 2008B bonds in the amount of \$7,180,000 with the proceeds of the General Obligation Street Improvement Refunding Bonds, Series 2016F.

On May 1, 2018, the City crossover refunded the General Obligation Public Safety Bonds, Series 2008C Bonds in the amount of \$7,580,000 with the proceeds of the General Obligation Public Safety Bonds, Series 2017B.

J. Fund Balance Classifications

Fund balances for governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The December 31, 2018, fund balances are as follows:

		Major Special Revenue Funds							
Fund Balances:	City General Fund	Assessment Financing Fund	SPPL General Fund	HRA General Fund	City Debt Service Fund	HRA Debt Service Fund	City Capital Projects	Nonmajor Governmental Funds	Total
Nonspendable:

K. Tax Abatements – Pay-As-You-Go Tax Increment Notes

The HRA provides tax abatements pursuant to Minnesota Statutes 469.174 to 469.1794 (Tax Increment Financing) through a pay-as-you-go note program. Tax increment financing (TIF) can be used to encourage private development, redevelopment, renovation and renewal, growth in low-to-moderate-income housing, and economic development within the City. TIF captures the increase in tax capacity and property taxes from development or redevelopment to provide funding for the related project.

The notes are payable only after the HRA has received tax increment revenue from the districts that follow and can only be paid using that tax increment as the financing source. No liability is recognized at December 31, 2018, since all scheduled note payments have been made from the available tax increment. All expenditures under the notes are reported in the HRA Tax Increment Capital Projects Fund.

The HRA has issued pay-as-you-go tax increment notes to finance development in the following tax increment financing districts as of December 31, 2018. The agreements are not a general obligation of the HRA and are payable solely from available tax increment revenues. Accordingly, these agreements are not reflected in the financial statements of the HRA.

5.1. Pay-As-You-Go Tax Increment Notes

The HRA has issued pay-as-you-go tax increment notes to finance development in the following tax increment financing districts as of December 31, 2018.

No.	Tax Increment Financing District – Project	Date Issued	Note Amount	Note Principal Balance 12/31/2017	Note Principal Balance 12/31/2018	Total Amount Expended (Principal & Interest) Under Notes for the Year Ended 12/31/2018

*2018 ending principal balance reflects non-cash reductions for principal deemed paid of \$615,989 and \$899,165 for 2017 & 2018, respectively. Amounts deemed paid are not included in amount expended as cash was not actually expended.

**In 2018 re-allocations were made between prior years' principal and interest to correct principal and interest paid. In each case principal paid was increased and interest paid decreased. These adjustments did not affect amounts expended in 2018 and are not included in amounts expended for 2018. Amount of adjustments were: #234-\$1,972; #244-\$4,738; #245-\$2,763 & #278-\$808.

Note VII. Discretely Presented Component Units

A. Basis of Presentation and Basis of Accounting

The RiverCentre Convention & Visitors Authority (RCVA), Saint Paul Regional Water Services (Regional Water Services) and the Port Authority of the City of Saint Paul (Port Authority) are accounted for as proprietary fund types. Proprietary fund types are reported on the full accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred.

Financial information is presented as a discrete column in the statement of net position and statement of activities.

B. Deposits and Investments

RiverCentre Convention & Visitors Authority:

Certain balances of the RCVA's deposits are managed by the City's Office of Financial Services, Treasury Section. City policies are applied to this portfolio of deposits and investments. Deposits are maintained in accordance with Minnesota §118A.02 and §118A.04. Investments are governed by the City's Investment Policy. (See Note VI.A Deposits, Investments and Securities Lending).

Deposits

The RCVA places its cash with several financial institutions. As of December 31, 2018, the RCVA's deposits in checking and interest bearing accounts total \$3,489,008. The RCVA's policy in managing the custodial credit risk is by depositing their cash in large, stable banking institutions.

Investments

The RCVA reports investments at fair value, based on quoted market prices. Investment income and realized and unrealized gains and losses are reflected on the statement of activities as investment income. Certain balances are invested in the cash and investments pool managed and maintained by the City. Earnings from this pool are allocated to the RCVA based on averaged monthly cash balances. The City invests available cash in various securities in accordance with the requirements set forth in Minnesota Statutes.

At December 31, 2018, RCVA's investments include the following:

Type of Investment	F	Fair Value			
Marketable Certificates of Deposit	\$	285,191			
Mutual Fund Equities		168,489			
Investments with the City's Cash and Investments Pool		2,232,186			
Total	\$	2,685,866			

<u>Recap</u>

Deposits Investments	\$ 3,489,008 2,685,866	Cash and Investments Investments Restricted Investments	\$ 2,613,681 1,471,845 2,089,348
Total	\$ 6,174,874	Total	\$ 6,174,874

Regional Water Services:

Regional Water Services deposit and investment functions are managed by the City's Office of Financial Services, Treasury Section. City policies are applied to the Regional Water Services portfolio of deposits and investments. Deposits are maintained in accordance with Minnesota §118A.02 and §118A.04. Investments are governed by the City's Investment Policy. (See Note VI.A Deposits, Investments and Securities Lending).

Deposits

As of December 31, 2018, the Regional Water Services deposits in checking and interest bearing accounts and certificates of deposits total \$5,828,967. The deposits are covered with insurance or pledged collateral at 110% of deposits that is held in the City's name at a third-party institutions, and therefore are not exposed to custodial credit risk.

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a financial institution failure, the Regional Water Services deposits may not be returned to it. As of December 31, 2018, the Regional Water Services deposits were not exposed to custodial credit risk. All pledged collateral is held in the City's name at third party institutions, pledged at 110% of deposits not covered by insurance or bonds.

Investments

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally-recognized statistical rating organization. It is the City's policy to invest only in securities that meet the ratings requirements set by state statute.

The Regional Water Services exposure to credit risk as of December 31, 2018, is as follows:

Rating Agency Rating Fair Value

Moody's	Aaa	\$	22,608,000
---------	-----	----	------------

Custodial Credit Risk

The custodial risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. At December 31, 2018, all investment securities were in the City's name and were held in the custody of US Bank under the City's name and, therefore, are not subject to custodial credit risk.

Concentration of Credit Risk

The concentration of credit risk is the risk of loss that may be caused by the City's investment in a single issuer. It is the City's policy that U.S. Treasury Securities, U.S. Agency Securities and obligations backed by U.S. Treasury and/or U.S. Agency Securities, may be held without limit.

At December 31, 2018, the City does not have investments in any one issuer that represent 5% or more of the City's total investments portfolio and, therefore, also not subject to concentration of credit risk.

Interest Rate Risk

Interest rate risk is the risk that changes in the market interest rates will adversely affect the fair value of an investment. The City's internal portfolio has a shorter overall weighted duration than the benchmarks established for each component portfolio. All else being equal, this would be expected to reduce the risk to adverse effects from rising interest rates.

At December 31, 2018, Regional Water Services had the following investments:

Investment Type	Fair Value	Less Than 1 Year	1-2 Years	2-5 Years	6-10 Years	More Than 10 Years
U.S. Agencies	\$ 22,608,000	\$ 5,000,300	\$ 1,000,540	\$ 3,900,670	\$ 9,892,850	\$ 2,813,640

Fair Value Measurements

Regional Water measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

Level 1: Quoted prices for identical investments in active markets

Level 2: Observable inputs other than quoted market prices

Level 3: Unobservable inputs

At December 31, 2018, Regional Water Services had a total fair value investments of \$22,608,000. These are all invested in U.S. Agencies and had a fair value measurements classification of Level 2 using a market approach by utilizing quoted prices for identical securities in market that are not active.

Regional Water Services also invests funds in the City's investment pool. The fair value of the investment is the fair value per share of the underlyng portfolio. Regional Water Services invests in this pool for the purpose of joint investment with the City in order to enhance investment earnings. There are no redemption limitations. In addition to the direct investments of \$22,608,000, the fair value of Regional Water's portion of the investment pool on December 31, 2018 is \$27,272,399.

		Restricted Cash and Investments	 11,968,397
Total	\$ 55,876,576		\$ 55,876,576

Port Authority:

Deposits

In accordance with applicable Minnesota State Statutes, the Port Authority maintains deposits at financial institutions authorized by the Board of Commissioners. All such depositories are members of the Federal Reserve System. Minnesota Statutes require that all deposits be protected by insurance, surety bond, or collateral. The market value of collateral pledged must equal 110% of the deposits not covered by insurance or corporate surety bonds. Minnesota Statutes require securities pledged as collateral held in safekeeping in a restricted account at the Federal Reserve Bank or at an account at a trust department of a commercial bank or other financial institution not owned or controlled by the depository.

Custodial Credit Risk

Minnesota statutes require that all deposits with financial institutions be collateralized in an amount equal to 110% of deposits in excess of FDIC insurance (140% if collateralized with notes secured by first mortgages). The Port Authority's accounts were maintained at depositories and consisted of checking, savings, certificates of deposit and money market accounts.

Investments

Statutes authorize the Port Authority to invest in certain securities which are direct obligations, guaranteed, or insured issues of the United States, its agencies, its instrumentalities or organizations created by acts of Congress. Also authorized are investments in certain state and local securities, commercial paper with maturities of less than 270 days, guaranteed investment contracts, bankers' acceptances, time deposits, repurchase agreements, securities lending agreements and authorized mutual funds with final maturities no longer than 13 months. The investments for Capital City Properties (CCP), the Port Authority's component unit, are managed by the Port Authority. The Port Authority's investment policy is limited to those investments authorized by statute.

