

# SAINT PAUL INTRO TO EMS (EMERGENCY MEDICAL SERVICES)

## WHAT THE PROGRAM OFFERS:

▶▶▶▶ Intro to EMS builds reading, studying, and test-taking skills using vocabulary and terminology common in the EMS field.

Students receive:

- Training in anatomy and physiology.
- An understanding of the pathway to certification as an Emergency Medical Technician (EMT).
- Support services through Community Action Partnership of Ramsey Washington Counties.
- Upon successful completion of this course, graduates earn preference for enrollment in the Saint Paul EMS Academy. The EMS Academy is a tuition-free, 10-week EMT certification program starting **June 2016**.

Persons of bilingual ability are encouraged to apply.  
The EMS Academy wants YOU!

## PROGRAM REQUIREMENTS:

- Receive score of 7.0-12.5 on TABE Reading D (testing administered at registration)
- Have an interest in entering the EMS field

## TO REGISTER:

Apply in person at the Hubbs Center (1030 University Ave, Saint Paul) Mondays or Wednesdays 9:00-11:30 or 2:00-6:00
