RE: Neighborhood STAR Proposals and Compliance with Saint Paul Comprehensive Plan

Background

The Neighborhood STAR program awards loans and grants for capital improvement projects in Saint Paul Neighborhoods, and is funded with 50 percent of the sales tax proceeds. More information on the program can be found here: <http://www.stpaul.gov/index.aspx?NID=2894>.

This year, 58 proposals requesting over \$6 million in assistance will be vying for about \$2 million from the Neighborhood STAR Program. Over \$29 million in potential private matching dollars have been identified. The average dollar request is \$104,619.

More detailed information includes:

- 33 applicants requested grant-only funds
- 42 proposals provide opportunities for commercial renewal
- 6 applications seek funding to operate a relending/regranting program
- 5 requests are for public enhancements
- 3 proposals support housing development
- 2 proposals provide assistance to mixed-use development
- 1 proposal is for combined commercial and public improvements

The Planning Commission is responsible for reviewing Neighborhood STAR applications for compliance with the Comprehensive Plan, per Minnesota Statute 462.356, Subd. 2 (full text at <https://www.revisor.mn.gov/statutes/?id=462.356>, excerpted below):

After a comprehensive municipal plan has been recommended by the planning agency and a copy filed with the governing body, [no] capital improvement [shall] be authorized by the municipality until after the planning agency has reviewed the capital

for Compliance with the City of Saint Paul Comprehensive Plan**

WHEREAS, Minnesota State Statute 462.356 states that the planning agency shall review any proposed capital improvement and report to the governing body its findings as to compliance of the proposed improvement with the comprehensive municipal plan; and

WHEREAS, the Neighborhood STAR program funds capital improvement projects within the City of Saint Paul, and the Neighborhood STAR Board is reviewing applications to the Neighborhood STAR Program and will make funding recommendations to the Mayor and City Council; and

WHEREAS, the planning staff has reviewed and evaluated the applications for compliance with the Saint Paul Comprehensive Plan, its addenda, and other appropriate City policies as determined by City Council; and

WHEREAS, on April 29, 2020, the Comprehensive and Neighborhood Planning Committee discussed and approved Comprehensive Plan ratings and comments on the Neighborhood STAR applications and forwarded these to the Planning Commission in a memo dated May 8, 2020; and

WHEREAS, the Comprehensive and Neighborhood Planning Committee recommends that applicants for projects on properties that are found to be out of compliance with existing zoning regulations or permits be ineligible for Neighborhood STAR funds, either directly or as a sub-grantee; and

WHEREAS, the Planning Commission has reviewed these recommendations, and encourages the Neighborhood STAR board to consider the various planning themes that different projects may or may not fall under;

NOW, THEREFORE, BE IT RESOLVED, that the Planning Commission approves the attached Comprehensive Plan compliance ratings for the 2020 Neighborhood STAR applications and forwards the ratings to the Neighborhood STAR board for its consideration.