Credit Risk

As a means of managing its exposure that an issuer of a debt security will not fulfill its obligation, it is the Port Authority's practice to follow state law, which limits investments in authorized securities to certain credit risk ratings and maturities. It is the Port Authority's policy that securities must carry an A- or higher long-term rating by one rating agency or the highest quality short term rating (without regard to modifiers) by two of the following rating agencies: Standard & Poor's, Fitch or Moody's. The Port Authority's investments at December 31, 2018, carried the following ratings:

Rating	 Fair Value
AAA/Aaa	\$ 12,605,511
AA/Aa	470,511
А	79,082
Not Rated	 1,099,561
Total	\$ 14,254,665

Custodial Credit Risk

For an investment, the custodial credit risk is that, in the event of the failure of the counterparty (e.g., brokerdealer) to a transaction, the Port Authority will not be able to recover the value of its investments that are in the possession of another party. The Port Authority requires all securities purchased to be made in such a manner so that the securities are registered in the Port Authority's name or are in the possession of the Port Authority or a third-party custodian in the Port Authority's name.

Concentration of Credit Risk

The Port Authority diversifies its portfolio in order to minimize the impact of losses from any one individual issuer. It is the Port Authority's policy to limit the amount invested in any one issuer at the time of the purchase, excluding securities of the U.S. Government and government sponsored enterprise securities. There were no violations of the policy during the year. It is the Port Authority's general practice to limit the amount the Port Authority may invest in any one issuer at the time of purchase to no more than 5% of the total investments managed by the Port Authority.

At December 31, 2018, more than 5% of the Port Authority's and CCP's investments are in the following issuers:

	Percent of
lssuer	Investments
Federal National Mortgage Association (Fannie Mae)	15.3%
Federal Home Loan Mortage Corporation (Freddie Mac)	7.2%
Federal Home Loan Bank	6.4%

Interest Rate Risk

As a means of managing its exposure to fair value losses arising from increasing interest rates, it is the Port Authority's practice to match maturities to its liquidity needs. The Port Authority establishes benchmarks that reflect its expected cash flow needs and minimize interest rates that are materially longer or shorter than those established by the benchmarks chosen. Maximum duration of the portfolio is 120% of the benchmark duration.

The schedule of the average maturities by investment type as of December 31, 2018, is as follows:

Investment Type	Fair Value	I	Less Than 1 year	1-5 Years	6-10 Years	1	Over 0 Years

Total	\$ 135,879,493	\$ 11,636,509	\$ 20,257,581	\$ 127,258,421	\$ 28,065,811

E. Principal and Interest Requirements on Long Term Obligations - Bonds and Notes

Regional Water Services:

Total principal and interest requirements relating to outstanding revenue bonds and notes at December 31, 2018, were as follows:

	 Principal	 Interest	Total		
Revenue Bonds Revenue Notes	\$ 7,900,000 27,915,190	\$ 2,205,000 2,149,000	\$	10,105,000 30,064,190	
Total	\$ 35,815,190	\$ 4,354,000	\$	40,169,190	

Port Authority:

Total principal and interest requirements relating to outstanding revenue bonds and notes at December 31, 2018, were as follows:

	Principal		 Interest	Total		
General Obligation Bonds	\$	31,425,000	\$ 5,578,245	\$	37,003,245	
Revenue Bonds		50,001,145	17,455,018		67,456,163	
Revenue Notes		44,700,391	 8,038,776		52,739,167	
Total	\$	126,126,536	\$ 31,072,039	\$	157,198,575	

The Port Authority has issued debt obligations to finance numerous development projects. The debt is secured by the related amounts to be received under leases, loan agreements and ad valorem property taxes. These obligations are not secured by the credit of the Port Authority, and the Port Authority is not obligated in any manner for repayment of the debt. Accordingly, this no-commitment debt is not reported as a liability in the Port Authority's financial statements. At December 31, 2018, outstanding no-commitment debt totaled \$240 million.

CONDENSED STATEMENT OF REVENUES, EXPENSES AND CHANGES IN NET POSITION

H. Pension Plans

RiverCentre Convention & Visitors Authority:

The RCVA has a defined contribution 401(k) retirement plan that covers substantially all employees meeting certain eligibility requirements. The RCVA has the option to contribute discretionary amounts to the plan. The RCVA makes matching contributions of up to 5% of compensation. During 2004, an additional discretionary contribution of 2% of each participant's salary was approved by the Board. No discretionary contributions have been made in 2018 or 2017. Retirement plan contribution expense was \$39,423 and \$37,998 for 2018 and 2017 respectively.

Regional Water Services:

Regional Water Services employees are employees of the City of Saint Paul and are covered by defined benefit pension plans administered by the Public Employees Retirement Association (PERA). See Note VIII.A for information on PERA.

Regional Water Services total contributions for the General Employees Retirement Plan for the year ended December 31, 2018, were \$1,219,883. The contributions are equal to the contractually required contributions as set by state statute PERA pension plan.

Pension Costs

At December 31, 2018, Regional Water Services reported a liability of \$13,254,123 for its proportionate share of the General Employees Retirement Plan's net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. Regional Water Services' proportion of the net pension liability was based on Regional Water Services' contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2017, through June 30, 2018, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2018, Regional Water Services' proportion was 0.2389%. It was 0.2419% measured as of June 30, 2017. Regional Water Services recognized pension expense of \$1,164,908 for its proportionate share of the General Employees Retirement Plan's pension expense.

Regional Water Services also recognized \$101,381 as revenue, which results in a reduction of the net pension liability for its proportionate share of the State of Minnesota's contributions to the General Employees Retirement Plan, which qualifies as a special funding situation. Legislation required the State of Minnesota to contribute \$16 million to the General Employee Retirement Plan for the fiscal year ended June 30, 2018.

Port Authority:

All employees hired after June 30, 2003, as well as certain other employees, are participants in the General Employees Retirement Plan, which is a cost sharing, multiple employer retirement plan. All other full-time employees are required to participate in a Port Authority-sponsored Section 414(d) employee benefit plan. The following is a description of these plans.

Port Authority 414(d) Plan: The Port Authority sponsors a Section 414(d) employee benefit plan covering all full-time employees who were hired prior to June 30, 2003, and did not elect to participate in the GERF. Employee participation in the plan is mandatory, and employees are required to contribute 6.5% of their salary. The Port Authority provides a contribution of 7.5%. Total contributions were \$37,049 in 2018.

General Employees Retirement Plan: All full-time employees of the Port Authority who were hired after June 30, 2003, as well as certain other employees who elected to participate in the General Employees Retirement Plan, are covered by defined benefit plans administered by PERA. PERA administers the General Employees Retirement Plan, which is a cost-sharing, multiple-employer retirement plan. This plan is established and administered in accordance with Minnesota Statutes, Chapters 353 and 356. See Note VIII.A for information on PERA.

The Port Authority contributed \$114,619 in 2018. The contributions are equal to the contractually required contributions as set by state statute PERA pension plan.

Pension Costs

At December 31, 2018, the Port Authority reported a liability of \$1,192,732 for its proportionate share of the General Employees Retirement Plan's net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Port Authority's proportion of the net pension liability was based on the Port Authority's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2017, through June 30, 2018, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2018, the Port Authority's proportion was 0.0215%. It was 0.0212% measured as of June 30, 2017. The Port Authority recognized pension expense of \$70,683 for its proportionate share of the General Employees Retirement Plan's pension expense.

The Port Authority reported its proportionate share of the General Employees Retirement Plan's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of		_	eferred nflows of
	F	Resources	R	esources
Differences between expected and actual economic experience	\$	31,570	\$	34,787
Changes in actuarial assumptions		113,936		134,016
Difference between projected and actual investment earnings Changes in proportion and differences between Port Authority's contributions		-		121,878
and proportionate share of contributions		14,491		95,588
Contributions paid to PERA subsequent to the measurement date		61,754		-
Total	\$	221,751	\$	386,269

The \$61,754 reported as deferred outflows of resources related to pensions resulting from Port Authority's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2018. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended December 31	ion Expense Amount
2019	\$ (11,639)
2020	\$ (97,789)
2021	\$ (91,950)
2022	\$ (24,894)

Pension Liability Sensitivity

The following presents the Port Authority's proportionate share of the net pension liability calculated using the discount return of 7.5%, as well as what its proportionate share of the net pension liability would be if it were calculated using a discount rate 1.0 percentage point lower or 1.0 percentage point higher than the current discount rate:

I. Postemployment Benefits Other than Pension

RiverCentre Convention & Visitors Authority:

The RiverCentre Convention & Visitors Authority does not provide other postemployment benefits.

Regional Water Services:

Plan Description

In addition to providing the pension benefits described in Note VII.H Regional Water Services, through the City of Saint Paul (City) provides other postemployment health care and life insurance benefits (OPEB) for retired employees through a cost-sharing multiple employer defined benefit plan. The authority to provide these benefits is established in Minnesota Statutes §471.61, Subd. 2a. The benefit levels, employee contributions and employer contributions are governed by the City's collective bargaining agreement with employee groups. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report.

Benefits Provided

Regional Water Services provides postemployment health care and life insurance benefits to its retirees. To be eligible for benefits, an employee must be collecting a state retirement pension and have been employed by the City for a minimum of 20 years. This coverage may also extend to the retiree's family. Benefits include general inpatient and outpatient medical services; mental and substance abuse care; vision care; preventive dental; and prescriptions.

Life insurance in the amount of \$5,000 to \$20,000 is provided to some retirees under age 65 (early retirees), depending upon collective bargaining agreements. A few over age 65 retirees have varying amounts of life insurance that had been continued due to disability.

The majority of employees benefit amounts have been capped. The benefit amount varies depending upon employment date and bargaining unit agreement as indicated in the following:

a) Health Care Benefit

	Under Age 65 (early retiree)	Over Age 65 (regular retiree)
Employees who retired before January 1, 1996	\$250 per month	100%
Employees hired before January 1, 1996 and retiring after January 1, 1996	\$350 per month	\$550 per month
Employees hired after January 1, 1996	\$300 per month	\$300 per month

This benefit has been discontinued for Tri-Council employees hired after January 1, 1996.

b) Life Insurance Benefit

Retirees are eligible to continue on the City's life insurance program until age 65 in amounts that range from \$5,000 - \$20,000.

No assets have been accumulated in a trust that meets the criteria in paragraph 4 of GASB 75. The OPEB plan does not issue a stand-alone financial report.

