

ZONING COMMITTEE STAFF REPORT

1. **FILE NAME:** Brett Ripley **FILE #** 18-050-373
 2. **APPLICANT:** Brett Ripley **HEARING DATE:** April 26, 2018
 3. **TYPE OF APPLICATION:** Nonconforming Use Permit - Reestablishment
 4. **LOCATION:** 1685 Taylor Ave, between Aldine and Charlotte
 5. **PIN & LEGAL DESCRIPTION:** 28.29.23.41.0037; Ex. W 37 ft. Lot 10 and all of Lot 9, Block 3, College Place Taylor's Division
 6. **PLANNING DISTRICT:** 11
 7. **ZONING CODE REFERENCE:** § 62.102; § 62.106(h); § 62.109(e) **PRESENT ZONING:** R4
 8. **STAFF REPORT DATE:** April 19, 2018 **BY:** Josh Williams
 9. **DATE RECEIVED:** April 6, 2018 **60-DAY DEADLINE FOR ACTION:** June 5, 2018
-

- A. **PURPOSE:** Reestablishment of a nonconforming use as a four-family dwelling.
- B. **PARCEL SIZE:** 8,276 sq. ft. (0.19 acres)
- C. **EXISTING LAND USE:** Three-family dwelling
- D. **SURROUNDING LAND USE:**
 - North: One-family residential (R4)
 - East: Three-family residential (R4)
 - South: One-family residential (R4)
 - West: Two-family residential (R4)
- E. **ZONING CODE CITATION:** § 62.102 states the standards under which a use or structure will be presumed to be legally nonconforming. § 62.106(h) states that legal nonconforming status is lost if is discontinued for more than one year. § 62.109(e) lists the conditions under which the Planning Commission may grant a permit to reestablish a nonconforming use.
- F. **PARKING:** Zoning Code § 63.207 would require a minimum of six off-street parking spaces if the structure is given legal nonconforming status as a four-family dwelling. The property has a 3-car garage and a concrete parking pad that can accommodate two or three vehicles.
- G. **HISTORY/DISCUSSION:** On November 15, 2013, the Planning Commission denied an application by Brett Ripley for reestablishment of nonconforming use of the house as a 4-family dwelling (Zoning File # 13-240-134). Mr. Ripley filed an appeal of this decision on November 26, 2013, after the ten-day appeal period had expired, so he reapplied to the Planning Commission to have the opportunity to appeal the Planning Commission decision to the City Council. On February 7, 2014, the Planning Commission denied the application of Brett and Laura Ripley for reestablishment of nonconforming use as a 4-family dwelling (Zoning File # 14-001-469), but no appeal of this decision was filed.
- H. **DISTRICT COUNCIL RECOMMENDATION:** The District 11 Council has not commented.
- I. **FINDINGS:**
 1. The original building permit for the house at 1685 Taylor Avenue shows that it was constructed in 1897 as a one-family dwelling. The 1930 census shows that it was a one-family dwelling with owner occupants, John and Minnie Gebhard, and their son. The 1940 census shows that it was a one-family dwelling with a 74-year old owner occupant, Minnie Gebhard. City directories as recent as 1948 list only one resident in the house. In 1949 and again in 1965, city directories listed four apparently unrelated individuals residing at 1685 Taylor, with no indication of the number of units. A 1975 city directory listed four apparently unrelated individuals residing at the address, along with a phone number for

each, suggesting that there were four units in the structure at that time. A Sanborn Insurance map covering the years 1929-1955 shows that the house was a one-family dwelling in 1929 and that it had been converted to flats (two units) by 1955, very likely between 1949 and 1955.

