

February 12, 2020 Hillcrest Public Engagement Activity – Post-it Notes:

Today:

- Knowing all my neighbors
- I love the opportunities the site presents
- Accessible to small business owners, entrepreneurs
- Community gardens
- Dog park
- Village amenities for neighbors who are aging in place
- Open space with established, owned homes
- Senior housing of all types
- Single family homes [and] parks
- The rolling and tree filled landscape
- May street dead ends
- Green space
- Retail high end homes
- Clean it up and get the infrastructure in
- Love the green space – I love that it was not a public park
- Walking, biking, [and] path
- 100% park

10 years:

- More green space, safe walking and biking paths in 10 years
- Want more recreational opportunities for young families in 10 years
- With lots of different types of housing that is actually affordable
- Local coffee shop, ice cream shop, café, and school
- Green space
- More trees, green open space
- Established neighborhoods – folks stay [and] know their neighbors
- Walkability and complete streets
- Community spaced – walkable
- Natural setting and wetlands for wildlife
- Community center – all ages
- Community gardens with tiny homes
- Using the tallest hill in St. Paul to sled down
- Community
- Light industrial, senior housing, med. density/multi-family, single family homes 250-350
- Affordable to homeowners and renters of all incomes/races
- Pedestrian friendly
- Green community gathering spaces

- No law enforcement on far corner of Saint Paul
- Top Golf
- Natural areas and walkways
- Green space and community of older adults and younger homeowners
- Welcoming people and allows families to thrive
- Outdoor pool with bike trail on the east edge
- Be great to have a business that's quiet and not polluting/creating smells
- A Big ol' park
- 55 plus housing, dog park, green space, no through streets

50 years:

- 50 years – A neighborhood where people still desire to live and raise their families for years
- Community gardens
- Vibrant, mixed use commercial, industrial, residential, and walkable
- Blend of housing types – rental and ownership & affordable and market rate
- Mostly or park, some light industrial
- Success
- Busy with seniors, families, and students [who] co-exist in a neighborhood that is transit accessible, sustainable, and affordable
- Seeing a large park with unused land (x2)
- Green, open space
- Single housing with trees – green
- Families that are committed to being good citizens and have care for their carbon footprint
- Reserve for kids to play and explore
- School environmental ed. Site
- Dog park, green space, and walking [to] shops
- Cooperative housing for seniors, young people, mixed family sizes & community gardens, public transportation, including bikes and bike lanes
- Welcoming new people
- A place to escape global warming
- Small business with priority given to Hmong, African American, and women business owners
- Hillcrest mirroring midway shopping center and housing
- Senior owner occupied (higher end)
- Love the green space, trees, slower traffic, opportunity for parks/trails
- Move Hayden Heights Elementary to Hillcrest
- Affordable housing – 30% AMI
- Filled with variety of housing (dense), green space, trails, and commercial/jobs – all of which was decided by community