Employees Covered by Benefit Terms

As of the December 31, 2016 valuation date, the employees covered by the benefit terms consisted of:

Active employees electing coverage	215
Active employees waiving coverage	17
Retired employees electing coverage	<u>153</u>
Total	<u>385</u>

Total OPEB Liability

Regional Water Services' total OPEB liability of \$14,232,779 was measured as of December 31, 2017. Regional Water Services has elected to use the GASB 75 "lookback" method where liabilities are measured as of the prior fiscal year-end, but applied to the current fiscal year. The valuation, measurement, and reporting dates are:

a.	Valuation Date (census)	12/31/2016
b.	Measurement Date (liabilities)	12/31/2017
C.	Reporting Date (fiscal year end)	12/31/2018

The total OPEB liability in the fiscal year-end December 31, 2018, actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Discount rate	The current discount rate is 3.31 percent. The discount rate was selected from an index rate for 20-year, tax-exempt municipal bonds. (Fidelity 20-year Municipal GO AA Index)
Inflation rate	2.75 percent
Mortality General Employees	Mortality rates based on RP-2014 mortality tables with projected morality improvements based on scale MP-2015, and other adjustments.
Police and Fire	Mortality rates based on RP-2000 mortality tables with projected morality improvements based on scale AA, and other adjustments.
Health care cost trend rate	Actual premium increase rates for FY2017 and 6.90 percent for FY2018, gradually decreasing over several decades to an ultimate rate of 4.40 percent in FY2074 and later years.
	In addition, the medical trend rates above were increased to reflect the projected effect of the Affordable Care Act's Excise Tax on high-cost health insurance plans. The additional trend rate adjustments vary by year, but average 0.39 percent beginning calendar year 2032 for plans other than Medicare plans.
Acturial cost method	Entry Age Normal level percent of pay.

The actuarial assumptions are currently based on a combination of historical data and the most recent actuarial valuation for OPEB as of December 31, 2018:

	[Fotal OPEB Liability
OPEB Liability, January 1, 2018, as restated	\$	13,324,418
Changes for the year:		
Service cost		286,706
Interest		505,484
Changes in assumptions		803,838
Benefit payments		(687,667)
Netchange		908,361
Balance at December 31, 2018	\$	14,232,779

OPEB Liability Sensitivity

The following presents the total OPEB liability of Regional Water Services, calculated using the discount rate previously disclosed, as well as what Regional Water Services' total OPEB liability would be if it were calculated using a discount rate that is 1.0 percentage point lower or 1.0 percentage point higher than the current discount rate:

	Discount	Т	otal OPEB	
	Rate %	Liability		
1% Decrease	2.31%	\$	16,082,318	
Current	3.31%	\$	14,232,779	
1% Increase	4.31%	\$	12,693,689	

The following presents the total OPEB liability of Regional Water Services, calculated using the health care cost trend previously disclosed, as well as what Regional Water Services' total OPEB liability would be if it were calculated using health care cost trend rates that are 1.0 percentage point lower or 1.0 percentage point higher than the current health care cost trend rate:

		٦	Fotal OPEB
	Health Care Trend Rate		Liability
1% Decrease	5.9% Decreasing to 3.4%	\$	13,233,622
Current	6.9% Decreasing to 4.4%	\$	14,232,779
1% Increase	7.9% Decreasing to 5.4%	\$	15,281,233

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended December 31, 2018, Regional Water Services recognized OPEB expense of (\$523,928). Regional Water Services reported deferred outflows of resources related to OPEB from the following sources:

	C	Deferred Outflows of Resources		Deferred Inflows of Resources
Changes in actuarial assumptions	\$	683,141	\$	-
Contributions subsequent to the measurement date		749,148		
Total	\$	1,432,289	\$	-

The remaining amounts reported as deferred outflows of resources related to OPEB will be recognized in OPEB expense as follows:

	OPEB
Expe	nse Amount
\$	120,696
	120,696
	120,696
	120,696
	120,696
	79,661
\$	683,141

Port Authority:

Plan Description

The Port Authority employees hired prior to January 1, 2002, and retiring after 20 or more years of service are eligible for up to \$300 per month toward the cost of health insurance. Employees retiring prior to 1996 are reimbursed for 100 percent of the cost of health insurance for themselves and their spouse. At December 31, 2018, there were 11 beneficiaries receiving benefits. In addition, there are five current employees that may become eligible for benefits in the future.

Effective September 1, 2018, the Port Authority contributed \$600,000 to an errovoable trust to establish an OPEB Irrevocable Trust Fund pursuant to Minnesota Statutes Section 471.6175 with the Minnesota Public Employees Retirement Association serving as the administrator. The plan does not issue a stand-alone financial report.

Funding Policy

Retiree health care benefits are currently funded based on the benefit disclosed above on a pay-as-you-go basis. The Board of Commissioners may change the funding policy at any time.

Net OPEB Liability

The Port Authority's net OPEB liability was measured as of December 31, 2018 and the total OPEB liability used to calculate the net OPEB liability was determined by through the use of alternative measurement method as of that date.

Actuarial Assumptions

The total OPEB liability in the December 31, 2018 alternative measurement method valuation was determined using the following assumptions, applied to all periods included in the measurement, unless otherwise specified. The Port Authority has estimated the liability associated with this benefit using an alternative valuation method that takes into account the existing age of the individuals, their years of service and life expectancy, probability of receiving a benefit, a health care cost trend factor of 6.3%, 3.0% rate of inflation and a 5.0% discount rate.

The long term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These asset class estimated are combined to produce the portfolio long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage (or target allocation if available).

Best estimates of rates of return for each major asset class included in the OPEB plan's asset allocation as of the measurement date are summarized in the following table:

		Long-term
	Target	Expected Rate
Asset Class	Allocation	of Return
MN State Board of Investment Non-Retiement Bond Fund	50.00%	5.25%
MN State Board of Investment Non-Retiement Equity Fund	25.00%	8.00%
MN State Board of Investment Non-Retiement Money Market Fund	25.00%	1.25%
	100.00%	5.00%

(The remainder of this page left blank intentionally)

Changes in the Net OPEB Liability

The following table summarizes the changes in the plan's total OPEB liability, plan fiduciary net position, and the related net OPEB liability.

	Increase (Decrease)					
	Total OPEB Liability		Plan Fiduciary Net Position		Ν	let OPEB
					Liat	oility (Asset)
		(a)	(b)		(c)	
Net OPEB Obligation Beginning of Year	\$	600,736	\$	-	\$	600,736
Changes for the Year:						
Service Cost		17,728		-		17,728
Annual OPEB cost		-		634,108		(634,108)
Net Investment Income		-		(2,622)		2,622
Benefit Payments		(34,108)		(34,108)		-
NetChange		(16,380)		597,378		(613,758)
Net OPEB Obligation End of Year	\$	584,356	\$	597,378	\$	(13,022)

The following significant plan and assumption changes occurred in 2018.

- Effective September 1, 2018, the Port Authority contributed \$600,000 to an irrevocable trust to establish an OPEB Irrevocable Trust Fund.
- The Port Authority updated its discount rate from 3.0% in 2017 to 5.0% in 2018 to approximate the lonterm expected real rate of return of the Irrevocable OPEB trust's target investment portfolio allocation.

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate and Health Care Trend Rates

The following presents the net OPEB liability of the Port Authority, as well as what the Port Authority's net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (4.0%) or 1 percentage point higher (6.0%) than the current discount rate:

	1% Decrease		Discount Rate		1% Increase	
	(4.0%)		(5.0%)		(6.0%)	
Net OPEB Liability (Asset)	\$	34,583	\$	(13,022)	\$	(54,102)

The following presents the net OPEB Liability (Asset) of the Port Authority, as well as what the Port Authority's net OPEB liabilithy would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower (5.3%) or 1 percentage point higher (7.3%) than the current healthcare cost trend rates:

		Healthcare Cost					
	Current Trend						
	1%	1% Decrease Rate (5.3%) (6.3%)		1% Increase (7.3%)			
Net OPEB Liability (Asset)	\$	(13,022)	\$	(13,022)	\$	(13,022)	

Below is the Port Authority's Schedule of Changes in Net OPEB Liability (Asset) for the year ended December 31, 2018.

Total OPEB Liability	
Service Cost	\$ 17,728
Benefit Payments	 (34,108)
Net Change in Total OPEB Liability	(16,380)
Total OPEB Liability - Beginning	 600,736
Total OPEB Liability - Ending (a)	\$ 584,356

OPEB Liability	108.07%
Covered - Employee Payroll	\$ 1,933,886
Net OPEB Liability as a Percentage of Covered-Employee Payroll	(2.44)%

The Port Authority of the City of Saint Paul implemented GASB Statement 75 in fiscal year 2018 and the above table will be expanded to 10 years of information as the information becomes available.

Note VIII. Other Information

A. Defined Benefit Pension Plans

1. Defined Benefit Plans: Public Employees Retirement Association

a. Plan Description

All full-time and certain part-time employees of the City of Saint Paul are covered by defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA administers the General Employees Retirement Plan (the General Employees Plan) and the Public Employees Police and Fire Plan (the Police and Fire Plan), which are cost-sharing multiple-employer retirement plans. These plans are established and administered in accordance with Minn. Stat. chs. 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401(a) of the Internal Revenue Code.

The General Employees Plan (accounted for in the General Employees Fund) has multiple benefit structures with members belonging to the Coordinated Plan, the Basic Plan, or the Minneapolis Employees Retirement Fund. Coordinated Plan members are covered by Social Security and Basic Plan and Minneapolis Employee Retirement Fund members are not. The Basic Plan was closed to new members in 1967. The Minneapolis Employees Retirement Fund was closed to new members during 1978 and merged into the General Employees Plan in 2015. All new members must participate in the Coordinated Plan, for which benefits vest after five years of credited service. No City of Saint Paul employees belong to either the Basic Plan or the Minneapolis Employees Retirement Fund.

