CITY OF SAINT PAUL

Christopher B. Coleman, Mayor

367 Grove Street Telephone: 651-266-5588
Saint Paul, Minnesota 55101 Facsimile: 651-266-5542

July, 2017

Dear Community Partners,

On behalf of the women and men of the Saint Paul Police Department, I present our 2016 Crime Report. I would like to extend a special thanks to my predecessor, retired Chief Tom Smith, for his leadership and dedication to the police department. In addition, I would like to thank Assistant Chief Kathy Wuorinen for her leadership as our interim chief from May through June of 2016.

I wish to thank Mayor Coleman, the Saint Paul City Council and all of our community partners for entrusting me with the responsibility of leading the finest department in the nation.

In the following pages, you will find maps, tables and charts that summarize our work. What you will not find are the countless hours of dedication to serving our community.

These statistics do not measure the emotional toll officers experience when a child is missing; nor do the data express the joy of reuniting that child with their family.

While data and statistics can show that the need for police services continues to increase based on 911 call volumes, it does not completely express the impact of having dedicated officers take a moment to help a homeless veteran, find shelter for a domestic abuse survivor or help a young woman break free from drug addiction and human trafficking.

Critical events in Saint Paul, in adjacent communities and across the nation impacted the lives of our community members and officers in 2016. It was a year wrought with challenges but our long history of community-focused interaction and our proactive approach to problem-solving held us together.

Thanks to the dedication and resolve of our community partners and our sworn and civilian staff, we continue to build a department advancing to meet the needs of our growing and evolving city.

As you peruse the information contained within this report, I ask that you keep in mind that each robbery, each call for service, each shot fired incident impacts us all. These are not just statistics, but rather a summary of the hundreds of thousands of interpersonal interactions we shared in 2016.

And, you have our commitment that we will continue to carry out our responsibilities with trusted service and respect. Thank you for your continued support.

* Please note: Beginning in 2013, the FBI issued a new definition for the classification of rape. Prior to 2013, rape was defined (for the purposes of reporting Part I crimes in the annual Uniform Crime Report) as “The carnal knowledge of a female forcibly and against her will”. Effective January 1, 2013, rape is defined as “Penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim”. This new definition now allows the counting of male rape victims who were not countable under the old definition.
