V. Chair's Report

Use of Force Policy Forums: Chair Langford shared his experience at one of the meetings held with community members to provide input into the policy prior to enactment. He found the meeting to be energetic with a high level of investment by all who attended. There were questions asked of him regarding the role of this commission in driving change within the police department. Commissioner Sullivan-Nightengale wanted to know if there would be a process put in place for the Chief to receive the PCIARC's input on the policy.