Police officers, firefighters, and peace officers who qualify for membership by statute are covered by the Police and Fire Plan (accounted for in the Police and Fire Fund). For members first hired after June 30, 2010, but before July 1, 2014, benefits vest on a prorated basis starting with 50% after five years and increasing 10% for each year of service until fully vested after ten years. Benefits for members first hired after June 30, 2014, vest on a prorated basis from 50% after ten years and increasing 5% for each year of service until fully vested after 20 years.

b. Benefits Provided

PERA provides retirement benefits as well as disability benefits to members and benefits to survivors upon death of eligible members. Benefit provisions are established by state statute and can be modified only by the state legislature. Benefit increases are provided to benefit recipients each January. Increases are related to the funding ratio of the plan. General Employees Plan and Police and Fire Plan benefit recipients receive a future annual 1.00% for the post-retirement benefit increase. If the funding ratio reaches 90% for two consecutive years, the benefit increase will revert to 2.50%. If, after reverting to a 2.50% benefit increase, the funding ratio declines to less than 80% for one year or less than 85% for two consecutive years, the benefit increase to 1.00%.

The benefit provisions stated in the following paragraph of this section are current provisions and apply to active plan participants. Vested, terminated employees who are entitled to benefits but are not yet receiving them are bound by the provisions in effect at the time they last terminated their public service.

Benefits are based on a member's highest average salary for any 60 consecutive months of allowable service, age, and years of credit at termination of service. In the General Employees Plan, two methods are used to compute benefits for Coordinated Plan members. Members hired prior to July 1, 1989, receive the higher of a step-rate benefit accrual formula (Method 1) or a level accrual formula (Method 2). Under Method 1, the annuity accrual rate for a Coordinated Plan member is 1.20% of average salary for each of the first ten years of service and 1.70% for each remaining year. Under Method 2, the annuity accrual rate is 1.70% for Coordinated Plan members for each year of service. Only Method 2 is used for members hired after June 30, 1989. For Police and Fire Plan members, the annuity accrual rate is 3.00% of average salary for each year of service.

For General Employees Plan members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90, and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66. For Police and Fire Plan, normal retirement age is 55, and for members who were hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90. Disability benefits are available for vested members and are based on years of service and average high-five salary.

c. Contributions

Pension benefits are funded from member and employer contributions and income from the investment of fund assets. Rates for employer and employee contributions are set by Minn. Stat. ch. 353. These statutes are established and amended by the state legislature. General Employees Plan members were required to contribute 6.50% of their annual covered salary in 2018. Police and Fire Plan members were required to contribute 10.80% of their annual covered salary in 2018.

In 2018, the City was required to contribute the following percentages of annual covered salary:

General Employees Plan - Coordinated Plan members	7.50%
Police and Fire Plan	16.20%

The employee and employer contribution rates did not change from the previous year.

The City's contributions for the year ended December 31, 2018, to the pension plans were:

General Employees Plan	\$ 8,005,441
Police and Fire Plan	15,159,571

The contributions are equal to the contractually required contributions as set by state statute.

d. Pension Costs

General Employees Plan

At December 31, 2018, the City reported a liability of \$86,979,733 for its proportionate share of the General Employees Plan's net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2017, through June 30, 2018, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2018, the City's proportion was 1.5679%. It was 1.5871% measured as of June 30, 2017. The City recognized pension expense of (\$510,201) for its proportionate share of the General Employees Retirement Plan's pension expense.

The City also recognized \$665,312 as revenue, which results in a reduction of the net pension liability, for its proportionate share of the State of Minnesota's contribution to the General Employees Plan, which qualifies as a special funding situation. Legislation requires the State of Minnesota to contribute \$16 million to the General Employees Plan for the fiscal years ended June 30, 2018 and 2019, and \$6 million thereafter, through calendar year 2031.

The City's proportionate share of the net pension liability	\$ 86,979,733
State of Minnesota's proportionate share of the net	
pension liability associated with the City	 2,852,989
Total	\$ 89,832,722

The City reported its proportionate share of the General Employees Plan's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Differences between expected and actual economic experience	\$	2,329,228	\$ 2,559,430	
Changes in actuarial assumptions		8,382,805	9,855,296	
Difference between projected and actual investment earnings		-	8,916,308	
Changes in proportion		214,898	1,230,432	
Contributions paid to PERA subsequent to the measurement date		4,050,012	 -	
Total	\$	14,976,943	\$ 22,561,466	

The \$4,050,012 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2019. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

	Pension			
Year Ended	Expense			
December 31	Amount			
2019	\$	2,541,425		
2020		(4,943,214)		
2021	(7,417,329			
2022		(1,815,417)		
Total	\$	(11,634,535)		

Police and Fire Plan

At December 31, 2018, the City reported a liability of \$93,187,111 for its proportionate share of the Police and Fire Plan's net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2017, through June 30, 2018, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2018, the City's proportion was 8.743%. It was 8.773% measured as of June 30, 2017. The City recognized pension expense of (\$5,366,666) for its proportionate share of the Police and Fire Plan's pension expense.

The City also recognized \$786,834 as revenue, which results in a reduction of the net pension liability, for its proportionate share of the State of Minnesota's on-behalf contribution to the Police and Fire Plan. Legislation requires the State of Minnesota to contribute \$9 million to the Police and Fire Plan each year, starting in fiscal year 2014, until the plan is 90% funded.

The City reported its proportionate share of the Police and Fire Plan's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	 Deferred Outflows of Resources		Deferred Inflows of Resources	
Differences between expected and actual economic experience	\$ 3,763,519	\$	23,837,721	
Changes in actuarial assumptions	120,034,352		137,649,738	
Difference between projected and actual investment earnings	-		18,626,227	
Changes in proportion	601,223		9,538,699	
Contributions paid to PERA subsequent to the measurement date	 7,704,478		-	
Total	\$ 132,103,572	\$	189,652,385	

The \$7,704,478 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2019. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended December 31	Pension Expense Amount
2019 2020 2021 2022 2023	\$ (2,945,339) (7,530,324) (14,923,363) (39,478,611) (375,654)
Total	\$ (65,253,291)

Total Pension Expense

The total pension expense for all plans recognized by the City for the year ended December 31, 2018, was (\$5,876,867.)

e. Actuarial Assumptions

The total pension liability in the June 30, 2018, actuarial valuation was determined using the individual entry-age normal actuarial cost method and the following additional actuarial assumptions:

Inflation	2.50 % per year
Active member payroll growth	3.25 % per year
Investment rate of return	7.50 %

Salary increases were based on a service-related table. Mortality rates for active members, retirees, survivors, and disabilitants for all plans were based on RP-2014 tables for males or females, as appropriate, with slight adjustments. Cost of living benefit increases for retirees are assumed to be 1.25% for the General Employees Plan. For the Police and Fire Plan, cost of living benefit increases for retirees are 1.00% as set by state statute.

Actuarial assumptions used in the June 30, 2018, valuation were based on the results of actuarial experience studies. The experience study for the General Employees Plan was dated June 30, 2015. The experience study for the Police and Fire Plan was dated August 30, 2016. Economic assumptions were updated in 2017 based on a review of inflation and investment return assumptions.

The long-term expected rate of return on pension plan investments is 7.50%. The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness of the long-term expected rate of return on a regular basis using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic stocks	36%	5.10%
International stocks	17	5.30
Bonds (fixed income)	20	0.75
Alternative assets (private markets)	25	5.90
Cash	2	0.00

f. Discount Rate

The discount rate used to measure the total pension liability was 7.50% in 2018 which remained consistent with 2017. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in statute. Based on that assumption, the fiduciary net position of the General Employees Plan and the Police and Fire Plan were projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

g. Changes in Actuarial Assumptions and Plan Provisions

The following changes in actuarial assumptions occurred in 2018:

- 1. General Employees Plan
 - A. The mortality projection scale was changed from MP-2015 to MP-2017.
 - B. The assumed benefit increase rate was changed from 1.00% per year through 2044 and 2.50% per year thereafter, to 1.25% per year.
- 2. Police and Fire Plan
 - A. The mortality projection scale was changed from MP-2016 to MP-2017.
 - B. Post-retirement benefit increases changed to 1.00% for all years, with no trigger.
 - C. An end date of July 1, 2048 was added to the existing \$9.0 million state contribution. Additionally, annual state aid will equal \$4.5 million in fiscal years 2019 and 2020, and \$9.0 million thereafter, until the plan reaches 100% funding, or July 1, 2048, if earlier.
 - D. Member contributions were changed effective January 1, 2019 and January 1, 2020 from 10.80% to 11.30% and 11.80% of pay, respectively. Employer contributions were changed effective January 1, 2019 and January 1, 2020 from 16.20% to 16.95% and 17.70% of pay, respectively. Interest credited on member contributions decreased from 4.00% to 3.00%, beginning July 1, 2018.

- E. Deferred augmentation was changed to 0.00%, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply.
- F. Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

h. Pension Liability Sensitivity

The following presents the City's proportionate share of the net pension liability calculated using the discount rate previously disclosed, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate 1.00 percentage point lower or 1.00 percentage point higher than the current discount rate:

	Proportionate Share of the					
	General Employees Plan			Police	and F	ire Plan
	Discount		Net Pension	Discount		Net Pension
	Rate %		Liability	Rate %		Liability
1% Decrease	6.50	\$	141,353,202	6.50	\$	199,799,009
Current	7.50		86,979,733	7.50		93,187,111
1% Increase	8.50		42,095,987	8.50		5,023,498

i. Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in a separately issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the internet at www.mnpera.org; by writing to PERA at 60 Empire Drive, Suite 200, St. Paul, Minnesota 55103-2088; or by calling (651) 296-7460 or 1-800-652-9026.

(Remainder of this page left blank intentionally)

B. Postemployment Benefits Other than Pension

1. Plan Description

In addition to the pension benefits described in Note VIII.A, the City provides other postemployment health care and life insurance benefits (OPEB) for retired employees through a single employer defined benefit plan. The authority to provide these benefits is established in Minnesota Statutes Section 471.61, Subd. 2a. The benefit levels, employee contributions and employer contributions are governed by the City and can be amended by the City through the City's collective bargaining agreements with employee groups. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report. The activity of the plan is allocated as part of the City's fringe benefit charge.

