

Program History

In May 1993, the Minnesota State Legislature authorized the City of Saint Paul to levy an additional half-cent sales tax to make needed improvements to the Saint Paul RiverCentre complex and create the Neighborhood Sales Tax Revitalization or STAR Program and a Cultural STAR Program. The goal of STAR is to utilize funds for capital improvements to further residential, cultural, economic and commercial development in Saint Paul.

Under its current structure, the Neighborhood STAR portion of the half-cent sales tax revenue equals 50 percent, a Cultural STAR effort uses 10 percent and the remaining 40 percent supports RiverCentre capital needs and additional economic development activities.

Key Features

The Neighborhood STAR Program is administered by the Department of Planning and Economic Development, and awards loans and grants for capital (bricks and mortar) projects within Saint Paul neighborhoods.

Eligible STAR applicants include private for-profit businesses and public, non-profit entities doing business within the City of Saint Paul.

All STAR funds are matched on a minimum dollar for dollar basis with non-city resources.

Neighborhood STAR dollars must be spent on physical improvements with an expected life of at least seven (7) years.

In 2016, Neighborhood STAR funds were awarded through one competitive application process. An orientation was held in February and thirty-nine (39) applications were received in late-March. On August 3, 2016, the Mayor and City Council approved nineteen (19) proposals through the 2016 STAR Program totaling \$2,033,029 and leveraging more than \$15.3 million dollars in non-city resources.

Neighborhood STAR Board

Community involvement and participation is essential to the Neighborhood STAR Program's success. The twenty-one (21) member citizen board provides advice and recommendations to elected officials on all aspects of the STAR Program. Volunteer members are selected by the Mayor and approved by City Council to serve a four-year term. In addition to being geographically represented, the Neighborhood STAR Board provides a unique cross section of knowledge and expertise.

Accomplishments & Outside Investment

Since 1995, Neighborhood STAR has assisted over 900 projects with more than \$114 million in STAR dollars. These funds are estimated to have generated more than \$1.2 billion dollars in private investment throughout Saint Paul.

Loan Component

Loan funds are available to non-profit and for-profit entities whose projects and/or programs would result in desirable improvements within Saint Paul neighborhoods. Nine (9) loans were awarded via the 2016 annual Neighborhood STAR Program equaling \$687,500.

Neighborhood STAR Allocations

In 2016, Neighborhood STAR's budget of half-cent sales tax collections equaled \$9,524,831. From this total, \$3.5 million supported ongoing city debt for neighborhood investments; \$2,197,215 was committed to repaying 2007 bonds issued to capitalize the Invest Saint Paul neighborhood stabilization program; \$1,525,000 supported public safety through the Capital City Program; \$350,000 was dedicated to the Year-Round STAR Program; and \$15,000 was allocated to Investment Services. The primary subject of this report is the more than \$2 million invested in Saint Paul vitality and businesses, tax base and job growth through the 2016 Neighborhood STAR annual competitive application process.

Debt Service

In 2003, the Mayor and City Council approved the use of Neighborhood STAR dollars for city debt service. Legislation adopted in 2005 and amended in 2009 capped funding for general city debt service at \$3.5 million per year. In 2013, the law was once again amended to remove the cap and allow expenditures for "any economic development purpose," which may include debt service. In 2016, \$3.5 million of Neighborhood STAR funds were budgeted for general debt service bringing the STAR-funding total to more than \$50.2 million.

STAR Economic Development Bonds

In 2005, the Minnesota Legislature provided the City of Saint Paul bonding authority for economic development investments supported by up to 20 percent of the revenue from the city's half-cent sales tax. In 2007, the City of Saint Paul issued \$25 million in economic development bonds to capitalize the Invest Saint Paul Program. Debt service for these bonds in 2016 equaled \$2,197,215. To date, \$19,631,105 has supported this initiative.

City Capital Project Program

An annual allocation of \$1,525,000 in Neighborhood STAR dollars began in 2006 for the lease and/or purchase of police, fire and parks vehicles and/or city equipment. The program's allocation to date is \$15,940,000.

Year-Round STAR Program

The Mayor or City Council Members recommend STAR funds for individual projects throughout each year. The Neighborhood STAR Board reviews and ranks each proposal and forwards their recommendation to the Mayor and City Council for final approval. In 2016, (10) grants were awarded through the Year-Round STAR Program equaling \$382,125 and leveraging an anticipated \$2,069,000 in outside investments.
