Street Construction is Happening in Your Neighborhood in 2019

Fairview Avenue Paving Project

October 11, 2018

Dear Property Owner:

The City of Saint Paul's Department of Public Works will be reconstructing Fairview Avenue during the summer of 2019. Street reconstruction will take place on Fairview Avenue between Shields Avenue and University Avenue. Striping to add bike lanes will occur on Fairview Avenue between Marshall Avenue and Shields Avenue. Please see the project map on reverse page.

General Street Reconstruction Information

Street reconstruction includes concrete curb and gutter, storm sewer drains, sewer and water main replacement or repair, private utility upgrades, bituminous pavement, sodded boulevards, boulevard trees, lantern-style street lighting, sidewalks, ADA-compliant pedestrian crossings, concrete outwalks, and concrete driveway aprons.

Public Works is just beginning the design stage of the project. Construction will begin in the summer of 2019 and be completed by the fall.

Updates

Visit the project website at www.stpaul.gov/construction for updates and additional details.

If you have questions or concerns, feel free to contact me at 651-266-6112 or