The City provides postemployment health care and life insurance benefits to its retirees. To be eligible for benefits, an employee must be collecting a state retirement pension and have been employed by the City for a minimum of 20 years. This coverage may also extend to the retiree's family. Benefits include general inpatient and outpatient medical services; mental and substance abuse care; vision care; preventative dental; and prescriptions.

Life insurance in the amount of \$5,000 to \$20,000 is provided to some under age 65 (early retirees), depending upon collective bargaining agreements. A few over age 65 retirees have varying amounts of life insurance that had been continued due to disability.

The majority of employees benefit amounts have been capped. The benefit amount varies depending upon employment date and bargaining unit agreement as indicated below:

Health Care Benefit

	Under Age 65	Over Age 65
	(early retiree)	(regular retiree)
Employees who retired before		
January 1, 1996	\$250 per month	100%
Employees hired before		
January 1, 1996 and retiring after January 1, 1996	\$350 per month	\$550 per month
Employees hired after January 1, 1996	\$300 per month	\$300 per month

Life Insurance Benefit

Retirees are eligible to continue on the City's life insurance program until age 65 in amounts that range from \$5,000 - \$20,000.

No assets have been accumulated in a trust that meets the criteria in paragraph 4 of GASB 75. The OPEB plan does not issue a stand-alone financial report.

2. Covered Employees

As of December 31, 2018, the OPEB plan covered the following:

Active employees electing coverage	2,287
Active employees waiving coverage	377
Retired employees electing coverage	2,022
Total	4,686

3. Total OPEB Liability

The City's total OPEB liability of \$215,669,038 was measured as of December 31, 2017. The City has elected to use the GASB 75 "lookback" method where liabilities are measured as of the prior fiscal year-end, but applied to the current fiscal year. The valuation, measurement, and reporting dates are:

a.	Valuation Date (census)	12/31/2016
b.	Measurement Date (liabilities)	12/31/2017
C.	Reporting Date (fiscal year end)	12/31/2018

The total OPEB liability in the fiscal year-end December 31, 2018, actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified.

Discount rate	3.31% - The discount rate was selected from an index rate for 20-year, tax exempt municipal bonds (Fidelity 20-year Municipal GO AA Index.)
Inflation rate	2.75%
Mortality	
General Employees	Mortality rates based on RP-2014 mortality tables with projected morality improvements based on scale MP-2015, and other adjustments.
Police and Fire	Mortality rates based on RP-2000 mortality tables with projected morality improvements based on scale AA, and other adjustments.
Health care cost trend rate	Actual premium increase rates for FY2017 and 6.90% for FY2018, gradually decreasing over several decades to an ultimate rate of 4.40% in FY2074 and later years.
	In addition, the medical trend rates above were increased to reflect the projected effect of the Affordable Care Act's Excise Tax on high-cost health insurance plans. The additional trend rate adjustments vary by year, but average .39% beginning calendar year 2032 for plans other than Medicare plans.
Actuarial cost method	Entry age normal level percent of pay.

4. Changes in the Total OPEB Liability

	Total OPEB		
	Liability		
Balance at December 31, 2017, as restated	\$	201,932,219	
Changes for the year:			
Service cost		4,345,058	
Interest		7,660,651	
Changes in assumptions	12,182,237		
Benefit payments		(10,421,127)	
Netchange		13,766,819	
Balance at December 31, 2018	\$	215,699,038	

5. OPEB Liability Sensitivity

The following presents the total OPEB liability of the City, calculated using the discount rate previously disclosed, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1.0 percentage point lower or 1.0 percentage point higher than the current discount rate:

	Discount	Total OPEB	
	Rate %	Liability	
1% Decrease	2.31%	\$ 243,728,956	
Current	3.31	215,699,038	
1% Increase	4.31	192,373,992	

The following presents the total OPEB liability of the City, calculated using the health care cost trend previously disclosed, as well as what the City's total OPEB liability would be if it were calculated using a health care cost trend rates that are 1.0 percentage point lower or 1.0 percentage point higher than the current health care cost trend rate.

		Total OPEB
	Health Care Trend Rate	Liability
1% Decrease	5.9% Decreasing to 3.4%	\$ 200,556,723
Current	6.9% Decreasing to 4.4%	215,699,038
1% Increase	7.9% Decreasing to 5.4%	231,588,443

6. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended December 31, 2018, the City recognized OPEB expense of (\$6,799,923.) The City reported deferred outflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources			
Changes in actuarial assumptions	\$	10,353,070		
Contributions subsequent to the measurement date		10,213,672		
Total	\$	20,566,742		

Amounts reported as deferred outflows of resources related to OPEB will be recognized in OPEB expense as follows:

	OPEB
Year Ended	Expense
December 31	Amount
2019	\$ 1,829,165
2020	1,829,165
2021	1,829,165
2022	1,829,165
2023	1,829,165
Thereafter	 1,207,245
Total	\$ 10,353,070

7. Changes in Actuarial Assumptions

The following changes in actuarial assumptions occurred in 2018.

The discount rate used changed from 3.81% to 3.31%.

The City has elected to use the GASB 75 "lookback" method where assets and liabilities are measured as of the prior fiscal year-end, but applied to the current fiscal year.

The amortization method changed from amortizing the entire Unfunded Actuarial Accrued Liability as a level dollar amount over a 30-year open period to straight-line amortization over a closed 5-year period for investment gains and losses, and over a closed period equal to the average of the expected remaining service lives of all members that are provided with OPEB through the plan.

The City is considered a cost-sharing multiple employer plan under GASB 75 rules. GASB 75 mandated that the plan's costs are calculated for the entire plan and then allocated proportionately to each participating employer (City of Saint Paul and Regional Water Services).

C. Risk Management

The City is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. The City accounts for and finances its risk management activities in the Central Services Internal Service Fund. Claim expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported. Claim expenditures relating to tort liabilities are paid from the General Fund and other funds responsible for losses as determined by the tort claim manager. Workers' compensation claim expenditures are directly charged to department funds responsible for the employee at time of injury. The following discloses the change in the balance of the claims liability during fiscal years 2017 and 2018:

	Year Ended ember 31, 2018	Year Ended December 31, 2017		
Beginning of Fiscal Year Liability Current Year Claims and Changes in Estimates Claim Payments	\$ 63,789,845 18,126,486 (12,239,081)	\$	55,776,702 22,052,470 (14,039,327)	
End of Fiscal Year Liability	\$ 69,677,250	\$	63,789,845	

Minnesota Statutes Section 466.04 limits the City's tort financial exposure for claims arising from general liability or vehicle liability exposures. The limits are \$300,000 per individual and \$750,000 per accident for any number of claims arising out of a single occurrence for claims arising on or after January 1, 1998, and before January 1, 2000. For claims arising on or after January 1, 2000, and before January 1, 2008, the limit per accident for any number of claims arising on or after January 1, 2008 and before July 1, 2009, the limit per accident for any number of claims arising out of a single occurrence is \$1,000,000 and \$300,000 per individual. For claims arising out of a single occurrence is \$1,200,000 and \$400,000 per individual. For claims arising out of a single occurrence is \$1,200,000 and \$400,000 per individual. For claims arising out of a single occurrence is \$1,200,000 and \$400,000 per individual. For claims arising out of a single occurrence is \$1,200,000 and \$400,000 per individual. For claims arising out of a single occurrence is \$1,500,000 and \$500,000 per individual. The limits double when the claim arises out of the release or threatened release of a hazardous substance. The City does not carry commercial liability and collision insurance for City-owned vehicles.

The HRA acquired in 2009 a site with existing pollution which will require remediation. To address its exposure to risk of loss related to pollution liability torts, the HRA has purchased a Premises Pollution Liability Insurance policy. The limit of this coverage is \$20,000,000 and the policy expires on December 23, 2019.

The City has purchased all risk property insurance coverage of \$1.8 billion for its real and personal property throughout the City. The deductible for each occurrence of damage or loss of property is \$250,000. Each City department participating in the risk retention program is charged a yearly amount based upon pro rata shares of the property insurance coverage, and contributions are made to a risk retention pool to address potential losses not covered by insurance. The City department is responsible for the first \$10,000 of each loss. Losses that exceed \$10,000 are reimbursed by the risk retention pool. There were no significant reductions in insurance from the previous year or settlements in excess of insurance coverage for any of the past three years.

The City purchases coverage for employee health and life insurance benefits. These benefit plans are fully insured. The contributions required by employees to the health and life insurance programs are dependent upon an employee's bargaining unit. There were no significant reductions in insurance from the previous year or settlements in excess of insurance coverage for any of the past three fiscal years.

The City self-insures its liability for unemployment compensation benefits and City funds are directly charged for the actual costs incurred.

The City's Risk Management Division provides direction, management, coordination and planning services for risk and insurance programs. Human Resources staff conducts an audit and actuarial analysis to ensure proper premium, retention and administrative charges related to employee benefit programs. Tort liability, workers' compensation and unemployment compensation programs are administered internally by risk management staff including a professional claim manager and adjusters. Litigated tort claims (both general liability and vehicle liability) are handled by the City Attorney's Office and its staff.

D. Construction and Other Significant Commitments

At December 31, 2018, the City had commitments for the following major construction projects:

	Remaining
	Construction
Project Title	Committed
Margaret Bike Route	\$ 2,400,366
Woodlawn Jefferson	1,040,977
Wheelock Danforth to Western	539,002
2018 Sewer Lining Project	1,451,741
Como Seals and Sea Lions Improvements	8,222,622
Sheffer/ Frogtown Recreation Center	 1,417,472
Total	\$ 15,072,180

Major League Soccer Stadium

- 1. Ground Lease with Metropolitan Council
 - a. The City and Metropolitan Council entered into a ground lease for the property known as the Bus Barn Site on April 1, 2016. The lease has a term of 50 years, beginning January 1, 2019, due to the first major league game being played at the stadium in April 2019.
 - b. The City rent payments are \$556,620 annually.
- 2. Environmental Impact Agreement
 - a. The City, Port Authority, Metropolitan Council and MUSC Holdings LLC, (the "Team"), entered in to an agreement for the Port Authority to manage the project and allocates cost of environmental remediation of the Stadium Site among all parties.
 - b. The City has agreed to pay the first \$1.5 million of remediation. The Metropolitan Council is responsible for the next \$4.5 million, plus more in the event of a shortfall. The Team is responsible for up to \$1.5 million for environmental cleanup of acquired property adjacent to the Bus Barn Site to complete the stadium site, to the extent that such costs are not covered by grants or other sources.
 - c. The City's obligation under Environmental Project Management Agreement has been completed.

