* Please note: Beginning in 2013, the FBI issued a new definition for the classification of rape. Prior to 2013, rape was defined (for the purposes of reporting Part I crimes in the annual Uniform Crime Report) as “The carnal knowledge of a female forcibly and against her will”. Effective January 1, 2013, rape is defined as “Penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim”. This new definition now allows the counting of male rape victims who were not countable under the old definition.