2. The property was zoned "B" Residence, which allowed one- and two-family dwellings, from 1922 to 1975. The property was rezoned R4 one-family residential when the City adopted a new zoning code in 1975. The property has never been zoned to allow more than two dwelling units.
3. Department of Safety and Inspections (DSI) records show that the house received a Certificate of Occupancy (C of O) for four dwelling units in 1982, which appears to have remained in place until 2006, even though the property has never been zoned to allow more than two dwelling units and there is no evidence of building permits to convert the house to three or four units.
4. Both the applicant and City records (a C of O) indicate that the previous property owner began using the first and second floor as one living unit around 2006, and continued to rent the third floor unit and the basement dwelling unit. By 2011, all units were vacant. The structure was registered as a Category II vacant building in 2012. At that time, a DSI inspector confirmed that the first and second floors were still designed as two separate dwelling units (a locking door separating the units, and each having a fully functioning kitchen), and DSI Zoning ordered that the locking door be removed and one kitchen be removed by removing all cabinets and capping gas, water and drain lines inside the walls, and disconnecting them at the source if feasible. Compliance with these orders was to be required prior to issuance of a C of O for the property, a condition of sale for a Category II vacant building. The responsible party at the time (the executor of the previous owner's estate) appealed the order. It does not appear that the appeal was granted, but DSI Zoning agreed to removal of the basement unit in lieu of the required alterations to the first and second floor units.
5. On or about August 20, 2012, a DSI inspector met with the executor and Brett Ripley (the applicant) at the property and informed them that the structure was eligible for a C of O as a three-family dwelling, provided compliance with the previous order and that a fire separation between the first and second floors was established. According to City records, the sale of the home to the applicant was scheduled to close on August 29, 2012, and a new Certificate of Occupancy was issued in January 2013.
6. Zoning Code § 62.102 states: *"A use or structure will be presumed legally nonconforming if it can be demonstrated by clear and convincing evidence that prior to October 25, 1975, the use or structure was established, converted, or expanded and occupied pursuant to building permits issued by the city; if the use or structure was allowed in its location at the time it was established; or if it can be demonstrated by clear and convincing evidence that the particular use or structure has been in existence continuously since December 13, 1956. The burden of proof shall be on the property owner. ...the planning commission may approve permits granting legal nonconforming status to uses or structures that do not meet these standards as set forth in section 62.109(a) and (b)".* Based upon clear and convincing evidence that use of the house at 1685 Taylor Avenue as a two-family dwelling was established under the old "B" Residence zoning that allowed a two-family dwelling at this location, use of the house as a two-family dwelling can be presumed to have had legal nonconforming status under the current R4 one-family residential zoning. It has not been demonstrated by clear and convincing evidence that use of the house as a three- or four-family dwelling could ever have been presumed to be legally nonconforming under

the requirements for this in Zoning Code § 62.102.

7. Zoning Code § 62.106(h) states: *“When a legal nonconforming use is discontinued or ceases to exist for a continuous period of more than one (1) year, the building, or building and land in combination shall thereafter be used in conformance with the regulations of the district in which it is located, unless the planning commission approves a permit to reestablish the nonconforming use as set forth in section 62.109(e). A residential building vacant for more than one (1) year may be reestablished at the number of units for which it was originally constructed provided that it has not been physically converted to a fewer number of units”*. It appears that the house at 1685 Taylor, which was originally constructed as a one-family dwelling and is located in a R4 one-family residential zoning district, lost its legal nonconforming status as a two-family dwelling when it was vacant from 2011-2013. Zoning Code § 62.106(h) provides that the legal nonconforming use may be reestablished as set forth in § 62.109(e).
8. Zoning Code § 62.109(e) states: *When a legal nonconforming use of a structure, or structure and land in combination, is discontinued or ceases to exist for a continuous period of more than one (1) year, the planning commission may permit the reestablishment of a nonconforming use if the commission makes the following findings:*
 - (1) *The structure, or structure and land in combination, cannot reasonably or economically be used for a conforming purpose.* This finding is met for reestablishment of legal nonconforming use of the house as a 2-family dwelling, but not as a 3- or 4- family dwelling. While the house was originally constructed as a one-family dwelling, which it was designed for, it is a relatively large house that was legally converted to a two-family dwelling several decades ago, and it would not be reasonable or economical to require conversion back to a one-family dwelling now. It appears that the house could reasonably and economically be used as a two-family dwelling.
 - (2) *The proposed use is equally appropriate or more appropriate to the district than the previous legal nonconforming use.* This finding is met for reestablishment of legal nonconforming use of the house as a two-family dwelling, but not as a 3- or 4- family dwelling. Based upon clear and convincing evidence that use of the house as a two-family dwelling was established under the old "B" Residence zoning that allowed a two-family dwelling at this location, use of the house as a two-family dwelling can be presumed to have had legal nonconforming status under the current R4 one-family residential zoning. It has not been demonstrated by clear and convincing evidence that use of the house as a three- or four-family dwelling could ever have been presumed to be legally nonconforming under the requirements for this in Zoning Code § 62.102. Use of the house as a 3- or 4- family dwelling is less appropriate to the R4 one-family residential district than the previous legal nonconforming use of the house as a two-family dwelling.
 - (3) *The proposed use will not be detrimental to the existing character of development in the immediate neighborhood or endanger the public health, safety, or general welfare.* This finding is met. The structure has been used for up to four units with no indication that it was detrimental to the existing character of development in the immediate neighborhood or that it endangered the public health, safety, or general welfare.