- 3. Development Agreements
 - a. The City and the Team entered into an agreement dated April 1, 2016 for the Team to design, construct and equip a Major League Soccer stadium, including funding all project costs.
 - b. The City is responsible for the cost of standard grade Public Infrastructure in the amount of \$16.1 million, plus an additional \$800,000 for planning and design costs. The Stadium and related public infrastructure were completed in early 2019.
 - c. The City and Team entered into a Parkland Agreement in February 2018 that obligates the City to fund an additional \$250,000 for expanded infrastructure and improvements on the Snelling Midway Redevelopment Site.
 - d. The City and the Team entered into an agreement in July 2019 that obligates the City to fund an additional \$2,557,000 for expanded public infrastructure, including a comprehensive stormwater system serving the entire Snelling Midway Redevelopment Site, \$500,000 of planning and design costs and acknowledges a pending dispute over which party is responsible for paying certain excess costs incurred by the Team.
 - e. The City has budgeted funds that have not yet been expended in the amount of \$3,777,827 committed via the various development agreements.
- 4. Playing and Use Agreement
 - a. The City and the Minnesota United Soccer Club LLC (the "Club") entered into a Playing and Use Agreement dated April 1, 2016, for the Club to operate and maintain the Stadium and appurtenant areas. Pursuant to this agreement the Club will make payments to the City to fund annual rent payments due to the Metropolitan Council under the Ground Lease.
- 5. Stadium Ownership
 - a. The Bus Barn Property is owned by the Metropolitan Council. The City shall own the Stadium, the Adjacent Areas, and the Stadium Site other than the Bus Barn Property, excluding however the Club Personal Property and the Transit Components, subject to the Net Ground Lease and any lease applicable to the Team-Acquired Property.
 - b. On February 22, 2019, the Team and the Club each conveyed to the City their interests in the Stadium and Stadium Site improvements by quit claim deed.

E. Interest Rate Swap Agreements

Summary of Notional Amounts and Fair Values

The City enters into contracts to hedge its exposure to fluctuating interest rates. These contracts are evaluated pursuant to GASB Statement No. 53 - *Accounting and Financial Reporting for Derivative Instruments*, to determine whether they meet the definition of derivative instruments, and, if so, whether they effectively hedge the expected cash flows associated with interest rate exposures.

The City applies hedge accounting for derivatives that are deemed effective hedges. Under hedge accounting, the increase (decrease) in the fair value of a hedge is reported as a deferred outflow of resources (derivative instrument interest swap liability) in the statement of net position. For the reporting period, all of the City's derivatives meet the effectiveness tests.

For interest rate derivatives, the City contracted with Springsted Investment Advisors, Inc., an independent mark-to-market service, to estimate fair value based upon the market close rate data provided by Bloomberg Financial.

The following is a summary of the fair values and notional amounts of derivative instruments outstanding as of December 31, 2018 (gains shown as positive amounts, losses as negative).

Governmental Activities	2018 Change in Fair Value		Fair Value at De		
	Classification	Amount	Classification	Amount	Notional
Effective Cash Flow hedges					
Interest Rate Derivatives:					
Pay-fixed swaps, interest rate	Deferred Outflow	\$ 1,687,844	Derivative	\$ (4,619,982)	\$ 38,890,000

Objective and Terms of Hedging Derivative Instruments

In November 2007, the City entered into two interest rate swap agreements for \$32,727,500 each, for a total notional amount of \$65,455,000 with Piper Jaffray Financial Products, Inc., and Royal Bank of Canada relating to the 1999 Taxable Sales Tax Revenue Bonds. These interest rate swap agreements took place in November 2007 and will end on November 1, 2025. On May 1, 2009, the 1999 Taxable Sales Tax Revenue Bonds were refunded through the issuance of taxable variable rate bonds. The objective of this agreement is to be able to refund the bonds at a lower estimated total synthetic interest rate of 5.58% compared to the present interest rates of 6.44% through 7.09% on the original bonds payable from 2009 through 2025.

Risks of Derivative Instruments

1. Credit Risk

Credit risk is the risk of loss due to a counterparty defaulting on its obligations. The City seeks to minimize credit risk by transacting with creditworthy counterparties. Interest rate swap counterparties are evaluated at the time of transaction execution.

2. Termination Risk

Termination risk is the risk that a derivative will terminate prior to its scheduled maturity due to a contractual event. Contractual events include bankruptcy, illegality, default, and mergers in which the successor entity does not meet credit criteria. One aspect of termination risk is that the City would lose the hedging benefit of a derivative that becomes subject to a termination event. Another aspect of termination risk is that, if at the time of termination the mark-to-fair value of the derivative was a liability to the City, the City could be required to pay that amount to the counterparty. Termination risk is associated with the City's derivative up to the fair value amount.

3. Hedged Debt

Net cash flows for the City's synthetic fixed-rate debt are shown on the following table. These amounts assume that the interest rates of the bonds and the reference rates of the hedging derivative instruments remain at December 31, 2018 levels. These rates will vary and, as they do, interest payments on the variable-rate bonds and net receipts/payments on the interest rate swaps will vary. The table shows only the City's effectively hedged synthetic fixed-rate debt, which is a subset of the City's total debt. As of December 31, 2018, all of the City's variable-rate debt is effectively hedged.

NI - 1

Note VIII. Other Information (continued)

F. Contingent Liabilities

Litigation

The City, in connection with the normal conduct of its affairs, is involved in various disputes, claims and lawsuits; it is expected that the final resolution of these matters will not materially affect the financial statements of the City.

University Enterprise Laboratory Project

The City of Saint Paul entered into a \$6 million guaranty of principal and interest with Wells Fargo on January 21, 2005, to help secure financing for the \$24.2 million University Enterprise Laboratory (UEL) Project at 1000 Westgate Drive in St. Paul, Minnesota.

In January 2012, the original 2005 debt was refinanced through various funds, including the proceeds of a loan from US Bank for \$9.4 million. The effect of the refunding was to reduce the City's guaranty to \$4 million. Going forward, the City's contingent liability will drop further, as the City's guaranty automatically declines as the mortgage is paid down. The current guaranty encumbrance is against the General Fund.

Regions Hospital Parking Ramp Contingent Lease

During 2006, the Port Authority issued revenue bonds to finance construction of a parking ramp at the Regions Hospital complex. The bonds are 30 year bonds with final scheduled retirement in 2036. The Port Authority leases the ramp for years 2008 through 2030 to Regions Hospital. The HRA agreed to a lease commitment in an amount equal to the annual debt service on the Port Authority bonds for the years 2031 through 2036. The scheduled principal balance on the bonds is \$6,045,000 in 2031 prior to the 2031 through 2036 debt payments. The HRA lease is not triggered and no payments are made by the HRA if any one of the following takes place:

- 1. Regions Hospital continues to need the ramp for their business and extends the lease with the Port from 2031 through 2036.
- 2. Sometime during the period of 2008 through 2030, Regions Hospital elects to purchase the ramp for the greater of the outstanding debt or fair market value of the ramp.
- 3. Regions Hospital defaults on the Port Authority lease and the bond trustee determines on behalf of the bondholders to sell the ramp to a third party and cancels the HRA lease commitment.

Cleanup of Hazardous Materials

Properties owned by the HRA and the City may have certain contingent liabilities associated with them due to potential contamination from hazardous materials or difficulty in securing vacant structures located on them. It is not expected that these contingencies will have a material effect on the financial statements of the City.

The following properties have been identified as possible sites of pollution or contamination:

- 1. Capp Road (Catholic Charities) Possible pollution or contamination
- 2. Koch/Mobil Remediation has already been completed
- 3. Rivoli Street Properties Remediation has already been completed by the original polluter
- 4. Willow Reserve Property Contamination

The Willow Reserve property is comprised of 11 single family homes, to be constructed by Habitat for Humanity, a public alley, and public space. The public alley and space is in the HRA's possession. During excavation in 2017, construction debris was discovered and excavation stopped. The former use of the site included a greenhouse/garden center, out buildings and one or more residential structures. Several additional borings were conducted by Habitat for Humanity in 2017 and contaminants discovered include asbestos containing waste materials, buried debris and solid waste, arsenic, lead and benzo(a)pyrene (a carcinogen). Habitat for Humanity conducted the site investigation, development of a Phase I and Phase II report, and Response Action Plan. The method of investigation and the proposed course of action have been approved by the Minnesota Pollution Control Agency. The investigation covers the entire site and has been done, in part, on behalf of the HRA. The estimated costs for cleanup for the homes, public alley, and public space are \$700,000. The HRA portion of the costs is estimated to be \$350,000, of which \$109,000 was paid in 2018. The remaining estimated costs are \$241,000 and are included with the Pollution Remediation Obligation identified on the Government-wide Statement of Net Position. This pollution remediation obligation is an estimate and subject to changes resulting from price increases or reductions, technology, or changes in applicable laws or regulations.

