

September 24, 2018

Dear St. Paul Resident,

Recently you were mailed information letting you know that the City of St. Paul is organizing the garbage service. In that letter, you were informed that your new garbage hauler was going to be R & M Sanitation of St. Paul, effective October 1, 2018.

We are writing this letter to inform you that R & M Sanitation of St. Paul has decided to turn their customers in St. Paul over to Republic Services, Inc. The collection day that you were assigned will remain the same day. Please contact us at 651-286-4590 with any questions.

For more information, our website is www.republicservices.com. General information about the new garbage program can be found at www.stpaul.gov/garbage.

We look forward to working with you and providing your garbage hauling needs!

Sincerely,

Tyler Kraft
Republic Services, Inc.
