Workforce Participation Goals for Construction Contracts

The following supplemental AA/EEO specifications shall apply to contracts for construction which receive City funding. All contractors need to include these specifications in all lower tier contracts for construction work. Developer and prime contractor shall communicate this information to all subcontractors.

City workforce participation goals for City funded construction projects of \$50,000 or more are expressed as a percentage of the total hours performed by female and minority construction workers.

32% Minority total project hours
20% Female total project hours

After the contract has been awarded, but before construction begins, all contractors that have been selected to work on the project will be required to meet in a pre-construction conference. This conference will be held to discuss the utilization goals for minority and women, how the goals will be met, and any problems that may affect the project's ability to achieve the goals.

Each contractor that utilizes subcontractors must submit the **Prime and Subcontractor Identification Form** identifying lower tier contractors and material suppliers.

All lower tier or sub-contractors must complete and submit the mandatory **Project Employment Utilization (PEU)** form indicating estimated total number of project work hours, and estimated women and minority workforce hours. Contractors must indicate on the bottom of the PEU form if they will meet the goals with their internal workforce or by hiring additional employees. If they are unable to meet the goals, they must provide the reason at the bottom of the PEU form. The prime contractor must collect the PEU forms from subcontractors and submit them to the City's AA/EEO Compliance Officer at: affirmativeaction@ci.stpaul.mn.us

Workforce participation goals on construction projects is monitored via certified payroll in **LCPtracker**. LCPtracker is a paperless, online system of entering certified payroll reports. In LCP Tracker, contractors are required to select the job classification, gender, and race of each individual worker. In instances where LCPtracker is not used, contractors shall report the project workforce participation goals manually on city provided spreadsheet.

Failure to make Good Faith Efforts

If a contractor fails to make and demonstrate a good faith effort to meet the goals for participation of women and minorities, the Director may take appropriate measures to sanction the contractor. This may include: suspension, termination, cancellation of existing contracts until corrective steps are taken, and declarations of non-eligibility to bid.
