

Private Sewer Service Televisor List

The plumbing and licensed sewer contractors on this list have agreed to perform their video sewer inspections according to the City of Saint Paul Televising Specifications.

Please Note: The Sewer Utility does not make any referrals. You may find additional contractors who provide this service in the yellow pages listed under Plumbing Contractors, Plumbing Drains & Sewer Cleaning, Sewer Contractors & Cleaners, and Sewer Inspections.

THE LIST BELOW IS FOR COMPANIES THAT TELEVISION SEWERS.

Because the price of televising your private sewer service can vary, please call several contractors for price quotes. If your private sewer service is in need of repair, be sure to request a copy of the video for your use. Licensed sewer contractors can use the video to provide you a more accurate bid for your repair.

St. Paul Televising Specifications: The video should be in color, have audio stating the date and address (can also be typed in), show digital foot measurements, have adequate lighting, and be slowly paced. Suggested speed should be one foot per second or slower so that the licensed sewer contractor can better see problem areas.

If you have questions regarding your private sewer service or need sewer records, please call the Sewer Utility Service Desk at 651-266-6234.
