

Highland/Mac-Groveland Neighborhood Cleanup

September 30, 2017

Directions:

Use this map to load your vehicle in the order of stations where you will be stopping. The entrance to the drop-off event is at Shepard Road and Alton Street. Volunteers will tally your materials and accept payment in the form of cash or check.

Reuse:

The reuse area is an opportunity for residents to share usable household items with others. After dropping off materials, you can return to the frontage road (Youngman Ave. W, north of Shepard Rd.) to park and look through the reuse area before going home.

HHW:

Only vehicles with trash, construction debris, concrete, or Household Hazardous Waste (HHW) should turn around to go east on Shepard Road. All other vehicles should exit north on Davern Street or continue west on Shepard Road.

Questions? Contact Kathy@highlanddistrictcouncil.org or 651.695.4005.
