

Back table

We liked B better

have "A" \approx now - not functional

liked intentionality of functions
in B, more intimate, fewer trees

Movable + stationary furniture

Not enough space for dogs

Ensure this feels like a public park
(eg not Akerberg name over park)

B has more sitting space

Front table

liked A - circular, open space
A > B, but elements of both
augment winter use - evergreens
fire - real wood vs gas

B is a little claustrophobic - maybe
fewer trees

lighting - softer lights at night
so not pitch black @ night

A - need to include ways to invite
people in to center area

Need to add color in the park

Lukes

private / separate spaces

different kinds of seating

private & communal

artwork & small performance area

Intimacy of B vs wide open area

A didn't seem as "unique" - B more
unique in downtown

Concern too much going on in B for size

Open-ness speaks to community

Open space can be intimidating

Lunch crowd vs residents

Wacoata Commons - big open space not used
as much

4-season park is a great
concept

liked shallow seating terraces
how tall terraces

Chestnut Plaza is best
comparison for scale

Ecolab Plaza also similar

CONCEPT DISCUSSION

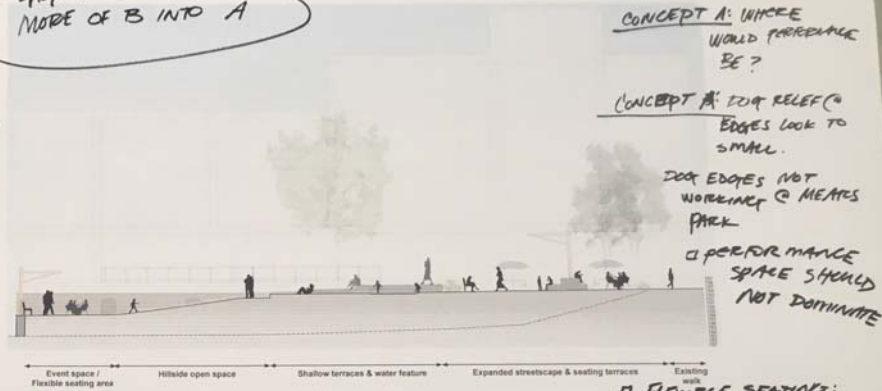

TRY TO BRING MORE OF B INTO A

- HOUSE / CROWDED FEELING FOR (B)
- OPEN SPACE IS BETTER BUT NOTHING UNIQUE
- MAY BE MORE / LESS TRESS TO OPEN IT UP

CONCEPT B - EXPANDED STREETScape

TO MANY TREES / CROWDED

CONCEPT A: WHOSE WORLD PERCEPTION BE?
 CONCEPT A: EDGE RELIEF @ EDGES LOOK TO SMALL.
 DOOR EDGES NOT WORKING @ MEETS PARK
 □ PERFORMANCE SPACE SHOULD NOT DOMINATE

□ NOT ANOTHER MORGAN PARK - FOR LARGE EVENTS
 □ NEEDS MORE FOR YOUNG FAMILIES & GRANDPARENTS

□ FLEXIBLE SEATING: WHAT DO WE THINK OF THIS?
 POSITIVE
 □ BUDGET COLOR POP IS IMPORTANT!
 □ GIANT TREE IDEA

DOWN TO SAME STRUCTURES: TERRACES
 FEELS UNDERUTILIZED

□ LIGHTING: NOT SEEING THAT - ACCENT LIGHTS, LIGHTS FROM ADJACENT BLDGS, ILLUMINATION OF STREET TREES

- YEAR ROUND PARK NOT SEEING THIS IN DESIGNS
- AREA FOR KIDS TO SLIDE IN CITY
- CONCEPT A: PLAY
- NO SWIMMING SHOWN - THAT HAVE THIS

□ OPEN SPACE: MAYBE TOO MUCH OPEN SPACE EDGES WOULD BE CROWDED. " IF ONLY WE HAD DOMINATE THE SPACE "
 COULD WE INTRODUCE SOMETHING TO BRING THEM IN

□ WHAT DID WE MISS? WINTER APPAL / FIRE PIT IDEA WOULD BE HEAPPAL
