

Peter Morales

I have in the past created work for parks specifically for children, and work that appeals to all ages. For example; I have created works that tells a story and yet also serve as either seating or as a drinking fountain.

The theme of my work is very playful and child oriented, it is also created primarily out of stone and suitable for outdoor setting. I would like to create work that is visually and tactilely stimulating and encourages exploration

2007 *Amble*. Mankato Limestone. 64" x 30 x 24". Franconia Sculpture Park. Franconia, Minnesota.

2004 Book Benches. Indiana limestone. Dimensions variable. 6 book shaped benches Commissioned by the City of Wayzata for the Wayzata Public Library for the Children's Reading Garden. Wayzata, Minnesota