- (4) *The proposed use is consistent with the comprehensive plan. This finding is met. This property is located in an area that the Comprehensive Plan gives a future land use designation of "Established Neighborhood", described as a "predominantly residential area with a range of housing types. Single family houses and duplexes predominate, although there may be smaller scale multifamily housing scattered within these neighborhoods". The Hamline Midway Community Plan advocates for "the development of alternatives to single- family housing throughout the neighborhood".*
- (5) *A notarized petition of at least two-thirds of the owners of the described parcels of real estate within one hundred (100) feet of the subject property has been submitted stating their support for the use. This finding is met. The petition was found sufficient on April 6, 2018: 16 parcels eligible; 11 parcels required; 11 parcels signed.*

J. **STAFF RECOMMENDATION:** Based on the findings above, staff recommends approval of a nonconforming use permit for reestablishment of legal nonconforming use of the house at 1685 Taylor as a two-family dwelling, and denial of the application for reestablishment of legal nonconforming use of the house as a four-family dwelling.

4/5/18

Dear Planning Commissioners,

My wife, Laura, and I are the owners of 1685 Taylor Ave. W. The property is a 4-plex that is currently zoned as a non-conforming 3-plex in an R4 zone.

The property existed as a non-conforming 4-plex for many years until right before we purchased the property in 2012. It was downgraded to 3 units when the previous owner decided to occupy two units at the same time in the late 2000s.

Four years ago, we applied to re-establish the fourth unit but failed to meet one of the criteria. We believe that this result was achieved in error. The cost to combine two units while retaining the character of this 120 year old house was much more than we had anticipated.

Our neighbors have once again signed off that they are ok with the change. We have plenty of parking (5 off street spots). It's been clear to everyone who has seen the house or knows the case- from our neighbors to fire inspectors, contractors to city council members- that the house is best split up into 4 units and not 3.

In a city that needs affordable housing options, with the written consent of our neighbors, we would ask that you re-establish our house as it is currently laid out- as a 4-plex.

Thank you,

A handwritten signature in black ink, appearing to read "Brett and Laura Ripley". The signature is written in a cursive style with a large, stylized initial "B" and "L".

Brett and Laura Ripley

Brett and Laura Ripley are requesting reestablishment of nonconforming use a four-plex.

(1) The structure, or structure and land in combination, cannot reasonably or economically be used for a conforming purpose. The lot and structure are large enough to easily accommodate the 4 units for which it is currently set up. The building was a four-plex for at least 25 years. It would not be reasonable or economical to demolish one unit and combine it with another to make a single very large and inefficient unit.

(2) The proposed use is equally appropriate or more appropriate to the district than the previous legal nonconforming use. The owners want to re-establish the same number of units that were in the building previously. The use as a four-plex - which was previously a legal non-conforming use – is appropriate in this zoning district.

(3) The proposed use will not be detrimental to the existing character of development in the immediate neighborhood or endanger the public health, safety, or general welfare. The structure is already set up to be a four-plex. There have been no issues with its existence in the past. There will be no changes to the structure. Adequate parking is provided in a three-car garage and two off-street paved parking spaces.

(4) The proposed use is consistent with the comprehensive plan. The Future Land Use Map of the Comprehensive Plan guides this area as Established Neighborhood which accommodates a range of housing types, including small multifamily.

(5) A notarized petition of at least two-thirds of the owners of the described parcels of real estate within one hundred (100) feet of the subject property has been submitted stating their support for the use. The petition has been submitted.

