Selby Avenue and Saratoga Street Bump-out Removal  
Project Inspector Thomas Rooney • 651-775-3040

9/22/2016

Dear Business Owner/Resident:

This letter is to notify you of an upcoming project to remove an existing bump-out at the northeast quadrant of Selby Avenue and Saratoga Street. The new quadrant will be a traditional 20-foot radius with an ADA-compliant pedestrian ramp.

The benefits of this project include:

- ✓ An ADA pedestrian ramp.
- ✓ Constructing a right-turn lane.
- ✓ Expanding the turning radius for vehicles traveling from Selby Avenue to Saratoga Street.
- ✓ Reducing right-turning traffic at the intersection of Selby Avenue and Snelling Avenue.

The general contractor for this project is Bituminous Roadways, Inc. (BR), 651-686-7001. At this time, we anticipate BR to begin work in early October. We expect the project to last approximately 4 weeks.

Should you have any questions or concerns during construction, your first point-of-contact should be **Project Inspector Thomas Rooney at 651-775-3040** (please note, city cell phones do not accept text messages). Thomas will be overseeing all of the work on this project and will be in daily communication with the contractor.

Important information:

- ✓ The typical work day is Monday through Friday from 7:00 a.m. to 6:00 p.m.
- ✓ Children are usually attracted by activity and heavy equipment. For safety reasons, **we ask your help in keeping children away from the construction area.**
- ✓ Project updates will be available online at <http://www.stpaul.gov/construction>.

Thank you,

Jesse Farrell, Project Engineer  
City of Saint Paul Department of Public Works  
Street Design and Construction
