Hazelwood Street Alley Reconstruction
Project Inspector Thomas Rooney • 651-775-3040

September 22, 2016

Dear Resident:

This letter is to notify you of upcoming reconstruction of an alley bounded by Hazelwood Street, Minnehaha Avenue, Germain Street, and Reaney Avenue. Included in the reconstruction is the replacement of a concrete driveway and the alley aggregate base layer, followed by a 14-foot wide bituminous overlay.

The general contractor for this project is Bituminous Roadways, Inc. (BR), 651-686-7001. At this time, we anticipate BR to begin work in early October. We expect the project to last approximately 4 weeks.

Should you have any questions or concerns during construction, your first point-of-contact should be **Project Inspector Thomas Rooney at 651-775-3040** (please note, city cell phones do not accept text messages). Thomas will be overseeing all of the work on this project and will be in daily communication with the contractor.

Important information:

- ✓ During the course of work, there will be a period of time when access to the alley will not be possible. You will receive further information on this as the work unfolds.
- ✓ The typical work day is Monday through Friday from 7:00 a.m. to 6:00 p.m.
- ✓ Children are usually attracted by activity and heavy equipment. For safety reasons, **we ask your help in keeping children away from the construction area.**
- ✓ Project updates will be available online at <http://www.stpaul.gov/construction>.

Thank you,

Jesse Farrell, Project Engineer
City of Saint Paul Department of Public Works
Street Design and Construction