G. Subsequent Events

Bond Issues

On April 8, 2019, the City issued Taxable Sales Tax Revenue Refunding Bonds, (RiverCentre Arena Project), Series 2019A in the amount of \$48,900,000, Taxable Sales Tax Revenue Refunding Bonds, Series 2019B in the amount of \$8,530,000, and Tax-Exempt Sales Tax Revenue Refunding Bonds, Series 2019C in the amount of \$12,475,000. The proceeds were used to: (i) refund the City's outstanding (a) Taxable Variable Rate Demand Sales Tax Revenue Refunding Bonds (Rivercentre Arena Project), Series 2009A, (b) Subordinate Sales Tax Revenue Refunding Bonds Series 2016G, and (c) Taxable Subordinate Sales Tax Revenue Refunding Bonds, Series 2016H; and (ii) pay the purchase price for the acquisition of the Rivercentre Parking Ramp Improvements leased from the Housing and Redevelopment Authority of the City of Saint Paul.

On June 19, 2019, the City issued General Obligation Various Purpose Bonds, Series 2019D in the amount of \$14,270,000. The proceeds were used to (i) provide financing for capital improvement projects identified in the City's adopted 2019 Capital Improvement Budget and Program; and (ii) finance the acquisition of certain equipment, including, but not limited to, public safety vehicles and other capital equipment.

On June 19, 2019, the City issued General Obligation Public Safety Refunding Bonds, Series 2019E in the amount of \$8,550,000. The proceeds were used to current refund the City's Taxable General Obligation Public Safety Bonds, Series 2009E, issued in the original aggregate principal amount of \$9,275,000 and outstanding in the amount of \$9,275,000.

On June 19, 2019, the City issued Sewer Revenue Bonds, Series 2019F (Green Bonds) in the amount of \$7,345,000. The proceeds were used to finance capital improvements to the City's sewer system that are environmentally friendly.

2019 Flood

In March 2019, the City's mayor declared a local state of emergency when a significant rainfall combined with accelerating snowmelt caused overland flooding and rising river levels. The estimated costs of \$3.5 million have been or will be submitted to the Federal Emergency Management Agency and 90% are expected to be reimbursed.

H. Future Change in Accounting Standard

Effective for financial statements for the year ending after December 15, 2018, the City will be implementing Governmental Accounting Standards Board (GASB) Statement No. 84.

GASB Statement No. 84 – *Fiduciary Activities* establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities.

Effective for financial statements for the year ending after December 15, 2019, the City will be implementing GASB Statement No. 87.

GASB Statement No. 87 – *Leases* increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION For the Fiscal Year Ended December 31, 2018

Budgetary Information

A budgetary comparison for the City's General Fund and the annually budgeted Assessment Financing Fund, the Public Library General Fund and the HRA General Fund are required supplementary information.

All annually budgeted funds including the General Fund, the Assessment Financing Fund, the Public Library General Fund and the HRA General Fund are adopted on a basis consistent with generally accepted accounting principles. The legal level of budgetary control for the General Fund is at the department/office level and at the fund level for the HRA General Fund.

Total expenditures exceeded total appropriations in the Public Library's General Fund and the following departments in the City's General Fund.

	Fir	Final Budgeted			Variance with	
		Amounts	Actual	Final Budgets		
Special Revenue Funds:						
Public Library General Fund	\$	18,013,088	\$ 18,122,012	\$	(108,924)	

The fund managers have been directed that in the future, funds must have an appropriation budget to cover all obligations incurred.

The General Fund did not exceed total appropriations at the fund level; however, total expenditures exceeded appropriations in the following departments:

	Final Budgeted Amounts		Actual	Variance with Final Budgets	
General Fund:				ŭ	
Public Safety					
Fire and Safety Services	\$	62,848,999	\$ 63,291,122	\$ (442,123)	
General Government					
Other*		10,846,335	11,314,374	(468,039)	
Highways and Streets		24,111,584	25,690,741	(1,579,157)	
Culture and Recreation		33,288,254	33,755,118	(466,864)	

*This is the General Government Accounts grouping.

The Assessment Financing Fund, and the HRA General Fund did not exceed total appropriations at the fund level.

Defined Benefit Pension Plans - Changes in Significant Plan Provisions, Actuarial Methods, and Assumptions

The following changes were reflected in the valuation performed on behalf of the Public Employees Retirement Association for the year ended June 30, 2018:

General Employees Retirement Plan

<u>2018</u>

The mortality projection scale was changed from MP-2015 to MP-2017.

The assumed benefit increase rate was changed from 1% per year through 2044 and 2.5% per year thereafter, to 1.25% per year.

<u>2017</u>

The Combined Service Annuity (CSA) loads were changed from 0.80% for active members and 60% for vested and nonvested deferred members (30% for deferred Minneapolis Employees Retirement Fund members). The revised CSA loads are now 0.00% for active member liability, 15% for vested deferred member liability, and 3.00% for non-vested deferred member liability.

The assumed post-retirement benefit increase rate was changed from 1.00% per year for all years to 1.00% per year through 2044 and 2.50% per year thereafter.

Minneapolis Employees Retirement Fund plan provisions change the employer supplemental contribution to \$21,000,000 in calendar years 2017 and 2018 and returns to \$31,000,000 through calendar year 2031. The state's required contribution is \$16,000,000 in PERA's fiscal years 2018 and 2019, and returns to \$6,000,000 annually through calendar year 2031.

<u>2016</u>

The assumed post-retirement benefit increase rate was changed from 1.00% per year through 2035 and 2.50% per year threafter, to 1.00% for all future years.

The assumed investment rate was changed from 7.90% to 7.50%. The single discount rate was also changed from 7.90% to 7.50%.

Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed payroll growth and inflation were decreased by 0.25%. Payroll growth was reduced from 3.50% to 3.25%. Inflation was reduced from 2.75% to 2.50%.

Public Employees Police and Fire Plan

<u>2018</u>

The mortality projection scale was changed from MP-2016 to MP-2017.

Post-retirement benefit increases changed to 1.00% for all years, with no trigger.

An end date of July 1, 2048 was added to the existing \$9.0 million state contribution. Additionally, annual state aid will equal \$4.5 million in fiscal years 2019 and 2020, and \$9.0 million thereafter, until the plan reaches 100% funding, or July 1, 2048, if earlier.

Member contributions were changed effective January 1, 2019 and January 1, 2020 from 10.80% to 11.30 and 11.80% of pay, respectively. Employer contributions were changed effective January 1, 2019 and January 1, 2020 from 16.2% to 16.95 and 17.70% of pay, respectively. Interest credited on member contributions decreased from 4.00% to 3.00%, beginning July 1, 2018.

Deferred augmentation was changed to 0.00%, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply.

Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

<u>2017</u>

The assumed salary increases were changed as recommended in the June 30, 2016, experience study. The net effect is proposed rates that average 0.34% lower than the previous rates.

The assumed rates of retirement were changed, resulting in fewer retirements.

The CSA load was 30% for vested and non-vested, deferred members. The CSA has been changed to 33% for vested members and 2.00% for non-vested members.

The base mortality table for healthy annuitants was changed from the RP-2000 fully generational table to the RP-2014 fully generation table (with a base year of 2006), with male rates adjusted by a factor of 0.96. The mortality improvement scale was changed from Scale AA to Scale MP-2016. The base mortality table for disabled annuitants was changed from the RP-2000 disabled mortality table to the mortality table assumed for healthy retirees.

The assumed termination rates were decreased to 3.00% for the first three years of service. Rates beyond the select period of three years were adjusted, resulting in more expected terminations overall.

The assumed percentage of married female members was decreased from 65% to 60%.

The assumed age difference was changed from separate assumptions for male members (wives assumed to be three years younger) and female members (husbands assumed to be four years older) to the assumption that males are two years older than females.

The assumed percentage of female members electing joint and survivor annuities was increased.

The assumed post-retirement benefit increase rate was changed from 1.00% for all years to 1.00% per year through 2064, and 2.5% thereafter.

The single discount rate was changed from 5.60% per annum to 7.50% per annum.

<u>2016</u>

The assumed post-retirement benefit increase rate was changed from 1.00% per year through 2037 and 2.50% per year thereafter, to 1.00% for all future years.

The assumed investment rate was changed from 7.90% to 7.50%. The single discount rate was changed from 7.90% to 5.60%.

The assumed payroll growth and inflation were decreased by 0.25%. Payroll growth was reduced from 3.50% to 3.25%. Inflation was reduced from 2.75% to 2.50%.

Other Postemployment Benefits Funded Status

In 2018, the City of Saint Paul implemented Governmental Accounting Standards Board (GASB) Statement No.75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. See Note VIII.B in the notes to the financial statements for additional information regarding the City of Saint Paul's other postemployment benefits.

Employer Contributions to Other Postemployment Benefits

Assets have not been accumulated in a trust that meets the criteria in paragraph four of GASB Statement No. 75 to pay related benefits.

Changes in Actuarial Assumptions

The following changes in actuarial assumptions occurred in 2018.

The discount rate used changed from 3.81% to 3.31%.

The City of Saint Paul has elected to use the GASB Statement No. 75 "lookback" method where assets and liabilities are measured as of the prior fiscal year-end, but applied to the current fiscal year.

The amortization method changed from amortizing the entire Unfunded Actuarial Accrued Liability as a level dollar amount over a 30-year open period to straight-line amortization over a closed 5-year period for Investment Gains and Losses, and over a closed period equal to the average of the expected remaining service lives of all members that are provided with OPEB through the plan.

The City is considered a cost-sharing multiple employer plan under GASB Statement No. 75 rules. GASB Statement No. 75 mandated that the plan's costs are calculated for the entire plan and then allocated proportionately to each participating employer (City of Saint Paul and Regional Water Services).

Nonmajor Governmental Funds

Special Revenue Funds

Special Revenue funds account and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt or capital projects.

City Grants - to account for monies for energy conservation and improvement measures, city grants, contributions, and other sources received from federal, state, and other agencies to support specified general governmental functions or projects.

General Government Special Projects - to account for the hosting of special events, promotion of the city as a destination, building of capacity for targeted businesses, vendor outreach for the city and other governmental agencies, and replacement of cable equipment through the charging of fees, contributions and other sources.

Fire Responsive Services - to account for monies received by the Fire Department to perform various fire functions, to provide fire protection outside city limits, and to purchase fire equipment.

Police Special Projects - to account for monies received from various restricted contributions, and other sources with a restricted purpose to perform various miscellaneous police functions.

