Pedestrian Improvement Work is Happening

April 27, 2020

What is happening?

Reconstruction of pedestrian ramps at Greenbrier Street and Margaret Street on East 7th Street along with the addition of a median at Margaret Street.

When is it happening?

Work will begin on Monday, April 27th, and take place in three phases. The south side of the intersections at Margaret and at Greenbrier Streets will be the first phase with the north side and the median as the two following phases. Work is expected to be completed by the end of May. East 7th Street will remain open, but lane closures will occur.

How will you be impacted?

Construction activities will disrupt the sidewalk and access around the corners. Parking will be limited within the construction zone.

Where can you get project information and updates?

Weekly updates will be posted at www.stpaul.gov/departments/public-works/road-construction under the East 7th Street Pedestrian Improvements webpage.

Who should you contact with questions or concerns?

Contact Project Inspector **Tom Higbee at 651-356-1569**.

Thank you,

Jary Lee
Project Manager
