

Welcome to Saint Paul's Pedestrian Skyway

Welcome to Saint Paul - Minnesota's capital city on the bluffs of the iconic Mississippi River. Downtown Saint Paul boasts a fully enclosed and temperature-controlled skyway system covering 47 city blocks and spanning five miles, making it one of the largest in the world. The system connects pedestrians to many of Saint Paul's best attractions, award-winning restaurants and entertainment venues. Use the skyway system to explore downtown and look for access points to and from the street level.

We're glad you're here in Saint Paul!