Charitable Gambling - to monitor, review, and administrate all lawful gambling activities and to ensure the integrity of operations as required by state law.

Right of Way Maintenance - to account for revenues received from right-of-way assessments, municipal state aid, county aid, and trunk highway funds for summer street repair and maintenance, winter street activities, sidewalk maintenance, traffic signs, signals, streetlight maintenance, and boulevard tree and vegetation maintenance and trimming.

Street Lighting Districts - to account for levied assessments used to operate above standard (ornamental) street lighting systems in various areas of the city, installed at the request of adjacent property owners.

Recycling and Solid Waste - to account for monies received for the city's recycling programs. The recycling programs include the coordinated efforts of the City of Saint Paul, Ramsey County, State of Minnesota, Eureka Recycling, and the citizens of Saint Paul.

Public Health - to account for expenses incurred in the operation of Public Health and billed to Ramsey County.

Parks and Recreation Special Projects - to account for monies received from various restricted contributions, and other sources with a restricted purpose to perform various special projects for parks and recreation centers.

Como Campus - to account for proceeds from education programs, commissions and donations from outside parties, to be appropriated for volunteer recruitment and training, purchase of animals, maintenance of zoo and conservatory and other related costs.

Parkland Replacement - to account for proceeds from the sale of city property for which there is no outstanding debt and use the remaining proceeds to finance projects in the capital improvement budget.

Lowertown Ballpark - to account for the use of revenue from facility rental, and other sources to be used in the operation and maintenance of the CHS Ballpark.

Public Library Special Projects - to account for Saint Paul Public Library Agency revenues from fees, fines, grants and donations. Revenues are from various federal and state agencies as well as monies received from the Friends of the Saint Paul Public Library to support expenses for special projects such as collection development, staff training and development, and community outreach opportunities.

City HUD Grants - to account for monies received from the U.S. Department of Housing and Urban Development under the Community Development Block Grant program, the ESG program, the HOME program, the NSP programs and other miscellaneous revenues derived from projects operated under these programs.

City Sales Tax - To account for monies received from the one-half percent city sales tax which are used for the STAR program, major RiverCentre capital expenditures, other capital expenditures as determined by the City Council, and the transfer to the HRA General Debt Service Fund for financing the debt service on the HRA Sales Tax Revenue Bonds.

HRA Grants - to account for intergovernmental revenues provided to the HRA from federal, state and local governments for housing and development.

HRA Palace Theater Operations – to account for Palace Theatre revenues received and transferred to the fund that receives it to repay the Palace Theatre construction debt.

Capital Projects Funds

Capital Projects funds account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

HRA Development Capital Projects - to account for HRA multi-year development projects that are locally funded through transfers from other funds and bonds sold for development purposes.

HRA Tax Increment Capital Projects - to account for development and capital expenditures primarily in Saint Paul's Tax Increment Districts using financing from bond proceeds, tax increment revenues, and other sources.

Permanent Fund

Permanent funds account for and report resources that are restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting government's programs; that is, for the benefit of the government or its citizenry.

Parks Memorial Permanent - to account for donations from the Ordway Family for the construction of the Japanese Garden in Como Park and the principal of a trust fund and disbursement of interest derived from donation for perpetual maintenance of a memorial located at Como Park Conservatory.

Nonmajor Enterprise Funds

Enterprise funds account for operations (a) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate.

Parks Special Services - to account for the operations of park pavilions, refreshment stands, golf courses, canoe and boat rentals, swimming pools and beaches, tennis instructions, ski instructions, ski facilities, and the Watergate Marina.

Impound Lot - to account for the city's vehicle impounding operations. Charges are made for the towing and storage of impounded vehicles and are collected when vehicles are claimed. Unclaimed vehicles are sold at public auction and proceeds retained. Funds are also received from the salvage of vehicles junked.

River Print - to account for printing services rendered to city departments, offices, and other governmental units.

Internal Service Funds

Internal Service funds account for the financing of goods and services provided by one department to other departments or to other government units.

Central Services - to account for various general government service activities including financial, legal, risk management, special projects, real estate, new information system and energy conservation.

Equipment Services Fire-Police - to account for the operations of the Public Safety repair shop.

Internal Borrowing - to account for internal borrowing from the city's cash pool and assets secured to support repayment of loan principal with interest to the pool.

Public Works Administration - to account for the costs of administrative services provided for the divisions of the Department of Public Works.

Fleet Services (formerly Public Works Equipment Service) - to account for the purchase and repair of most vehicles used by the Department of Public Works.

Public Works Engineering - to account for recoverable engineering and professional services rendered by the Department of Public Works.

Asphalt Plant - to account for the manufacturing of asphalt products.

Traffic Warehouse - to purchase, inventory, store and supply materials for traffic maintenance and capital projects.

Parks Supply and Maintenance - to account for materials purchased and design services performed by the Division of Parks and Recreation for other departments' capital funds and outside parties. All supplies, materials, repair parts, and equipment purchased for the use in City parks, maintenance of playgrounds and the repair and recovery of the costs thereof.

Planning and Economic Development Administration - to account for administrative operations within the Department of Planning and Economic Development.

Agency Funds

Agency funds account for assets held in a custodial capacity for others and/or other funds.

Employee Withholding - to account for monies withheld from employees' salaries and remitted to governmental and outside agencies.

Minnesota Sales and Use Tax - to account for receipts and disbursements of sales tax as required by the Tax Reform and Relief Act.

City Agency - to account for the proceeds from Comcast for distribution relating to the city's Cable Access Program; property taxes levied and collected by Ramsey County and remitted to the Port Authority of the City of Saint Paul; outstanding checks which have been written off and remitted to the State of Minnesota under the Minnesota Uniform Disposition of Unclaimed Property Act; receipts and disbursements for which proper accounting cannot be made at the time of the transaction; collection of the State of Minnesota building permit surcharge; and cash received by the Police Department that is lost, unclaimed or contraband collected during the course of Police business.

The Notes to the Schedule of Expenditures of Federal Awards are an integral part of this schedule.

1. <u>Reporting Entity</u>

The Schedule of Expenditures of Federal Awards presents the activities of federal award programs expended by the City of Saint Paul and the Saint Paul Regional Water Services, a component unit of the City. For the year ended December 31, 2018, the level of federal funding for the Saint Paul Regional Water Services did not require that a separate single audit be performed for the component unit. This schedule does not include \$3,217,377 in federal awards expended by the Port Authority of the City of Saint Paul, a component unit of the City, which had a separate single audit. The City's reporting entity is defined in Note II to the basic financial statements. Regional Water's separately issued annual financial report.

2. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the City of Saint Paul and the Saint Paul Regional Water Services under programs of the federal government for the year ended December 31, 2018. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the City of Saint Paul and the Saint Paul Regional Water Services, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City of Saint Paul or the Saint Paul Regional Water Services.

3. Summary of Significant Accounting Policies

Expenditures reported on the schedule are reported on the basis of accounting used by the individual funds of the City of Saint Paul and the Saint Paul Regional Water Services. Governmental funds use the modified accrual basis of accounting. Proprietary funds use the full accrual basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles contained in OMB Circular A-87, *Cost Principles for State, Local and Indian Tribal Governments,* or the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The City of Saint Paul and the Saint Paul Regional Water Services have elected to not use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

5. <u>Saint Paul Regional Water Services' Reconciliation of Schedule of Expenditures of Federal Awards to Actual</u> <u>Reimbursements</u>

Regional Water had expenditures under one federal award in 2018. The Capitalization Grants for Drinking Water State Revolving Funds, which is passed through the Minnesota Public Facilities Authority, a component unit of the State of Minnesota. This award is in the form of a Drinking Water Note Payable secured by Net Revenues of Regional Water. It will be repaid over a 20-year period.

Expenditures for the Capitalization Grants for Drinking Water State Revolving Funds during the year ended December 31, 2018, totaled \$573,773. Reimbursements during fiscal year 2018 totaled \$774,895; \$246,730 was for 2017 expenditures, and the remaining \$528,165 was for 2018 expenditures.

STATISTICAL SECTION

This part of the City of Saint Paul's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Financial Trends

These tables contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Revenue Capacity

These tables contain information to help the reader assess the factors affecting the City's ability to generate its property and sales taxes.

Debt Capacity

These tables present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economic Information

These tables offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place and to help make comparisons over time and with other governments.

Operating Information

These tables contain information about the City's operations and resources to help the reader understand how the City's financial information relates to the services the City provides and the activities it performs.

Sources: Unless otherwise noted, the information in these tables is derived from the Comprehensive Annual Financial Reports for the relevant year. The City implemented GASB Statement No. 54 in 2011; beginning in 2011, information in the tables present the new fund classifications and new fund balance classifications.

(1) General Property Taxes excludes Market Value Homestead Credit. General Property Taxes includes current and prior year collections.

In 2018, the increase in property taxes was largely offset by reductions in assessment revenue as most of the street maintenance program was transferred to the General Fund.

(2) Other Taxes include penalties and interest on property taxes, contamination tax, drug store, and mortuary tax.

Note: Data includes both City and HRA revenues.

Underlying Debt Port Authority of Saint Paul Independent School District #625	\$ 101,526,297 438,545,000 540,071,297	100.00% 100.00%	\$ 101,526,297 438,545,000 540,071,297
Total Direct, Overlapping and Underlying Debt	\$ 2,722,651,226		\$ 1,204,192,598

Overlapping authorities - Ramsey County and Metropolitan Council - are those with the geographic boundaries of which the City represents a portion.

Underlying authorities - Port Authority of Saint Paul and Independent School District # 625 - are contained within the City.

This schedule shows the portion of the outstanding overlapping and underlying debt for the City of Saint Paul and HRA. Many of these obligations are secured by and/or paid from other supporting revenues than the property tax for which the tax base overlaps or underlies.

Applicable percentage for Saint Paul is Saint Paul's net tax capacity divided by net tax capacity of overlapping authority. 100% of underlying debt burden is applicable to the City.
