## Why license your dog?

- **It's a Free Ride Home:** When a dog is found wearing its license, St. Paul Animal Control Officer attempts to reunite the dog with its owner for free before bringing the dog to the animal shelter.
- **Your Pet is More Likely to Get Back Home:** Dogs wearing licenses are much more likely to get reunited than pets without identification, and more quickly than pets with only microchips!
- **Prompt Veterinary Attention:** If your pet is found injured, or is lost and needs medication, a dog license makes it more likely that the dog will get proper care right away.
- **It's the Law:** Saint Paul requires dogs to be vaccinated against rabies and licensed once the dog is over three (3) months old to support healthy and safe communities.
- **It Helps other Animals.** Dog Licenses help pay for:
  - Sheltering and feeding lost animals while they are at animal control.
  - Educating the public about responsible pet ownership.
  - Reuniting animals and owners, or finding new homes for animals.
