

Saint Anthony Avenue Traffic Calming

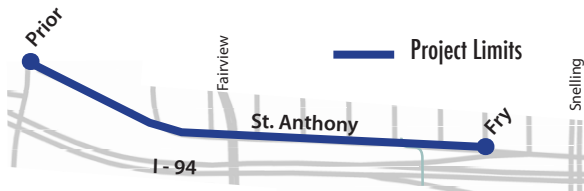

OPEN HOUSE

(Presentation at 7:15 PM)

November 28, 2016 | 7:00 - 8:30 PM
Episcopal Homes, 1860 University Ave

City of Saint Paul staff has been developing concepts to help calm traffic, improve safety, and enhance the bicycle network along Saint Anthony Avenue between Prior Avenue and Fry Street. This planning effort is in response to neighborhood concerns about speeding and safety along Saint Anthony.

www.stpaul.gov/saint-anthony-traffic-calming

The city has developed four alternative layouts for the roadway. On-street parking removal is included to varying degrees in all the alternatives. There will be an Open House to view the four layouts, provide feedback to the City, and ask any questions.

You can view the four alternative layouts online and see other project resources at:
