

THE MISSISSIPPI FLOWS THROUGH US

DRAFT PROGRAMS AND EVENTS

WILDERNESS

Explore Outdoor Saint Paul

Free and low cost nature programs for all ages

Goats and Grounds

Grazing as a strategic, multi-year approach to manage invasive species at parks within the river watershed. 37 goats will work in Indian Mounds, Crosby Lake, and Hidden Falls Regional Parks in 2017 and 2018.

Great River Passage Trail App

Orienting trail users to over 3,500 acres of open space

WELLNESS & RECREATION

Mississippi River Paddle Share

A new National Park Service recreation and transportation opportunity for people to rent kayaks for a 6.3 mile river paddling experience from Hidden Falls to Harriet Island Regional Park. Paddle Share stations are partnered with Nice Ride locations to create alternative transportation circuits.

Summer Blast @ GRP

Free afternoon program for kids from across the city to actively explore the river. 10 Recreation Centers and 225 Saint Paul children will participate in programming at Crosby Farm Regional Park June-August 2017.

Fitness in the Parks @ GRP

Welcoming a wide variety of people to the river through free, active, social experiences. Activities include: yoga, kick boxing, t'ai chi, capture the flag, social dance, etc. (June-September 2017).

CULTURE AND GATHERING

Great River Passage Event Calendar

A digital event and programs calendar orienting the public to hundreds of activities taking place at or on the river. www.greatriverpassage.org/events

Special Events

Large-scale events for the community including movies and music in the park, races, festivals, and neighborhood gatherings.

Hood to the Woods: Urban Family Camping at the River

An introductory overnight event for families with little to no prior camping experience. Families from Recreation Centers will be invited to participate in an overnight August 5th and September 23rd. Co-led by Wilderness Inquiry at Fort Snelling State Park.

PEOPLE AND STORY

Photographers in Residence

Local Photographers Monica Bryand, Erin D. Carter, and Chris Juhn have been selected to offer a fresh, compelling approach to photographing the experience of the Mississippi River in Saint Paul. The photographers' growing image library will be featured in a digital gallery and will culminate in a published project at the end of the residency in December 2017.

Rambling River

A micro documentary series featuring the unique places, people, and experiences at the river.

East Side River District Symposium

Reveal, heal, connect, and protect. A symposium that explores the complex history, culture, ecology and economics of the East Side River District.
