

What to do?

Ahead of the snow falling:

- Pay attention to weather forecasts.
- Familiarize yourself with snow emergency information and parking rules.
- Find a location to move your vehicle.
- Check the city's website for current information.

While the snow is falling:

- Check the city's website and/or phone numbers for a snow emergency declaration.
- Move your vehicle according to snow emergency parking rules.
- Visit, phone, or email your neighbors to remind them of parking rules.

After the snow falls:

- Remove snow and ice from your sidewalk within 24 hours of snowfall.
- Remove snow near fire hydrants.
- Check on elderly or disabled neighbors.
- Be sure trash and recycling containers are visible; not buried under snow.

Snow Emergency Information:

- The city's snow plow information is available in different languages on the website:
www.stpaul.gov/snowlanguages
- Para obtener información en español sobre la emergencia por nieve, visit www.stpaul.gov/snowlanguages

What does it mean when a Snow Emergency is declared?

It means that all residential streets will be plowed and all vehicles should be off the snow emergency routes. The snow emergency begins at 9:00 p.m. when ticketing begins. Tow trucks remove vehicles that have not been moved, allowing Public Works crews to plow the streets. City crews need to plow the full width of the street.

The city will issue tickets and tow vehicles not moved in time for the plows to begin removing snow.

To avoid a ticket and tow, please remove your vehicle from the street until it has been completely plowed to its full width.

All Streets are either a Night Plow Route or a Day Plow Route

Night Plowing

When: Starts at 9:00 p.m. the night a snow emergency is declared and continues into the morning until the street is plowed full width.

Where: The streets marked with signs that say NIGHT PLOW ROUTES plus one side of north/south residential streets with signs that say NIGHT PLOW ROUTE THIS SIDE OF STREET.

Day Plowing

**Day Plow Routes
DO NOT have signs**

When: Begins after the night routes are plowed full width, typically around 8 a.m. the following day.

Where: East-west residential streets plus one side of the north-south residential streets – the side without the night plowing signs.

Note: There are some exceptions to these rules and those exceptions are well marked with signs.

**Parking is banned until snow is plowed to its full width
on these routes. For more info visit
www.stpaul.gov/snow**

When is a Snow Emergency declared?

A snow emergency is usually declared after snowfalls of 3 inches or more or an accumulation of 3 inches over several days.

Public Works typically announces the snow emergency no later than 3:00 p.m. allowing notification to media partners.

Towed?

If you are towed during a snow emergency, your vehicle will be at one of two impound lots:

1. 830 Barge Channel Road.
Contact info: 651-266-5642
2. 1129 Cathlin Street.
Contact info: 651-603-6895

Can't get through? Find information on your towed vehicle at www.stpaul.gov/impound
To report a vehicle that needs to be moved call 651-266-9800.

Make sure you don't get towed this winter by downloading the Winter Snow Parking app:

stpaul.gov/snowapp

The FREE Saint Paul Winter Snow Parking app provides:

- notifications when snow emergencies are declared
- when and where you need to move your vehicle
- a map showing where you can and cannot park during all phases of the snow emergency
- basic snow emergency parking information
- links to snow emergency information in 8 languages
