Metro Transit

To whom it may concern:

Thank you for the opportunity to weigh in on priorities for the future Arterial Bus Rapid Transit (ABRT) network. I am writing on behalf of the Saint Paul Transportation Committee, who discussed Network Next at two of our recent meetings. As a citizen committee dedicated to providing input on transportation issues in Saint Paul, we hope to provide helpful input from an “informed resident” perspective, separate from the formal City of Saint Paul governmental body.

We believe that the _____ and _____ corridors should be the region’s highest priorities for ABRT. [Add any special reasoning here]

We believe that _____ is the most important scoring criterion because _____.

Additionally, we have the following concerns and ideas: _____.

Sincerely,

Bill Lindeke