Estimate

Mr. Brett Ripley
Apartment Address: 1685 Taylor Avenue
St. Paul, MN
612-213-8393

Description of Project:

Making two apartment units into one:

<i>Demo Kitchen including cabinets, plumbing, ceiling, soffit, flooring:</i>	<i>\$3,850.00</i>
<i>Removing gas hook ups, vents, changing electrical, and framing to code:</i>	<i>\$7,220.00</i>
<i>Removing existing doors, and installing new doors:</i>	<i>\$1,850.00</i>
<i>Re drywalling ceiling, and center wall in new bedroom, patching holes, etc.:</i>	<i>\$4,128.00</i>
<i>Removing walls above stairway and installing matching oak railing and trim:</i>	<i>\$6,850.00</i>
<i>Installation new baseboard matching cove and trim to lower level:</i>	<i>\$5,625.00</i>
<i>Painting walls, ceiling, staining ceiling, varnishing trim, touch up areas, etc.:</i>	<i>\$3,950.00</i>
<i>Install oak flooring to match existing flooring, including base shoe:</i>	<i>\$4,275.00</i>
<i>Debris removal and cleanup:</i>	<i>\$1,280.00</i>
<i>Permits, misc, unforeseen:</i>	<i>\$1,500.00</i>

Total Estimate Cost: \$40,528.00

Notes:

*This estimate reflects the cost of the project, but does not
include a payment schedule for project.*

*Should project be approved and signed by both parties, project would have a
Payment schedule.*

This new contract would be signed by both parties.

Pre-Inspection

Assigned To: Imbertson, Mitchell

Comment: Units: 3, Dwelling Units
07/24/09 - New owner info, updated RP address. - MI

Closed: 07/18/11

Result:

07/18/2011: Done

C of O Inspection

Comment: 07/19/11 - Full inspection made with Scott Huestis. All units are now unoccupied. Discussed with Scott and he was planning to fix up building for sale and wanted to obtain CofO before listing. He wasn't sure how the market looked and explained he would prefer to sell building quickly but may re-occupy rental units if not sold shortly. 1st floor unit is combined with 2nd floor unit since before last inspection, this unit was previously owner occupied and hadn't been inspected. This unit was found to have 2 kitchens. Stove and fridge were removed on 2nd floor kitchen but cabinets, gas line, plumbing lines, and sink are still in place. Property under investigation to check history and check with zoning. - MI

07/26/11 - Zoning has determined that since use is non-conforming, property cannot be reverted to 4 units again as the new PM had requested. They further confirmed that

conversion was not proper under permit for conversion from 4 units to 3 and that there was no approval for 2nd kitchen to remain and there was no approval for locked door to remain in place between 1st and 2nd floors. Mary Montgomery confirms that lines for plumbing, gas, and drain must be capped inside of wall and disconnected at the source where feasible. All cabinets must be removed. - MI
 07/26/11 - Called PM to discuss this. He was upset about requirement but seemed to understand what the requirements were when I explained. - MI

Closed: 07/29/11

Result:

07/29/2011: Correction Orders

C of O Re-Inspection

Comment: 08/29/11 - appeal approved for 2 egress windows. Rest of appeal result is unclear, note from Mai Vang states that she will need to clarify with Ms Moermond. - MI
 09/15/11 - no response from Mai Vang yet, sent another email for clarification - MI
 09/28/11 - recvd and approved 3 rh1 tests. Mai Vang from clerk's office has not responded with any clarification to my emails. - MI
 10/06/11 - still no response, send a 3rd email to Mai with clerk's office for clarification. - MI
 10/25/11 - again no response from clerks office. Appeal indicated that the issue would be revisited in 6 months. Updated orders which were granted in appeal and suspending file through 6 months as granted by appeal, check for further updates at that time. - MI
 03/01/12 - Rechecked from exterior only, still appears be be unoccupied throughout but exterior is being maintained and snow has been shoveled, etc. Could see inside of the 1st floor and this area was vacant with tools and a ladder sitting out, unable to see other units. Plumbing permit was recently pulled, the permit is not final yet and notes aren't clear about what work is covered. Sent email Mai Vang to clarify status. - MI
 03/21/12 - still no response from clerks office, no further action found on appeal. I re-read the appeal notes and minutes and understand that there was to be no action taken and I understand that the property was supposed to be out of the certificate of occupancy program until sold, occupied, or further action was taken when case is revisited by Marcia Moermond. - MI
 06/04/12 - No further action from appeal yet. Property hasn't been sold and no one has called for a CofO. Property is checked periodically from the exterior while in the area with other inspections and as recent as last week, I have seen no 'for rent' signage and no signs of occupancy. Suspend file further per appeal. - MI
 08/02/12 - No change. - MI
 08/10/12 - discussed with supervisor AJN, he has also been in contact with LHO to clarify the wording of the hearing. Determined that I would re-inspect when available and refer to VB if still vacant with deficiencies. - MI
 08/15/12 - Exterior reinspection made. Property is still visibly vacant and has for sale sign in front. 3 mailboxes on the building, appears to be set up for use as a triplex still from the exterior. Refer to VB. - MI

