PROJECT UPDATE: 2019 Mill and Overlay **Arlington Avenue from E. Shore Drive to White Bear Avenue**

September 26, 2019

Dear Saint Paul Neighbor,

Earlier this month you received a notice about the mill and overlay resurfacing project on Arlington Avenue from E. Shore Drive to White Bear Avenue. Due to contractor scheduling issues, we have a change in the anticipated project schedule and timeline.

The city's contractor needs to complete the scheduled pedestrian improvements and ADA-compliant ramps before doing the street resurfacing work.

Weather permitting, here is a **tentative schedule** of work:

- Concrete pedestrian improvements and ADA-compliant ramp work to be completed by end of October.
- Street to be milled (remove approximately the top two inches of the roadway) at the end of October or beginning of November
- Street to be paved (putting down new asphalt) at the beginning of November. This work could also occur on a Saturday.

Saint Paul Public Works is making every effort to get this project completed this year as planned; however, weather delays could occur and we may need to complete the work in spring of 2020.

If this occurs, please note that the estimated project rate WILL NOT change for property owners, but will be billed at the completion of the entire project.

What you need to do:

- Please move your car off the street during milling and repaving. We will post "No Parking" signs the day before the project begins. Cars that are not moved will be ticketed and towed.
- The street will have temporary closures or lane restrictions during milling and repaving operations. We will try to maintain access to driveways, but there may be temporary access restrictions.
- Please notify any tenants/renters or visitors about the project and no parking restrictions.

Project costs:

All abutting property owners will be charged a fee of 50% of the mill and overlay project costs. The city pays the remaining 50% of the project. Property owners will receive a bill for the resurfacing project after the work has been completed. Property owners will not be billed for pedestrian improvement work.

The estimated project rate for the Arlington Avenue from E. Shore Drive to White Bear Avenue repaving is \$17.34/front linear foot.
