September 20, 2018

Dear St. Paul Resident:

Recently you were mailed information letting you know that the City of St. Paul is organizing the garbage service. In that letter, you were informed that your new garbage hauler is going to be Krupenny & Sons Disposal Service Inc., effective October 1, 2018.

We are writing this letter to let you know that Krupenny & Sons Disposal Service Inc. has decided to turn their customers in St. Paul over to Highland Sanitation & Recycling Inc. The collection day that you were assigned will remain the same. If you have any questions, our contact information is 651-437-0001 or info@highlandsanitation.com.

For more information, our website is www.highlandsanitation.com. General information about the new garbage program can be found at www.stpaul.gov/garbage.

We look forward to working with you and providing your garbage hauling needs!

Sincerely,

Susan Stewart
Highland Sanitation & Recycling Inc.
