Dear Reuben and Kathleen:

Thank you for attending the Union Park District Council Transportation Committee meeting on March 13. After hearing the city's presentation on the bikeway improvements proposed for Pelham Boulevard, and considering residents' input on the plan, the Committee passed the following resolution:

The Union Park District Council Transportation Committee supports the Pelham Bikeway plan through Union Park as proposed by Public Works. It encourages the city to engage with Town and Country Club regarding parking issues in the area. And, it encourages the city to consider the installation of parking bump-out on the south end of Pelham Boulevard, near Mississippi River Boulevard, in the future on a separate timeline.

Please let me know if you have any questions. Thank you.

Sincerely,

Julie Reiter, Executive Director
Union Park District Council