Closed: 08/15/12

Result:

08/15/2012: Revoked/Vacant

Deficiency:

Throughout: SPLC 34.09 (3), 34.32 (3) - Repair and maintain the window in good condition. Repair windows as needed so that all double-hung windows throughout the building are easily openable without excessive effort. At least one window in each bedroom must easily open to a full height of 24 inches or greater to meet egress requirements. First Noted on: 07/28/2011, Notice#: 2, Severity: 2, Status: Abated

Unit 1: 1st Floor - Side Bedroom. MSFC1026.1 - Provide and maintain an approved escape window from each sleeping room. The minimum size must be 5 square feet of glazed area with a minimum of 24 inches of openable height and 20 inches of openable width. With a finished sill height not more than 48 inches. This work may require permit(s). Call DSI at (651)- 266-9090. Refer to the Escape Windows for Residential Occupancies handout for more information. Existing casement window does not meet glazed area requirement. Window has an openable and glazed area of 21 inches wide by 28 inches high, 4.1 square feet. First Noted on: 07/28/2011, Notice#: 2, Severity: 9, Status: Abated

Unit 3: 2 Bedrooms. MSFC1026.1 - Provide and maintain an approved escape window from

each sleeping room. The minimum size must be 5 square feet of glazed area with a minimum of 24 inches of openable height and 20 inches of openable width. With a finished sill height not more than 48 inches. This work may require permit(s). Call DSI at (651)-266-9090. Refer to the Escape Windows for Residential Occupancies handout for more information. Front Bedroom: Double-hung window has an openable area of 16 inches high by 33.5 inches wide and a glazed area of 36 inches high by 33.5 inches wide, 8.4 square feet.

Side Bedroom: Casement window has an openable area of 37.5 inches high by 17 inches wide and a glazed area of 37.5 inches high by 20.5 inches wide, 5.3 square feet. First Noted on: 07/29/2011, Notice#: 2, Severity: 9, Status: Abated

Vacant

Comment: 8/20/12 PO Scott called inquiring about the property requesting permission to remove basement unit and allow floors 1, 2, 3 for occupancy. I advised would check with Zoning. I contacted Wendy in Zoning and she is ok with basement unit as the one to be removed. I met current and potential buyer at the property. The home is scheduled to close on 8/29/12. I advised owner that ok to remove basement unit, and allow occupancy of floors, 1, 2, and 3 with the condition that a fire separation is provided between floors 1 and 2 where an existing non fire rated door exists. I advised this area had not been inspected due to previous owner occupancy. I emailed VB to close file and will lift revocation. I advised full compliance by 10/1/12. ajn

Closed: 08/20/12

Result:

08/20/2012: Ready for C of O Inspection

Deficiency:

Basement: Dryer. UMC 504.6 - Provide, repair or replace the dryer exhaust duct. Exhaust ducts for domestic clothes dryers shall be constructed of metal and shall have a smooth interior finish. The exhaust duct shall be a minimum nominal size of four inches (102 mm) in diameter. This work may require a permit(s). Call DSI at (651) 266-8989. Remove the screws and properly secure the vent. Vent is also pressure fitted between the air conditioner and its piping.. First Noted on: 07/29/2011, Notice#: 3, Severity: 3, Status: Deficiency

Basement: MSFC 703 - Provide, repair or replace the fire rated door and assembly. Repair and maintain the door closer and latch on both doors to utility rooms. First Noted on: 07/29/2011, Notice#: 3, Severity: 6, Status: Abated
